Oberhofen, 17th June 2010

**FIS Council Meetings in conjunction with the 47th International Ski Congress,
31st May to 5th June 2010 in Antalya (TUR)**

Dear Mr. President,
Dear Skifriends,

In accordance with art. 32.2 of the FIS Statutes we take pleasure in sending you today

A SHORT SUMMARY

of the most important decisions of the

FIS Council Meetings in Antalya (TUR)

The main areas of the Meetings of the Council in Antalya were the review of the Congress Book of the 47th International Ski Congress, discussion of the proposals of the National Ski Associations and Technical Committees, as well as the nomination of the various FIS Committees for the period 2010 - 2012.

The following “short summary of decisions” is limited to Council decisions not directly related to the Congress Agenda.

1. Members present

- a) The following Council Members were present at the Meetings in Antalya 31st May to 5th June 2010:

President Gian-Franco Kasper, Vice-Presidents Yoshiro Ito, Bill Marolt and Carl Eric Stålberg

Members: Jaakko Holkeri, Milan Jirasek, Janez Kocijancic, Sung-Won Lee, Giovanni Morzenti, Eduardo Roldan, Pablo Rosenkjer, Sverre Seeberg, Patrick Smith, Werner Wörndle, as well as Alfons

Hörman as observer (replacing the deceased Fritz Wagnerberger) and the Secretary General Sarah Lewis.

Excused: Vice President Leonid Tyagachev for the Meetings on 31st May, 1st and 2nd June and Alain Methiaz

- b) At the first Meeting of the newly-elected Council for the period 2010 – 2012 on 5th June 2010, the following Members were present:

President Gian-Franco Kasper
 Members: Mats Årjes, Dean Gosper, Alfons Hörmann, Yoshiro Ito, Janez Kocijancic, Roman Kumpost, Sung-Won Lee, Bill Marolt, Giovanni Morzenti, Vedran Pavlek, Peter Schröcksnadel, Sverre Seeberg, Patrick Smith, Michel Vion and the Secretary General Sarah Lewis.

Excused: Eduardo Roldan (SPA), Matti Sundberg (FIN)

Following the decision of the 43rd International Ski Congress in 2002 that "the Congress shall elect 16 Council Members and the Council shall elect 4 Vice-Presidents at its first meeting after the closing of the respective Congress", the Council elected the following 4 Vice-Presidents of the International Ski Federation according to the agreed geographical representation:

Yoshiro Ito (JPN), Janez Kocijancic (SLO), Bill Marolt (USA), Sverre Seeberg (NOR)

2. Minutes from the Council Meeting in Zurich 2009

The minutes from the Council meeting in Zurich (SUI) on 14th November 2009 were unanimously approved.

3. The FIS World Championships

3.1 Report on the 2010 FIS Skiflying World Championships

The Council expressed its sincere thanks to the Organising Committee and the Slovenian Ski Association for the organisation of the above event, which took place 19th to 21st March 2010 in Planica.

3.2 Reports future FIS World Championships

The Council Members from the respective nations reported on the following upcoming events, whilst the main presentations were delivered to the International Ski Congress:

- FIS Alpine World Ski Championships 2011, Garmisch-Partenkirchen (GER), 8th to 20th February: President of the German Ski Association Alfons Hörmann
- FIS Nordic World Ski Championships 2011, Oslo (NOR), 23rd February to 6th March: Council Member Sverre Seeberg
- FIS Freestyle World Championships 2011, Deer Valley (USA), 30th January to 6th February: FIS Vice-President Bill Marolt
- FIS Snowboard World Championships 2011, La Molina (SPA), 14th to 25th January: Council Member Eduardo Roldan
- FIS Skiflying World Championships 2012, Vikersund (NOR), 17th to 19th February: Council Member Sverre Seeberg
- FIS Alpine World Ski Championships 2013, Schladming (AUT), 4th to 17th February: Council Member Werner Wörndle
- FIS Nordic World Ski Championships 2013, Val di Fiemme (ITA), 19/20th February to 3rd March: Council Member Giovanni Morzenti
- FIS Freestyle World Championships 2013, Voss (NOR), 3rd to 10th March: Council Member Sverre Seeberg
- FIS Snowboard World Championships 2013, Stoneham (CAN), 18th to 27th January: Council Member Patrick Smith

The Council acknowledged the progress reports from the respective Council Members and Organising Committees and that all the various preparations appear to be going according to schedule.

Additionally, the Council confirmed the following starting times of the FIS World Ski Championships in the Alpine and Nordic Events in Garmisch-Partenkirchen and Oslo respectively have been established between the Organising Committee, FIS, the host broadcaster and the EBU with the television rights holders and the marketing partners:

**Programme FIS Alpine World Ski Championships

- Nordic Combined HS 106 + 10 km, Saturday, 26th February 2011 (from Sunday, 27th February)
- Ski Jumping Men HS 106 Team, Sunday, 27th February 2011 (from Monday, 28th February)

3.4 Election of Organisers of FIS World Championships 2014 and 2015

On Thursday, 3rd June 2010, in accordance with the FIS Statutes, the Council elected the organisers of the following FIS World Championships:

- 2014 FIS Skiflying World Championships: Harrachov (CZE)
- 2015 FIS Nordic World Ski Championships: Falun (SWE)
- 2015 FIS Alpine World Ski Championships: Beaver Creek/Vail (USA)
- 2015 FIS Freestyle and Snowboard World Championships: Kreischberg/Murau (AUT)

The results of the voting were as follows:

2015 FIS Freestyle & Snowboard World Championships:
Kreischberg (AUT) - unanimous

2014 FIS Ski Flying World Championships:
Harrachov (CZE) - unanimous

2015 FIS Nordic World Ski Championships:
1st ballot: Falun (SWE) 6, Lahti (FIN) 5, Zakopane (POL) 3, Oberstdorf (GER) 1
2nd ballot: Falun (SWE) 7, Lahti (FIN) 5, Zakopane (POL) 3
Final ballot: Falun (SWE) 8, Lahti (FIN) 7

2015 FIS Alpine World Ski Championships:
1st and only ballot: Beaver Creek/Vail (USA) 8, Cortina d'Ampezzo (ITA) 4, St. Moritz (SUI) 3

Furthermore, the Council acknowledged the decision of the Telemark Committee to appoint GranPallars Espot (SPA) as the Organisers of FIS Telemark World Championships 2013

4. The FIS Junior World Championships

4.1 Reports 2010 Championships

- FIS Alpine Junior World Ski Championships in the Mont-Blanc Region, 30th January to 6th February 2010
- FIS Nordic Junior World Ski Championships in Hinterzarten (GER), 24th to 31st January 2010: President of the German Ski Association Alfons Hoermann

The Council acknowledged the reports on each of the Championships and thanked the Organising Committees and their National Ski Associations for excellent events.

4.2 Future Championships

- FIS Freestyle and Snowboard Junior World Championships in Wanaka (NZE), 19th to 31st August 2010: Secretary General Sarah Lewis
- FIS Alpine Junior World Ski Championships 2011 in Crans-Montana (SUI), 30th January to 6th February: President Gian Franco Kasper
- FIS Nordic Junior World Ski Championships 2011 in Otepää (EST), 25th to 31st January: Council Member Jaakko Holkeri (newly elected Council Member Matti Sundberg)
- FIS Alpine Junior World Ski Championships 2012 in Roccaraso (ITA): Council Member Giovanni Morzenti
- FIS Nordic Junior World Ski Championships 2012 in Erzurum (TUR): Secretary General Sarah Lewis
- FIS Nordic Junior World Ski Championships 2013 in Liberec (CZE): Council Member Milan Jirasek (newly elected Council Member Roman Kumpost)

The Council acknowledged progress reports on behalf of the various Organising Committees and confirmed that it will be represented at the respective Championships by the Council Member from the host nation where possible.

4.3 Candidates for future FIS Junior World Championships

Furthermore, the Council appointed the following new Organisers of FIS Junior World Championships:

- Laajavuori Skicenter, Jyväskylä (FIN) as the Organiser of FIS Junior Freestyle Skiing World Championships 2011 in Moguls and Dual Moguls, 19th to 20th March
- Valmalenco (ITA) as the Organiser of FIS Junior Snowboard World Championships 2011, 28th March to 3rd April

In the case of the candidacies for the Alpine Events 2013 in Jasna (SVK) and Le Massif (CAN), these are tabled subject to further technical reports. The application from La Molina (SPA) to host the Alpine Events in 2014 will be considered by the Council at its Meeting in the autumn.

Furthermore, on proposal of the Telemark Committee, the Council acknowledged that the Telemark Junior World Championships shall be carried out every year as is the case with other FIS disciplines.

