2009–10 Annual Report

TEAM - LOYALTY - INTEGRITY - RESPECT - ACCOUNTABILITY - PERSEVERANCE
The USSA's 2009–10 Annual Report is special because there is much to celebrate. Congratulations to the 17 USSA athletes who brought home 21 medals in Vancouver and to the six Paralympic athletes who earned 12. Each and every USSA member, donor and partner can take great pride in being a part of this Best in the World achievement!

It was a year filled with determination and excellence. Billy Demong, Hannah Kearney, Lindsey Vonn, Bode Miller, Shaun White and Seth Wescott all walked away with Olympic gold.

The dreams of our athletes really did come true. But they would never have been possible were it not for the unfaltering support which accompanied our athletes from local clubs to Olympic podiums. It was a season for the record books. But this book is far from being closed. Now all eyes are on us to sustain this level of excellence as an organization and provide those same opportunities for the next generation of athletes.

With the future in mind, a hallmark of 2009–10 was a new approach to our strategic planning process. Under the leadership of U.S. Ski and Snowboard Team Foundation’s Board member Andy Daly, our Strategic Planning Committee provided us with a roadmap for a sustainable business model for the future. The committee has challenged us to both grow our business and to evaluate each of our sports with a variable sport management model to best serve athletes with our available resources.

Our organization is fortunate to have strong leadership from both USSA Chairman Dexter Paine and U.S. Ski and Snowboard Team Foundation John Cumming. Both Dexter and John devote enormous energy for the benefit of our athletes, for which we owe them a debt of thanks.

As we press forward into the World Championship season, I want each and every USSA member to think about the important responsibility they have in our Best in the World vision. USSA athletes at every level, officials, clubs, volunteers and parents - all play a vital role in helping the USSA strive towards athletic success. Without them, our dream of being best in the world would have remained just that – a dream.

Sincerely,

Bill Marolt
President and CEO
U.S. Ski and Snowboard Association
The U.S. Ski and Snowboard Association is a world class athletic organization providing once in a lifetime opportunities for athletes in the most exhilarating Olympic action sports. It is driven by a goal to achieve best in the world status while building inner strength and character to best support our athletes today and in the future.

The USSA offers world class programs in six unique sports including alpine skiing, cross country, freestyle, nordic combined, ski jumping and snowboarding. The USSA also handles two Paralympic sports in adaptive alpine and cross country.

Our year old training and education facility, the Center of Excellence, provides world class support for elite athletes and feeds a national information network cultivating educational content to athletes, coaches, officials and parents in the USSA’s network of grassroots clubs.

### USSA Athletic Programs

The USSA reaches tens of thousands of people on an annual basis. With 30,000 members that include over 22,000 athletes and a network of over 50,000 fans and donors, the ongoing support is unfaltering. With membership that has continued to increase, and an unwavering youth presence, the USSA has an extremely vibrant future.

With over 400 USSA clubs in all corners of the country, these facilities provide opportunities for athletes to participate in all levels of competition from grassroots to podium. These clubs and the USSA work simultaneously to provide leadership and guidance to support all aspects of competition venue development.

### Center of Excellence

The USSA has spent a year in the state-of-the-art structure designed to educate and to serve athletes with world class facilities and to strengthen the development of tomorrow’s Olympic skiers and snowboarders. In the 85,000-square foot Center of Excellence, athletes have access to and have taken full advantage of the sports science lab, sports medicine center, strength and cardio training areas, gymnasium, ski and snowboarding ramps, trampolines, nutrition center, rehab facilities and best in the world trainers.

The USSA’s sport education continues to grow in its endeavors through the addition of the Center of Excellence TV. This adds a new versatility never before possible providing valuable resources for over 4,000 member coaches, athletes and parents. The USSA’s series of 18 educational CD’s and DVD’s are considered among the best offered by Olympic sports.

The Center of Excellence stands as a tribute to the passion and commitment of the American donors. The facility was built solely by private donations.

The Center of Excellence serves as a hub for everything ski and snowboarding, connecting athletes with the fans, staff and community. With its numerous conference rooms overlooking the state-of-the-art training facilities, the athletes and stakeholders at every level could not be better connected.
“Throughout my 12 years on the ski team, the USSA has provided me with the support, science and funding I have needed to be able to compete at the elite level. The organization has grown over the years and has taken care of myself and my career. The USSA has made it possible for me to reach the level of success that I have achieved in my career.”

Gold Medalist, Billy Demong

U.S. Ski and Snowboard Team Foundation

"The USSA has been great in supporting me with a great strength coach, as well as on hill coaches and support staff. I’m really grateful for that as well as the emotional and financial support to help me continue to pursue my dreams”.