5. **The International Olympic Committee**

FIS President Gian Franco Kasper reported in detail on the activities of the International Olympic Committee to the International Ski Congress and therefore no report was given during the Council Meetings.

5.1 Olympic Winter Games Vancouver 2010

The final report following the Vancouver Organising Committee, VANOC was presented by Tim Gayda, Vice President for Sport at the Congress.

5.2 Youth Olympic Winter Games 2012 in Innsbruck

The Council acknowledged that the IOC Executive Board has confirmed the Qualification Systems for the Youth Olympic Games 2012 in Innsbruck according to the principles communicated (Qualification Principles under Item 5.2 on pages 9 - 10 of the Short Summary of the Council Meeting, November 2009):

QUALIFICATION SYSTEM - 1ST WINTER YOUTH OLYMPIC GAMES IN 2012

CROSS-COUNTRY SKIING

A. Events and Quotas

Men's Events (2)	Women's Events (2)	Mixed Events (1)
Sprint 10 km	Sprint 5 km	Cross-Country/Biathlon - Team Relay

Athletes Quota

	Total	Maximum NOC Quota	Total
Men	50	Men	2
Women	40	Women	2
TOTAL	90	TOTAL	4

Athlete Eligibility

To be eligible for the 2012 Youth Olympic Games, athletes must have been born between 1 January 1994 and 31 December 1995.

Athletes must also obtain the required FIS points, as stated in section B below.

B. Qualification System

Performances & Continental Representation

- B.1 The top seven (7) nations in the overall standings of the Marc Hodler Trophy standings for Cross-Country Skiing at the FIS Junior Nordic World Ski Championships 2011 and the host nation are entitled to a quota of two (2) men and two (2) women, totally eight (8) nations.
- B.2 The following nations scoring points in the men's and/or women's standings in the Marc Hodler Trophy standings for Cross-Country Skiing are entitled to one (1) starting place of the respective gender, until the maximum quota of 50 men and 40 women is filled.
- B.3 Any remaining places will be distributed with a maximum of one (1) male or female athlete per nation, amongst the nations not yet qualified according to B.1 and B.2 and applying for a quota place. The quota allocation for these places will be determined by the FIS in consideration of international representation throughout all FIS disciplines on the programme of the Youth Olympic Games.
- B.4 The selection of athletes is at the discretion of each NOC, subject to the athlete being registered and having FIS points.
- B.5 Athletes are selected by their NOC to participate in both events, there may be no exchange of team member(s).

- B.6 Each team participating in the Cross-Country Biathlon team relay will be composed of one (1) male and (1) female cross-country skier and one (1) male and (1) female biathlete.

Host Country Representation

The host nation is entitled to a quota of two (2) men and two (2) women. The selection of athletes is at the discretion of the host NOC and subject to the above performance criteria. If the host nation is ranked in the top seven nations, then the eighth (8th) nation in the Marc Hodler Trophy standings is qualified.

C. Reallocation of unused quota places

Reallocation Procedure

Any allocated quota places that are not confirmed by the respective NOC will be reallocated with a maximum of one (1) male or female athlete per nation, amongst the nations applying for a quota place. The quota allocation for these places will be determined by FIS, in consultation with the IOC, in consideration of international representation throughout all FIS disciplines on the programme of the Youth Olympic Games.

D. Qualification timeline

Date	Milestone
1 October 2010 to 11 December 2011	YOG 2012 IF qualification period and period to obtain FIS points
25 to 31 January 2011	FIS Nordic Junior World Championships, Otepää (EST)
13 May 2011	Allocation of quota places
10 June 2011	Confirmation of quota places
by 24 June 2011	Submission by NOCs, of nations not allocated a quota place, of a list of preferred disciplines and events to be considered for a reallocated quota place
16 September 2011	Allocation of remaining places
14 October 2011	Confirmation of remaining quota places
12 to 15 December 2011	Final reallocation period for unused quota Places
16 December 2011	Entries deadline (by name) for all sports

SKI JUMPING

A. Events and Quotas

Men's Events (1) Individual competition	Women's Events (1) Individual competition	Mixed Events (1) Team competition
---	---	---

Athletes Quota

	Total	Maximum NOC Quota	Total
Men	25	Men	1
Women	20	Women	1
TOTAL	45	TOTAL	2

Athlete Eligibility

To be eligible for the 2012 Youth Olympic Games, athletes must have been born between 1 January 1995 and 31 December 1996.

Athletes must also have participated in the required FIS competitions, as stated in section B below.

B. Qualification System

Performance & Continental Representation

- B.1 The top ranked nations scoring points in the men's and/or women's standings in the Marc Hodler Trophy standings for Ski Jumping at the FIS Junior Nordic World Ski Championships 2011 are entitled to one (1) starting place of the respective gender, as is the host nation for both men and women.
- B.2 Any remaining places up to a maximum of 25 men and 20 women will be distributed with a maximum of one (1) athlete per nation to the next ranked nations in the Ski Jumping individual event at the FIS Junior Nordic World Ski Championships 2011.
- B.3 In the event that there are remaining places thereafter, the allocation for these places will be determined by FIS in consideration of international representation throughout all Skiing disciplines on the programme of the Youth Olympic Games, to NOCs not yet qualified according to B.1 and B.2 and applying for a quota place.
- B.4 The selection of athletes is at the discretion of each NOC, subject to the athlete being registered and having participated in a FIS-level or Continental Cup competition.
- B.5 Each team for the mixed team competition will be composed of one (1) male ski jumper, one (1) female ski jumper and one (1) Nordic Combined athlete.

Host Country Representation

The host nation is entitled to a quota of one (1) male and one (1) female athlete. In the event that the host nation did not classify through the rankings at the FIS Nordic World Ski Championships 2011, it will nevertheless be allocated one (1) quota spot each for men and women.

C. Reallocation of unused quota places

Reallocation Procedure

Any distributed quota places that are not confirmed by the respective NOC will be reallocated with a maximum of one (1) male or female athlete per nation, amongst the nations applying for a quota place. The quota allocation for these places will be determined by FIS, in consultation with the IOC, in consideration of international representation throughout all FIS disciplines on the programme of the Youth Olympic Games.

Women half pipe	12	Women half pipe	1
Women ski cross	16	Women ski cross	1
TOTAL	24 ski halfpipe		2 ski halfpipe
	32 ski cross		2 ski cross

Athlete Eligibility

To be eligible for the 2012 Youth Olympic Games, athletes must have been born between 1 January 1995 and 31 December 1996.

Athletes must also obtain the required FIS points, as stated in section B below.

B. Qualification System

Performance & Continental Representation

Under the condition that FIS Junior Freestyle World Ski Championships 2011 are confirmed by the FIS Council at its Meeting in spring 2010 (June 5th), B.1a and B.2a apply. Otherwise, B.1b and B.2b apply:

B.1a The top twelve (12) nations in the men's and women's ski cross at the FIS Junior Freestyle World Ski Championships 2011 are entitled to a quota of one (1) athlete in the respective event.

or

B.1b The top twelve (12) nations in the men's and women's ski cross FIS points list are entitled to a quota of one (1) athlete in the respective event.

B.2a The top eight (8) nations in the men's and women's ski half pipe at the FIS Junior Freestyle World Ski Championships 2011, are entitled to a quota of one (1) athlete in the respective event.

or

B.2b The top eight (8) nations in the men's and women's ski half pipe FIS points list are entitled to a quota of one (1) athlete in the respective event.

B.3 The four (4) remaining places each for men and women per event will be distributed with a maximum of one (1) male or female athlete per nation, amongst the nations not yet qualified according to B.1 or B.2 and applying for a quota place. The quota allocation for these places will be determined by FIS in consideration of international representation throughout all FIS disciplines on the programme of the Youth Olympic Games.

- B.4 The selection of athletes is at the discretion of each NOC, subject to the athlete having FIS points in the respective event, ski half pipe or ski cross.
- B.5 Additional Participation - since the quota for Freestyle Skiing is restricted to 1 athlete per gender per event, the following additional participation is allowed:
- B.5.1 Ski Cross - Up to one additional athlete per nation entered by the NOC in Alpine Skiing or Freestyle halfpipe may also participate in ski cross subject to B.4, the athlete having FIS points in ski cross.
- B.5.2 Ski halfpipe - Up to one additional athlete per nation entered by the NOC in Freestyle ski cross or Snowboard halfpipe or slopestyle may also participate in ski cross subject to B.4, the athlete having FIS points in ski halfpipe.

Host Country Representation

The host nation is entitled to a quota of one (1) male and one (1) female athlete in ski cross and half pipe. In the event that the host nation is not qualified in the top twelve (ski cross) or top eight (ski half pipe) nations, then the host nation quota will be taken from the remaining four (4) quota places to be distributed.

C. Reallocation of unused quota places

Reallocation Procedure

Any allocated quota places that are not confirmed by the respective NOC from the top twelve (ski cross) or top eight (ski half pipe) nations, will be reallocated to the next ranked nations, ninth (9th), tenth (10th), etc.

Any distributed quota places that are not confirmed by the respective NOC will be reallocated to NOCs applying for a quota place by FIS, in consultation with the IOC, in consideration of international representation throughout all FIS disciplines on the programme of the Youth Olympic Games.

D. Qualification timeline

Date	Milestone
5 June 2010	Confirmation by FIS of qualification path
1 October 2010 to 11 December 2011	YOG 2012 IF qualification period and period to obtain FIS points
13 May 2011 10 June 2011	Allocation of quota places Confirmation of quota places
by 24 June 2011	Submission by NOCs, of nations not allocated a quota place, of a list of preferred disciplines and events to be considered for a reallocated quota place

16 September 2011	Allocation of remaining places
14 October 2011	Confirmation of remaining quota places
12 to 15 December 2011	Final reallocation period for unused quota Places
16 December 2011	Entries deadline (by name) for all sports

Snowboard

A. Events and Quotas

Men's Events (2)	Women's Events (2)
Halfpipe	Halfpipe
Slopestyle	Slopestyle

Athletes Quota

	Total	Maximum NOC Quota	Total
Men half pipe	18	Men half pipe	1
Men slopestyle	18	Men slopestyle	1
Women half pipe	14	Women half pipe	1
Women slopestyle	14	Women slopestyle	1
TOTAL	32 halfpipe 32 slopestyle		2 halfpipe 2 slopestyle

Athlete Eligibility

To be eligible for the 2012 Youth Olympic Games, athletes must have been born between 1 January 1995 and 31 December 1996. Athletes must also obtain the required FIS points, as stated in section B below.

B. Qualification System

Performance & Continental Representation

Under the condition that FIS Junior Snowboard World Championships 2011 are confirmed by the FIS Council at its Meeting in spring 2010 (June 5th), B.1a and B.2a apply. Otherwise, B.1b and B.2b apply:

B.1a The top twelve (12) nations in the men's half pipe and slopestyle at the FIS Junior Snowboard World Championships 2011 are entitled to a quota of one (1) man in the respective event.

or

B.1b The top twelve (12) nations in the men's half pipe and slopestyle FIS points list are entitled to a quota of one (1) male athlete in the respective event.

B.2a The top ten (10) nations in the women's half pipe and slopestyle at the FIS Junior Snowboard World Championships 2011 are entitled to a quota of one (1) woman in the respective event.

or

B.2b The top ten (10) nations in the women's half pipe and slopestyle FIS points list are entitled to a quota of one (1) female athlete in the respective event.

B.3 The six (6) male and four (4) female remaining places per event will be distributed with a maximum of one (1) male or female athlete per nation, amongst the nations not yet qualified according to B.1 or B.2 applying for a quota. The quota allocation for these places will be determined by FIS in consideration of international representation throughout all FIS disciplines on the programme of the Youth Olympic Games.

B.4 The selection of athletes is at the discretion of each NOC, subject to the athlete having FIS points in half pipe or slopestyle.

B.5 Additional Participation - since the quota for Snowboard is restricted to 1 athlete per gender per event, the following additional participation is allowed:

B.5.1 Slopestyle - Up to one additional athlete per nation entered by the NOC in Snowboard halfpipe may also participate in slopestyle subject to B.4, the athlete having FIS points in slopestyle.

B.5.2 Snowboard Halfpipe - Up to one additional athlete per nation entered by the NOC in Snowboard slopestyle or Freestyle halfpipe may also participate in Snowboard halfpipe subject to B.4, the athlete having FIS points in Snowboard halfpipe.

Host Country Representation

The host nation is entitled to a quota of one (1) male and one (1) female athlete. In the event that the host nation is not qualified in the top twelve (men) or top ten (women) nations, then the host nation quota will be taken from the remaining six (6) male and four (4) female quota places.

C. Reallocation of unused quota places

Reallocation Procedure

Any allocated quota places that are not confirmed by the respective NOC from the top twelve (men) or top ten (women) nations, will be reallocated to the next ranked nations, thirteenth (13th), fourteenth (14th) - eleventh (11th), twelfth (12th), etc. Any distributed quota places that are not confirmed by the respective NOC will be reallocated to NOCs applying for a quota place by FIS, in consultation with the IOC, in consideration of international representation throughout all FIS disciplines on the programme of the Youth Olympic Games.

D. Qualification timeline

Date	Milestone
5 June 2010	Confirmation by FIS of qualification path
1 October 2010 to 11 December 2011	YOG 2012 IF qualification period and period to obtain FIS points
13 May 2011	Allocation of quota places
10 June 2011	Confirmation of quota places
by 24 June 2011	Submission by NOCs, of nations not allocated a quota place, of a list of preferred disciplines and events to be considered for a reallocated quota place
16 September 2011	Allocation of remaining places
14 October 2011	Confirmation of remaining quota places
12 to 15 December 2011	Final reallocation period for unused quota places

The IOC Qualification Criteria can be downloaded from the FIS website www.fis-ski.com / Events/FIS at the Olympics/Rules/Youth Olympic Winter Games/FIS Qualification Criteria 2012

5.3 Olympic Winter Games Sochi 2014

The reports from the Vancouver 2010 and Sochi 2014 Organising Committees were presented at the International Ski Congress.

However the Council expressed its concern, about the lack of progress with the development of technical officials and underlined the importance of carrying out a European Cup competition in Sochi in the upcoming winter season prior to the planned FIS Alpine World Cup in 2011/12.

6. **AIOWF**

The General Assembly of the Association of International Olympic Winter Sports Federations (AIOWF) took place on 27th April 2010 in Dubai (UAE) in connection with SportAccord, followed the next day by the annual joint meeting between the Association of International Olympic Winter Sports Federations and the IOC Executive Board. During the joint meeting the IOC

President confirmed the level of funds that will be paid out to the International Federations from the Vancouver 2010 Games.

7. SportAccord (formerly GAISF)

The 44th GAISF General Assembly took place on Friday, 28th April 2010 as part of SportAccord, which included the General Assemblies of AIOWF, ASOIF (Association of Summer Olympic International Federations), ARIFS (Association of Recognised International Federations) and the IOC Executive Board. The conference programme at SportAccord from 25th to 30th April 2010 included sessions on:

- The role of sport as an agent of social change
- Sport in the Middle East
- The changing geography of sport
- Sport's role as a leader in sustainable development
- The autonomy of sport
- The long-term sponsor relationship - making it work through thick and thin

SportAccord 2011 will take place from 3rd to 8th April in London (GBR).

8. Financial Matters

8.1 Report of the Finance Commission

The Vice-Chairman of the FIS Finance Commission Carl-Eric Stålborg reported on the financial matters of the International Ski Federation in relation to the period 1st January 2008 – 31st December 2009. He had kindly agreed to take over this task following the death of Chairman of the Finance Commission Fritz Wagnerberger on 23rd March 2010, shortly after the meeting of the Finance Commission on 11th March 2010.

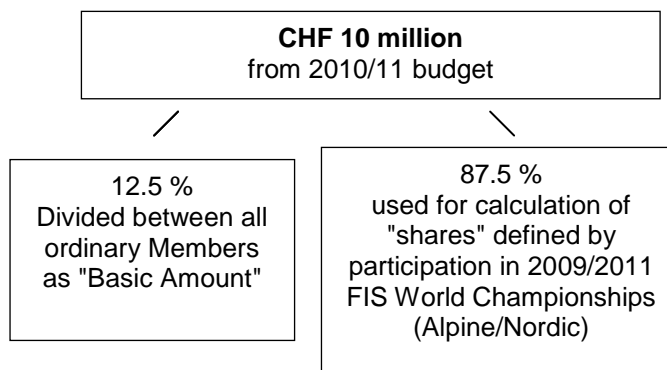

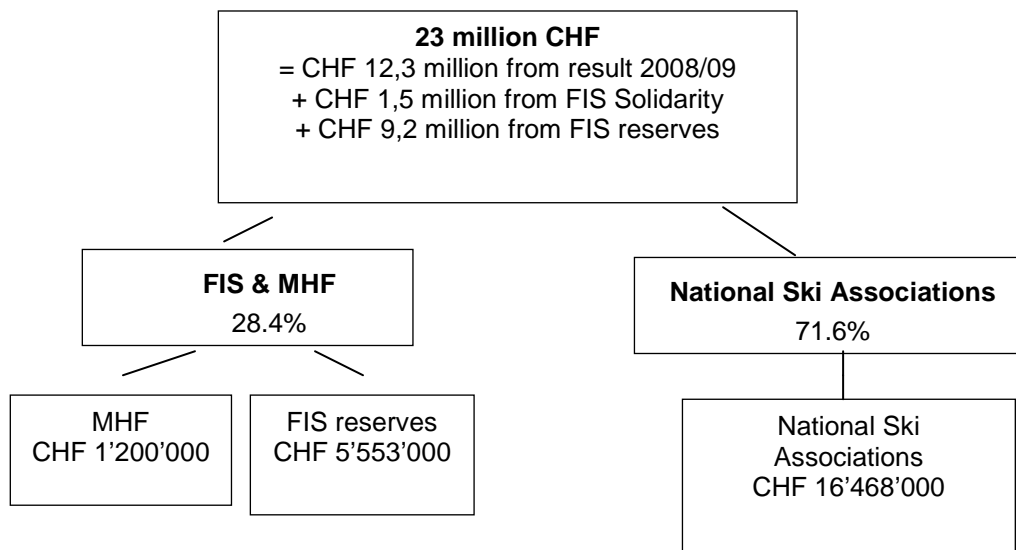

The accounts of the International Ski Federation for the period 2008 – 2009 were audited by the external auditors, PriceWaterhouseCoopers from 23rd to 26th February and by the internal auditors Peter Mennel and Dario Bazzoni (ITA) on 9th April 2010.