Moguls skier and Olympic athlete, Heather McPhie
Legacy Campaign Donors

The Legacy Campaign is the endowment for the USSA’s future. Currently at $54 million, the Legacy Campaign will provide for the U.S. Teams in perpetuity.

Team Vancouver Members

Team Vancouver members ensure consistent programming by committing to a four year donation to the U.S. Ski and Snowboard Team Foundation. Team Vancouver is our highest contribution to the annual fund and we greatly appreciate these valued benefactors.

Financial information is the presentation of management and includes the combined operations of the USSA, U.S. Ski and Snowboard Team Foundation, U.S. Skiing Foundation, U.S. Ski Team, Inc., and USSA Enterprises, Inc. It does not include USSA investment fund (USSAIF) and Center of Excellence properties fund (COEPF) which are separate 501(c)3 organizations. USSAIF holds and manages the main endowment fund and makes annual grants to USSA. COEPF owns the Center of Excellence and the related debt.

Endowment contributions reflect actual contributions made during the year and do not include pledged amounts.
The board of the USSAIF can make an annual grant from the endowment to support the athletic programs of the USSA.
Where we received our 2009–10 Revenue

- Sponsorship: 37%
- Fundraising: 25%
- Membership Programs: 14%
- USOC: 14%
- Other: 6%
- Grant from Endowment: 4%
- Other: 6%

Where we spent our 2009–10 Revenue

- Elite Athlete Programs: 41%
- Athletic Events: 14%
- S, G & A: 13%
- Sponsor/Donor Fulfillment: 21%
- Domestic Athlete Programs: 11%
Through the generosity of Shelby Davis, Erik Borgen, Jim Swartz, Spencer Eccles and other generous benefactors the USSA is able to provide financial assistance and educational programs to athletes who wish to pursue their higher education goals. There are several current and/or retired U.S. Ski Team or U.S. Snowboarding athletes working toward a college degree at a variety of universities across the country, including Dartmouth College, University of Nevada Reno, Westminster College, University of Utah and University of New Hampshire. Approximately $200,000 of scholarship funds were distributed in the past two years to allow athletes to participate in the programs noted below.

**Rookie Camp** – The USSA's rookies are introduced to the culture and structure of the USSA. Workshops are provided that cover topics in community service, NCAA eligibility, money skills, agent representation, USADA, sponsor support, image communications and educational opportunities.

19 athletes attended this year’s “Greenhorns to Glory” rookie camp at the Center of Excellence.

**Tuition Reimbursement Program** – This program provides tuition assistance for U.S. Ski Team and U.S. Snowboarding elite athletes who meet the eligibility criteria.

16 athletes received assistance this year.

**Laptops for Learning** – Macbook Pro laptops are made available to U.S. Ski Team and U.S. Snowboarding athletes to enable them to pursue online/distance-learning courses while traveling as a member of the Team.

We have 2 athletes using this program now.

**Hoyt-Dartmouth Language Program** - The Hoyt/Dartmouth Language Program is an intensive ten-day language course offered by The Rassias Foundation ALPS XVIV at Dartmouth College in Hanover, NH and made possible by donations from Judy Hoyt.

Mrs. Hoyt's generous contributions allow for the USSA to send interested US Ski Team and US Snowboarding athletes, coaches, and staff to the Hoyt Dartmouth Language Program each year.

**Rosetta Stone** – Rosetta Stone software is the number one language-learning software in the world. The USSA's agreement allows all U.S. Ski Team and U.S. Snowboarding athletes, coaches, and the USSA staff the opportunity to access 10+ languages via the Internet at no cost.

119 participants completed over 200 hours of assignments last year.

Program is available to all current athletes and staff.

**University of Utah Resident Tuition Program** – The University of Utah has extended in-state tuition to U.S. Ski Team and U.S. Snowboarding athletes who move to Utah primarily for athletic purposes. This allows athletes the in-state tuition rate beginning in the first semester of study.

**Westminster College Tuition Grant Program** - Qualifying U.S. Ski Team and U.S. Snowboarding athletes will receive full tuition grant scholarships to attend Westminster College.

We currently have 58 athletes approved to receive grants at Westminster; 25 took classes in 2009–10.

**USOC Opportunities** – Tuition grants and career programs are available through the USOC.

USSA hosted two USOC/Adecco seminars at the Center of Excellence to assist athletes with creating their career game plans.

Congratulations to our 2010 Olympic medalists!

The vision of the USSA is to make the United States of America the best in the world in Olympic skiing and snowboarding.

The mission of the USSA is to provide strong leadership that establishes and supports athletic excellence in accordance with USSA core values.