On proposal of the Finance Commission, the Council approved the FIS-IKS, Internal Controlling System that has been worked out between FIS and WR Wirtschafts Revision AG, which is a mandatory legal requirement in Switzerland as part of the audit from the 2008 accounts.

Furthermore, the Council approved the accounts and decided to submit the proposal of the Finance Commission to the Congress in regard to support to the FIS member National Ski Associations. The purpose of the proposal to the FIS Congress 2010 is to make an exceptional contribution to the FIS member National Ski Associations that have been badly hit by the financial crisis of the past eighteen months, by adding funds from the FIS reserves. The proposal comprises the surplus from the operating result from the 2008 - 2009 financial period of CHF 12,3 million, with CHF 9,2 million from the FIS reserves and CHF 1,5 million from FIS Solidarity. Together with the budgeted financial support for 2010 - 2011 of CHF 10 million this amounts to CHF 33 million total financial support that will be paid out to the National Ski Associations in the 2010 - 2011 period:

**Proposal of the FIS Council to the 2010 FIS Congress
Special distribution for the promotion of skiing
from result of period 2008 - 2009 and reserves**

**and National Ski Association budget 2010-2011
totalling 33 million CHF**

Explanatory Commentary FIS Financial Support to member National Ski Associations 2010-2011

- From the total volume, 12.5 % is used for the calculation of the "Basic Amount".
- Eligible for the "Basic Amount" are all NSA, who are full Members (>= 1 Vote)
- From the total volume, 87.5 % is used for the calculation of each "Share".
- One "Share" corresponds to a participant at the previous FIS World Ski Championships (Alpine and Nordic).
- For the Financial Support in 2010 the participation at the 2009 FIS World Ski Championships (Alpine and Nordic) will apply.
- For the Financial Support in 2011 the participation at the FIS World Ski Championships 2011 (Alpine and Nordic) will apply.
- A participant is counted when he has started the competition (and is calculated once irrespective of how many events in which he/she participates at the Championships).
- Athletes disqualified for doping offences at, or subsequent to, the Championships are not included in the calculation.

8.2 Financial Support for Seminars

The Council approved a number of seminars and training courses for the Technical Committees' various TD, judges, homologation, trainer seminars and courses.

8.3 FIS Solidarity

On proposal of the FIS Finance Commission, the Council decided to assist projects and requests for assistance from the National Ski Associations of Australia and Chile. Additionally, the Council approved the application for support of the FIS Junior World Ski Championships 2011, Nordic Events in Otepää to assist the upgrade of the level of the Championships with television coverage, as has been previously provided to the Organisers of the Championships in 2010.

The Council decided to table the proposal from the Slovenian Ski Association for support of the establishment of an international post-rehabilitation training centre at the Sprims Sports Institute in Kranjska Gora and Planica. In principle the Council agreed it would be ready to contribute to the start-up costs only.

8.4 Aid and Promotion Programme for Developing Ski Nations

At its Meeting in Antalya, the Council approved the written report on the programme "Aid and Promotion for developing ski nations" for 2009/2010 and the budget for the period 1st May 2010 – 30th April 2011.

The Council acknowledged the extensive opportunities provided to and used by the developing ski nations through the programme and the emergence of many new nations competing successfully in FIS events and achieving qualification for the Olympic Winter Games. Furthermore, the Council agreed that the activities should continue to be targeted at similar performance levels to present, which are designed to encourage activity and not to support competition participation for elite level athletes.

Since the programme is financed by the income generated from the registration fees of candidates for the FIS World Championships it is important to recognise that the amount of funding available for the programme can fluctuate from period to period.

8.5 The Marc Hodler Foundation

The Council as the Patronage Committee of the Marc Hodler Foundation acknowledged the report of Vice-President Carl Eric Stålberg on the

accounts per 31st December 2009 and the budget for 2010 and agreed to submit the accounts to the Congress for information.

8.6 Invalidity Insurance for athletes

At its Meeting in Zurich in November 2009, on proposal of the FIS Athletes Commission, the Council decided to look into various insurance products caused by accidents in competition in the event of injuries suffered by athletes resulting in invalidity or death that may be available to supplement a national policy.

Following requests and/or negotiations with four different insurance companies, the best proposal was submitted by Allianz.

General

An international insurance solution for FIS registered athletes occurring during ski/snowboard official training and competition at FIS Events. Coverage is for death and invalidity (see chart with grade of invalidity).

Insured persons

All FIS registered active athletes are covered by this policy. This is necessary in order to obtain the low cost of the premium.

Insured risk

Accidents during official training and competition at FIS Events are covered.

Level of Insurance payment

Payment in case of death CHF 20'000

Invalidity based on scale maximum for 100% scale CHF 300'000

The insurance payment will be made in addition, even if the athlete has another policy.

Premiums

Premium CHF 6 per person (based on all registered athletes 35'000 in all FIS disciplines 2009/10)

Total cost for 35'000 athletes CHF 210'000

The Council proposed to the Congress that the cost of the insurance coverage is shared between FIS and the member National Ski Associations in order that the member Associations assume ownership. FIS would pay half of the total cost amounting to CHF 105'000 and the member National Ski Associations would pay CHF 3 per athlete additional on the FIS registration fee, which will therefore be CHF 33 per athlete registered by a National Ski Association to participate in all international FIS calendar events.

8.7 FIS Travel Service

The Council acknowledged that the financial situation of the company has improved and there is presently sufficient operational capital. In regard to the organisation of the FIS Congress and other FIS Meetings, the Council confirmed that the financial management will be handled by FIS. The mandate for tasks relating to accommodation and travel shall be issued in principle and subject to offer by FIS to FIS Travel.

8.8. FIS Marketing AG (see 9.3)

9. **Marketing and television**

9.1 Sponsorship agreements

The Council approved the following sponsorship and service agreements:

FIS World Cup Title Sponsors

Presenting sponsor Cross-Country World Cup
"Viessmann" signed up to 2013/2014

Title sponsor Ski Jumping World Cup
"Bauhaus" signed up to 2011/2012
presented by "Viessmann" approved up to 2011/2012

Title sponsor Nordic Combined World Cup
"DKB" signed up to 2011/2012
presented by "Rauch" approved up to 2011/2012

Title sponsor Alpine World Cup
Audi signed up to 2011/2012

Title sponsor Freestyle World Cup
open

Title sponsor Snowboard World Cup
"LG Electronics" agreed for the season 2010/2011

Additional FIS partners

FIS official cars
"Audi" signed up to 2011/2012

FIS clothing partner

"Halti" signed up to 2012/2013

FIS World Cup trophies/medals

"Joska" signed up to 2010

Copy/fax service

"Ricoh" signed until 2010/2011

Starting bibs, etc.

"O. Stalder AG" signed up to 2010/2011

Snowmaking Service

"Sufag" signed up to 2009/2010

Cableways

"Doppelmayr"/"Garaventa" agreed until 2011/2012

Temporary infrastructure

"Nüssli" signed up to 2010

Telecommunications

"Riedel Communications" (Telecom Sportservice), signed up to 2010

Data and timing sponsors and service providers of the FIS World Cups

Timing service FIS Cross-Country World Cup

"Polar" agreed for 2010/2011

Data service FIS Ski Jumping World Cup World Cup

"Ricoh" signed until 2010/2011

Data service FIS Nordic Combined World Cup, FIS Cross-Country World Cup

open

Data service provider FIS Ski Jumping World Cup, FIS Nordic Combined World Cup, FIS Cross-Country World Cup

"ST Sportservice" agreed for the period 2010 to 2014 subject to contract

Data and timing service FIS Alpine World Cup

"Longines" with service by Swiss Timing agreed for 2010 to 2014 subject to contract

Timing and data service FIS Freestyle World Cup

Swiss Timing agreed for 2010 to 2014 subject to contract

Data service FIS Snowboard World Cup

"LG Electronics" agreed for the season 2010/2011 with service by Swiss Timing agreed for 2010 to 2014 subject to contract

Timing service FIS Snowboard World Cup

"Swatch" agreed for 2010 to 2014 subject to contract

* * *

FIS Alpine World Cup Data and timing service

The FIS Congresses in 2006 and 2008 decided that the organisation of timing and data services for the FIS Alpine World Cup and marketing of all advertising rights shall be carried out by FIS with distribution of the revenues to the Organising Committees and their National Ski Associations after deduction of the service costs, on proposal of the Norwegian and German Ski Associations in 2006 and the Croatian Ski Association in 2008.

Consequently following the Congress in Cape Town decision, negotiations with a number of different service providers took place. Finally, an agreement with Swiss Timing to carry out the service to include all the FIS disciplines on the programme of the Olympic Winter Games from 2010 to 2014 has been concluded. In the agreement, as far as the FIS Alpine World Cup is concerned, the Organising Committees will receive the timing and data services free of charge and additionally FIS may market a proportion of the data insert package to either one sponsor for the whole FIS World Cup or separately for the men's and ladies' circuits in accordance with the 2008 FIS Congress decision.

As a result of concluding the agreement in autumn 2009, Swiss Timing agreed to postpone the obligation to include all FIS Alpine World Cup races in the global timing and data service contract from 2009 to 2010 and permitted Austria, Canada and Croatia to continue their existing arrangement with another service provider in the 2009/10 season only.

At its Meeting in Antalya, the Council discussed the proposal to the FIS Congress 2010 from the Austrian Ski Association in regard to the timing and data services for the FIS Alpine World Cup.

The President pointed out that if the Congress decided to support the Austrian proposal for each National Ski Association to manage the data and timing service and its marketing for the FIS Alpine World Cup competitions in their own nation, then the principle of this decision would have to automatically apply to all FIS disciplines. Each National Ski Association

would then have to organise the data and timing services and of course finance these.

9.2 Special Project “Bring Children to the Snow”

The Council approved the latest update report in regard to the activities and campaign. Additionally, the Council selected the top three winners of the FIS SnowKidz Award that were presented during the Congress in Antalya and confirmed the results of the jury that evaluated all applications:

- 1st Norway - Barnas Skiklubb
- 2nd USA - MWSC Healthy Hometowns Programme
- 3rd GER - Snow Child's Play (Schnee kinderleicht - Bewegtes Land)
- Special prize - PAK Naltar Ski School

Activating Snow Desire: International Communication Campaign

- The campaign website www.fis-snowkidz.com has been developed further and the toolkit for the National Ski Association is continuously growing. Since the launch of the website on 5th May 2009 the website has had more than 10'000 individual visitors.
- The campaign promotion video spot was distributed to the National Ski Associations for use during the 2009/2010 season. The campaign spot was shown at several World Cup events and at the FIS Ski Flying World Championships Planica 2010.
- Promotional materials such as a SnowKidz tent, banners, roll-ups and beach flags have been produced and are available for use on request.
- FIS SnowKidz Newsletter was launched in November 2009.
- A campaign informational flyer was prepared and distributed.
- 22 applications from 18 National Ski Associations were received for the first FIS SnowKidz Award; 9 applications are from Aid & Promotion developing ski nations. The first awards will be presented at the 2010 Congress.
- The SnowKidz Awards jury has been defined and is tasked with selecting the Top 8 projects out of the 22 applications, for the FIS Council to then select the Top 3. The jury includes three members:
 - Satu Kalajainen (FIN), representing the FIS Youth & Children's' Coordination Group
 - Essar Gabriel (LEB), head of IOC Youth Olympic Games
 - Riet R Campell (SUI), President of International Ski Instructors' Association
- Initial discussions on how to cooperate with the first edition of the Winter Youth Olympic Games Innsbruck 2012 have taken place.
- The 10 FIS Rules for Conduct are in the process of being integrated in the Bring Children to the Snow campaign.
- Estimated 20 inquiries have been received about becoming a campaign partner.

Enabling Snow Experience: National Activity Campaign

- Ten National Ski Associations took advantage of the toolkit made available through the campaign website at www.fis-snowkidz.com which provides examples, templates, design files and an image gallery for local production and execution. An example of excellent national implementation is the programme by the Norwegian Ski Association which combined the FIS SnowKidz brand and ideology in the local children's ski school programme with a campaign focused on the environment.
- FIS SnowKidz meeting points were staged at a total of 25 FIS World Cup venues across all the six Olympic disciplines as well as the FIS Ski Flying World Championships, Planica 2010 during the 2009/2010 season. The meeting points involved estimated 6'000 children who were provided with enhanced one-on-one experiences with their stars, memories to take home and a closer connection with ski sport.
- Because a common event platform not could be found, the planned promotional event in cooperation with Europa Park in Rust, Germany could not be realised (i.e. problems with timing, ensured media coverage).
- Only four out of 22 major Ski Resorts and Ski Resort Associations responded to the FIS SnowKidz Partner Resort survey. As a result the criteria for participation in the label program will be reviewed.

Upcoming Activities Season 2010/2011

- First FIS SnowKidz Award to be awarded at the 2010 Congress; all eight projects selected by the Awards Jury for the final round will be displayed at the Congress Exhibition in Antalya.
- Further campaign toolkit and Wiki site (www.bringchildrentothesnow.com) development.
- Planned launch of the World Snow Day in January 2011 in cooperation with the National Ski Associations, an annual family fun event which aims to bring more children and their families on the snow during a defined period in time.
- Youth and Children Seminar 2010 in Autumn 2010 to be focused on ski sport in schools.
- Continuation of FIS SnowKidz Meeting Points during the season 2010/2011.
- Further definition of FIS SnowKidz Partner Resort criteria.
- Cooperation with first Winter Youth Olympic Games Innsbruck 2012.
- Integration of 'FIS Rules for Conduct' in the Bring Children to the Snow campaign. The rules will be provided in FIS SnowKidz non-textual design for global use.

9.3 FIS Marketing AG

The Council acknowledged the report of Vice-President Carl Eric Stålberg in his capacity as Chairman of the Board of FIS Marketing AG. The second meeting of the board of FIS Marketing AG took place on 10th March 2010 in Garmisch-Partenkirchen with the third taking place on 2nd June in Antalya.

The main activity at present is the marketing of the FIS Cross-Country World Cup in agreement with all nations on the calendar.

The presenting sponsor Viessman and other packages have already been signed up totalling 50% of the inventory. Other projects of the company include the marketing rights for the FIS Ski Flying World Championships 2012 in Vikersund (NOR) and the data and timing for the FIS Alpine World Cup.

The initial objective of the company is to focus on projects that can be successful in the immediate short-term to generate activity and capital. Thereafter further efforts will be made to secure sponsors for the disciplines that have proven difficult to do so, such as the Freestyle World Cup.

Due to the agreements already established with the marketing of the FIS Cross-Country World Cup, it will not be necessary for FIS Marketing AG to call on the shareholders loan of up to € 150'000 from FIS that was agreed by the Council in November 2009 for the time being, since there will no longer be a negative cash flow.

10. Anti-Doping

10.1 International Doping Cases

The Council acknowledged the report of the Chairman of the FIS Doping Panel, Patrick Smith.

Since the previous Meeting of the FIS Council, the FIS Doping Panel has rendered decision on four cases. The Panel found that Russian Cross-Country skiers Nina Rysina (RUS), Evgeni Dementiev (RUS), Natalia Matveeva and Yuliya Tchepalova have committed an anti-doping rule violation contrary to article 2.1 of the FIS Anti-Doping Rules. All four athletes tested positive for the use of the prohibited substance recombinant EPO, identified on the WADA Prohibited List 2009 in Class S2 Hormone and Related Substances and were sanctioned to two years ineligibility.

Additionally, the FIS Doping Panel found that the Russian cross-country skier Elena Vedeneeva committed an anti-doping rule violation contrary to article 2.3 of the FIS Anti-Doping Rules, refusal to undergo a WADA out-of-competition doping control on 28th November 2009 after notification, and sanctioned the athlete to two year's ineligibility.

Ineligibility, defined in article 10.10 of the FIS Anti-Doping Rules, means that in addition to ineligibility from competitions, an athlete cannot participate in a training camp, exhibition or practice organised by his or her

National Ski Association or a club which is a member of that National Ski Association. If an athlete violates this ineligibility status, the period of ineligibility which was originally imposed shall start over again as of the date of the violation. In this respect, in November 2009 the Court of Arbitration for Sport (CAS), based on an appeal of the athlete and the Czech Ski Association, confirmed a decision rendered by the FIS Doping Panel in the Case Ondrej Horyna (CZE), prolonging the period of ineligibility from 1st April 2009 to 1st April 2010 because of taking part in a team training, as well as sanctioning the National Ski Association of the Czech Republic for not taking effective measures.

Furthermore, on 1st June 2010 the FIS Doping Panel adjudicated the case of Cross-Country athlete Kornelia Marek (POL) for the use of prohibited substance EPO, after the IOC delegated the case to FIS following a violation of the anti-doping rules during the Olympic Winter Games 2010 in Vancouver. The IOC decided that the athlete infringed the rules and disqualified all her results from the Olympic Winter Games and delegated the case to FIS for action within its competence. Thereafter the FIS Doping Panel adjudicated the case on 1st June 2010 and decided that she had committed an anti-doping rule violation contrary to article 2.1 of the FIS Anti-Doping Rules and sanctioned her to two years ineligibility commencing from the date of the start of the provisional suspension by FIS on 16th March 2010 until 16th March 2012.

12.2 The Case of the Russian Ski Association

The Chairman of the FIS Doping Panel, Council Member Patrick Smith reported to the FIS Council about the serious concern of the FIS regarding the situation of the Russian Ski Association with the high number of doping cases and lack of adherence the FIS Anti-Doping Rules. These cases are summarised below:

Vice-President Leonid Tyagachev spoke of the sincere remorse of the Russian leadership for the situation that has occurred. He informed the FIS Council about the serious work that has been initiated at the very highest level in Russia.

The Council welcomed this important step that is underway in Russia, which it recognised in issuing sanctions. The objectives are as follows:

1. Firstly, as a retrospective measure to reflect Council's strong disapproval to date;

2. Secondly, to prospectively encourage the Russian Ski Association to bring about the necessary, immediate and effective change within its organisation to enable it carry out its obligations a FIS partner in the important area of doping prevention and control;
3. To send a message to the Russian Ski Association, in particular, and to the world at large, that Council views anti-doping compliance seriously and will not hesitate to act appropriately where it is necessary to do so.

In order to accomplish the above objectives the Council decided:

- That the Russian Ski Association receives an immediate monetary sanction of half of the FIS financial support due to the Russian Ski Association in 2009 amounting to CHF 177'989. The same amount is suspended subject to the Council's review of the measures taken by the Russian Ski Association at its next meeting in November 2010. The same amount is suspended subject to the Council's review of the measures taken by the Russian Ski Association at its next meeting in November 2010.
- to strongly recommend the installation of a new group of officials and coaches that have not been associated within the athletes and programmes during the past years during which there have been multiple doping cases, in view of building up a new team for Sochi 2014 that rejects doping.
- to formally request that the following coach, official and trainers be removed indefinitely from their current positions and from any other position within the Association so that they are no longer involved in any position of responsibility and influence:
Coach of Sergey Shiryayev and Juliya Tchevalova: Anatoly Tchevalov
Coaches and medical personnel of the athletes Dementiev, Matveeva and Rysina.

The Council decided to suspend the passing of further sanctions subject to the Association providing to FIS, no later than November 1, 2010, a report on its anti-doping work programme including details on the professional management of the anti-doping programme, a comprehensive financial budget and timetable for the training and education of all officials and athletes within the Russian Ski Association. Such sanctions may include:

- a further monetary fine of the remaining 50% of the FIS financial support due to the Russian Ski Association in 2009 amounting to CHF 177'989

- and/or other measures described in article 12.3.1 of the FIS Anti-Doping Rules: (a) withdraw some or all FIS membership rights, including participation in all FIS calendar competitions, voting rights at the FIS Congress, ban all officials from that National Ski Association for participation in any FIS activities for a period of up to two years and/or (b) cancellation of the organisation of future FIS events in the disciplines concerned
- and/or 12.3.1.1 the FIS may suspend that National Ski Association's membership for a period of up to 4 years

a) ARTICLE 12 SANCTIONS AND COSTS ASSESSED AGAINST NATIONAL ASSOCIATIONS

- 12.1** The FIS Council has the authority to withhold some or all funding or other non financial support to National Ski Associations that are not in compliance with these Anti-Doping Rules.
- 12.2** National Ski Associations shall be obligated to reimburse FIS for all costs (including but not limited to laboratory fees, hearing expenses and travel) related to a violation of these Anti-Doping Rules committed by an *Athlete* or other *Person* affiliated with that National Ski Association.
- 12.3** FIS may elect to take additional disciplinary action against National Ski Associations with respect to recognition, organisation of events, the eligibility of its officials and athletes to participate in International Events and fines based on the following:
- 12.3.1** Four or more violations of these Anti-Doping Rules (other than violations involving Articles 2.4 and 10.3) are committed by Athletes or other Persons affiliated with a National Ski Association within a 12-month period in testing conducted by FIS or Anti-Doping Organisations other than the National Ski Association or its National Anti-Doping Organisation. In such event the FIS may in its discretion elect to: (a) withdraw some or all FIS membership rights, including participation in all FIS calendar competitions, voting rights at the FIS Congress, ban all officials from that National Ski Association for participation in any FIS activities for a period of up to two years and/or (b) cancellation of the organisation of future FIS events in the disciplines concerned and/or (c) withdraw some or all FIS funding to the National Ski Association (For purposes of this Rule, any fine paid pursuant to Rule 12.3.2 shall be credited against any fine assessed.)
- 12.3.1.1** If four or more violations of these Anti-Doping Rules (other than violations involving Articles 2.4 and 10.3) are committed in addition to the violations described in Article 12.3.1 by Athletes or other *Persons* affiliated with a National Ski Association within a 12-month period in testing conducted by FIS or Anti-Doping Organisations other than the National Ski Association or its National Anti-Doping Organisation, then the FIS may suspend that National Ski Association's membership for a period of up to 4 years.
- 12.3.2** More than one Athlete or other Person from a National Ski Association commits an Anti-Doping Rule violation during an International Event. In such event FIS may fine that National Ski Association in an amount up to CHF 50'000.--.
- 12.3.3** A National Ski Association has failed to make diligent efforts to keep FIS informed about an Athlete's whereabouts after receiving a request for that information from FIS. In such event FIS may fine the National Ski Association in an amount up to CHF 1000.-- per Athlete in addition to all of FIS costs incurred in *Testing* that National Ski Association's Athletes.

10.2 National Doping Cases

In accordance with the World Anti-Doping Code, FIS is not entitled to review and/or amend decisions of doping cases from tests that have been carried out by the National Anti-Doping Agencies, but both FIS and WADA may appeal any decisions to the Court of Arbitration for Sport (CAS) in the event that either organisations believe that an inappropriate decision has been taken (in accordance with the relevant rules and deadlines):

Name	Nat	Disc.	Event tested	Substance/ Method	Sanction

SIDKO, Alena	RUS	CC	Russian National Championships, 26.12.2009	eEPO	2 years

11. **Appointment of jury members**

The Council made a number of new appointments for the FIS World Championships. The following list also includes appointments made previously (listed in chronological order):

2010 FIS Freestyle Junior World Ski Championships, Wanaka (NZE)

Technical Delegate Konrad Rotermund, USA

2011 FIS Alpine World Ski Championships, Garmisch Partenkirchen (GER)

Ladies' Events

Technical Delegate Gorazd Bedrac, SLO

Jury Members Stéphanie Favre, SUI
 Bruno Tuaire, FRA
 Seppo Heikkala, FIN

Men's Events

Technical Delegate Rudolf Stocker, AUT

Jury Members Martin Leach, GBR
 Michihiko Nakamura, JPN
 Bohumir Zeman, CZE

Medical Supervisor	Hubert Hörterer, GER
Equipment Control	Bernhard Russi, SUI Mike Kertesz, FIS Andreas Kroenner, FIS

2011 FIS Nordic World Ski Championships, Oslo (NOR)

Cross-Country

Technical Delegate TD Assistant	Tiit Pekk, EST Jussi Prykäri, FIN
Jury Members	Bruno Heinzer, SUI Karl-Heinz Lickert, GER
Medical Supervisor	Roger Olsson, SWE
Equipment Control	Vegard Ulvang, NOR

Ski Jumping

Technical Delegate TD Assistant	Eero Kuusinen, FIN Hubert Mathis, SUI
Distance Measurer	Rudi Höhn, CZE
Judges	Knut A. Bakken, NOR Richard Grady, CAN Mikka Jukkara, FIN Eric Stahlhut, GER Ezio Brigadio, ITA Per Busk, SWE
Equipment Control	Jouko Toermaenen, FIN Sepp Gratzner, FIS

Nordic Combined

Technical Delegate TD Assistant	Joe Lamb, USA Marco Zarucchi, SUI
Equipment Control	Harald Aarhus, NOR Guntram Kraus, FIS

2011 FIS Freestyle World Championships, Deer Valley (USA)

TD Ski Cross and Halfpipe TD Moguls and Aerials	Erik Kalacis, CAN Iain MacKay, GBR
Head Judge Assistant Head Judge	Monique Clot, SUI Alberto Orsatti, ITA
Scoring Judges	John Buhler, CAN Sarah Simson, USA Timo Kanninen, FIN Masaaki Kobayashi, JPN Oksana Kuchenko, RUS Hanka Kaluzikova, CZE Martine Kohly, FRA
Ski Cross Referee	Martina Rentschler, GER
Medical Supervisor	Bob Morell, CAN
Equipment Control	Chris Robinson, CAN

2011 FIS Snowboard World Championships, La Molina (SPA)

Technical Delegates	Stefano Arnhold, BRA Tim O'Brien, CAN
Jury	François Olivier, FRA Wolfgang Zingerle, AUT Lukasz Ligocki, POL
Head Judge	Guido van Meel, SUI
Assistant Head Judge	Ola Sundequist, SWE
Scoring Judges	Kyoji Yokoyama, JPN Phoebe Mills, USA Jesus Fiochi, SPA Steve Brown, AUS Iztok Sumantic, SLO
Score Verifier	Steen Webster, NZE
Medical Supervisor	Eero Hyvärinen, FIN
Equipment Control	Bill Slattery, USA

2011 FIS Nordic Junior World Ski Championships, Otepää (EST)

Cross-Country

Technical Delegate	Helfried Stiegler, AUT
TD Assistant	Zora Honzlova, CZE
Jury Member	Torbjörn Broks Pettersen, NOR

Ski Jumping

Technical Delegate	Pekka Hyvärinen, FIN
TD Assistant	Jan Kowal, POL
Chief Distance Measurer	Eero Kuusinen, FIN
Judges	Ilmar Aluvee, EST Tom Nyman, FIN Bob Knoll, GER Ryszard Gunka, POL Bostjan Ahacic, SLO

Nordic Combined

Technical Delegate	Jarkko Mantila, FIN
TD Assistant	Alan Johnson, USA
Medical Supervisor	Stanislaw Szymanik, POL

2011 FIS Alpine Junior World Championships, Crans Montana (SUI)

Technical Delegate Ladies	Manuela Vestri, ITA
Technical Delegate Men	Gilles Fossoud, FRA
Medical Supervisor	Marie-Philippe Rousseaux-Blanchi, FRA

2011 European Youth Olympic Winter Festival, Liberec (CZE)

Cross-Country

Technical Delegate	Zofia Kielpinska, POL
--------------------	-----------------------

Ski Jumping

Technical Delegate	Ryszard Gunka, POL
--------------------	--------------------

Snowboard

Technical Delegate Viktor Krstevski, MKD

2012 Youth Olympic Winter Games, Innsbruck (AUT)

Cross-Country

Technical Delegate Bente Skari, NOR
TD Assistant Robert Peets, EST

Ski Jumping

Technical Delegate Thomas Hasselberger, GER
TD Assistant Renata Nadarkiewicz, POL

Nordic Combined

Technical Delegate Thomas Dufter, GER
TD Assistant Jan Rune Grave, NOR

Alpine Skiing

Alpine Technical Delegate Ladies Monika Berwein-Schmid, GER
Alpine Technical Delegate Men Juray Sinay, SVK

Jury Member Ladies Einar Witteveen, NOR
Jury Member Men Euan Paterson, NZE
Jury Member both Bojan Panovski, MKD

2012 FIS Nordic Junior World Ski Championships, Erzurum (TUR)

Cross-Country

Technical Delegate: Marko Lustrek, SLO
Assistant Technical Delegate: Tomas Jons, SWE

2013 FIS Nordic World Ski Championships, Val di Fiemme (ITA)

Cross-Country

Technical Delegate Guri Hetland, NOR
TD Assistant Peter Mach, CZE

11.1 Appointment of Key Officials

The Council approved the following proposals of the Organising Committees for their key technical officials:

2011 FIS Alpine World Ski Championships, Garmisch-Partenkirchen (GER)

Chief of Competition/race (Men/Kandahar)	Florian Eckert
Chief of Competition/race (Ladies/Kandahar)	Stefan Stankalla
Chief of Competition/race (L/M Gudiberg)	Florian Beck
Chief of Course (Men/Kandahar)	Mike Breu
Chief of Course (Ladies/Kandahar)	Anton Sebring
Chief of Course (M/L Gudiberg)	Florian Dreher

2011 FIS Nordic World Ski Championships, Oslo (NOR)

Cross-Country

Chief of Competition	Bente Skari
Ass. Chief of Competition	Arne Sandvold/Bjørn Ståle Tennfjord
Race Secretary	Tone Norseth
Chief of Course	Andre Mehnert
Chief of Stadium	Kai Egil Simenstad

Ski Jumping

Chief of Competition	Torgeir Nordby
Ass. Chief of Competition	Per Elias Kalfoss
Race Secretary	Inger Karin Engdal
Chief of Hill	Kristoffer Gaustad

Nordic Combined

Chief of Competition	Arne-Olav Sween
Ass. Chief of Competition	Jan Rune Grave
Chief of Hill	Kristoffer Gaustad
Chief of Course	Knut Leo Abrahamsen
Chief of First Aid Services (all disciplines)	Inngard Lereim

2011 FIS Freestyle World Championships, Deer Valley (USA)

Chief of Competition/ TV Coordinator	Konrad X. Rotermund
Asst. Chief of Competition/Venue Producer	Jamie Kimball
Chief of Course – Moguls	Nat Schirman
Asst. Chief of Course – Moguls	Tony Gilpin
Asst. Chief of Course – Moguls	Kevin Gagne
Chief of Course – Ski Cross	Ryan McCullough
Asst. Chief of Course – Ski Cross	Rob Stalling
Course Designer – Ski Cross	Jeff Ihaski
Chief of Course – Aerials	Wayne Hilterbrand
Asst. Chief of Course – Aerials	Brian Taracena
Chief of Course - Ski Halfpipe	Travis Perkins

2011 FIS Snowboard World Championships, La Molina (SPA)

Chief of Race:	Joan Anton Font
Chief of Course:	Luis Breitfuss

2011 FIS Alpine World Ski Junior Championships, Crans Montana (SUI)

Chief of Competition	Markus Murmann
Race Secretary	Irene Neveu
Chief of Course Speed	Dominique Fivaz
Chief of Course Technical	Henri Bernhard Glassey

2011 FIS Nordic World Ski Junior Championships, Otepää (EST)

Cross-Country

Chief of Competition	Tiit Pekk
Ass. Chief of Competition	Robert Peets
Race Secretary	Merike Oun
Chief of Course	Tõnu Kinks
Chief of Stadium	Tiit Tammemäe

Ski Jumping

Chief of Competition	Ilmar Aluvee
Race Secretary	Urve Loit
Chief of Hill	Jaan Jüris

Nordic Combined

Chief of Competition	Ilmar Aluvec
Race Secretary	Urve Loit
Chief of Hill	Jaan Jüris
Chief of Course	Tõnu Kinks

2011 European Youth Olympic Winter Festival, Liberec (CZE)

Alpine

Chief of Competition	Bohumir Zeman
Ass. Chief of Competition	Pavel Lipansky
Race Secretary	Danuta Strougalova
Chief of Course	Tomas Lipansky

Ski Jumping

Chief of Competition	Josef Slavik
Chief of Hill	Zdenek Jirasko

Nordic Combined

Chief of Competition	Michael Georgiev
Race Secretary	Jirina Bartlova
Chief of Hill	Zdenek Jirasko

2012 FIS Skiflying World Championships, Vikersund (NOR)

Chief of Competition	Ole Gunnar Fidjestol
----------------------	----------------------

2012 Youth Olympic Winter Games, Innsbruck (AUT)

Cross-Country

Chief of Competition	Hannes Notz
----------------------	-------------

Ski Jumping

Chief of Competition	Paul Ganzenhuber
----------------------	------------------

Nordic Combined

Chief of Competition	Günter Csar
----------------------	-------------

Alpine Skiing

Chief of Competition

Werner Daum

12. FIS World Cup Calendars

The FIS World Cup Calendars for the 2010/2011 season were approved by the Council at its Meeting in Zurich in November 2009. Based on the experiences of the past season, some small modifications were addressed by the Technical Committees and thereafter the Council approved the final versions in Antalya.

Concerning the FIS Cross-Country World Cup 2010/11, Council Member Giovanni Morzenti informed the Council about confusion surrounding the competitions that had been scheduled in Milan on 15th - 16th January 2011 and Italy's withdrawal of the competition followed by their request to reinstate it. In the meantime this weekend has been allocated to Liberec (CZE)

**Depending on Congress decision

FIS Snowboard World Championships, La Molina (SPA), 14th to 25th January 2011

13. Proposals and requests from the National Ski Associations and the FIS Technical Committees

13.1 Change of licence

The Council approved the following changes of licence registration that are in compliance with the regulations:

Nordic Combined

- **Christian Erichsen**, born 1990 – change from Norway to Switzerland

Alpine Skiing

- **Joelle Chevalier**, born 1991 - change from USA to Australia
- **Luc Henri Chevalier**, born 1992 - change from USA to Australia
- **Mathieu Gouniot**, born 1993 - change from France to Belgium

13.2 Proposals and requests from the Technical Committees

The majority of the Technical Committees and their Sub-Committees met in Antalya (TUR) from 31st May to 2nd June 2010 and the following proposals were approved by the Council thereafter:

The Cross-Country Committee

International Competition Rules

302.1.1 FIS appointed officials are

- At Olympic Winter Games (OWG) and World Ski Championships (WSC): the Technical Delegate (TD), Assistant TD, Jury Members, FIS Race Director (RD) [and FIS Race Director Assistant \(RDA\)](#)
- [At World Cup \(WC\): the TD, Assistant TD, and FIS Race Director Assistant \(RDA\)](#)
- [At Junior World Ski Championships \(JWSC\): the TD, Assistant TD and one Jury member](#)
- At Continental Cups (COC) and FIS competitions: the TD

303.1.1 For all Olympic Winter Games (OWG) and World Ski Championships (WSC) the following will serve in the Jury

- the TD, who is chair of the Jury ([appointed by FIS](#))
- the Assistant TD ([appointed by FIS](#))
- the Chief of Competition
- two other foreign members ([appointed by FIS](#)).
- FIS Race Director Assistant ([appointed by FIS](#))

They are appointed by the FIS Council on proposal of the CCC.

303.1.2 For WC and JWSC the Jury will consist of the following

- the TD, ~~who is chair of the Jury and carries the deciding vote~~ (appointed by FIS)
- the Assistant TD (appointed by FIS)
- FIS Race Director Assistant (appointed by FIS)
- the Chief of Competition
- the National TD Assistant (appointed by the host NSA in cooperation with the regional TD coordinator)

303.1.23 For WJSC the Jury will consist of the following

- the TD (appointed by FIS)
- the Assistant TD (appointed by FIS)
- one jury member (appointed by FIS)
- the Chief of Competition
- the National TD Assistant (appointed by the host NSA in cooperation with the regional TD coordinator)

304.3.1 The TD must arrive at the site in due time before the competition so that a check can be made before the beginning of the official training, and that the correct preparations for training and competition are being carried out, and make any necessary improvements prior to the start of competition. At competitions where the FIS Race Director Assistant is not present the tasks of the RD become the responsibility of the TD see article 306.1.

304.3.2 Before the competition the TD is responsible for

- being in touch with the FIS Race Director Assistant and the OC from the time of his appointment.

306 FIS Race Director (RD) and FIS Race Director Assistant (RDA)

These officials are nominated by the FIS for competitions of the highest category (see art. 302.1.1 and 302.1.2). The FIS Race Director and FIS Race Director Assistant (must possess a TD-License for Cross-Country).

306.2 The main duties of RDA are:

- To support the Jury work and the Organizing Committees in the technical organisation of Cross-Country World Cups, World Championships and the Olympic Winter Games

- Provide early on-site communication with the WC coaches, organisers and industry representatives.
 - Inform the TD and the TD Assistant of the key results from any inspection visits and collaborate with them for any required on-site follow up
 - Support the TD with the assignment of Jury duties,
 - To assist the FIS Race Director
- 311.3.2 At WSC a qualification competition will be scheduled for ladies with more than 120 FIS points and for men with more than 90 FIS points. If they achieve a top 10 ranking in this qualification competition they will be allowed to start in the WSC interval start competition as part of their Nations quota.
- 340.1.1 In all training and competition situations the athlete must act with due care taking into account the course conditions, visibility and competitor congestion.
- 340.1.3.1 When ski exchange boxes (pit boxes) are provided for long distance competitions, the competitor is permitted to change skis at any time they pass through the pit box area with the following limitations:
- maximum 3 times on competitions up to 30 km
 - maximum 4 times on competitions longer than 30 km
- 340.1.3.2 The pit box area must be designed so that each competitor has a designated box marked by their bib number and an exit is provided that minimizes any chance for interference. A bypass corridor must be provided so that any competitors who do not enter the pit boxes will have the shortest skiing distance past this ski exchange area.
- 340.1.4 In all competitions obstruction is defined as deliberately impeding, blocking (by not following best line), charging or pushing any competitor with any part of the body or ski equipment. When overtaking occurs, competitors must not cause any obstruction. In general it is the responsibility of the overtaking skier to avoid any obstruction.
- 342.1.1 Ski marking will not be used unless requested in advance by the sanctioning body of the competition. For purposes of control, both skis are marked immediately before the start. The competitor must come to the official marking place in person and in due time wearing his starting bib.

New Rules Multistage FIS Cross-Country World Cup (3 Days) 2010-2011

1. **Basic Rules**

- Only entry for all FIS CROSS-COUNTRY MULTISTAGE WORLD CUP Stages is possible. Abandonment in one race will lead to exclusion from the rest of the FIS CROSS-COUNTRY MULTISTAGE WORLD CUP.

This also includes ICR 340.1.5 (overlapping). In an interval start, an athlete will be excluded from the rest of the FIS CROSS-COUNTRY MULTISTAGE WORLD CUP if he loses:

Interval start (> 5 km)

- more than 18 % for Ladies and
- more than 15 % for Men.

Interval start (< 5 km)

- more than 23 % for Ladies and
- more than 20 % for Men

Handicap Start counts like a Mass Start competition.

In special conditions the jury can adapt the percentages.

- The overall results for the FIS CROSS-COUNTRY MULTISTAGE WORLD CUP will be based on the overall time score in the three FIS CROSS-COUNTRY MULTISTAGE WORLD CUP Stages. Sprint competitions will count as well.
- There will be a bonus system for the top 30 in the Sprint race. The Sprint bonus seconds for the overall FIS CROSS-COUNTRY MULTISTAGE WORLD CUP ranking are as listed below. Bonus seconds are subtracted from the competitor's actual race time before being added into the overall time score.

1 st place = 60 seconds	16 th place = 15 seconds
2 nd place = 56 seconds	17 th place = 14 seconds
3 rd place = 52 seconds	18 th place = 13 seconds
4 th place = 48 seconds	19 th place = 12 seconds
5 th place = 44 seconds	20 th place = 11 seconds
6 th place = 42 seconds	21 st place = 10 seconds
7 th place = 40 seconds	22 nd place = 9 seconds
8 th place = 38 seconds	23 rd place = 8 seconds
9 th place = 36 seconds	24 th place = 7 seconds
10 th place = 34 seconds	25 th place = 6 seconds

11 th place = 32 seconds	26 th place = 5 seconds
12 th place = 30 seconds	27 th place = 4 seconds
13 th place = 18 seconds	28 th place = 3 seconds
14 th place = 17 seconds	29 th place = 2 seconds
15 th place = 16 seconds	30 th place = 1 second

Daily Bonus Seconds

Stage # and Date	Race	Distance	Technique	Start	Bonus Seconds
1. Stage Friday	Sprint	1.2 km L 1.4 km M	Classic	Individual / Mass	For the athletes in the finales: 60", 56" etc.
2. Stage Saturday	Interval	5 km L 10 km M	Classic	Individual	
3. Stage Sunday	Handicap Start	10 km L 15 or 20 km M	Free	Handicap	

2. FIS World Cup Points for the FIS CROSS-COUNTRY MULTISTAGE WORLD CUP

FIS World Cup points will be awarded after the last Stage according to the final FIS CROSS-COUNTRY MULTISTAGE WORLD CUP standings. The factor will be 2, i.e. the FIS CROSS-COUNTRY MULTISTAGE WORLD CUP winner will receive 200 points:

1. = 200 points	11. = 48 points	21. = 20 points
2. = 160	12. = 44	22. = 18
3. = 120	13. = 40	23. = 16
4. = 100	14. = 36	24. = 14
5. = 90	15. = 32	25. = 12
6. = 80	16. = 30	26. = 10
7. = 72	17. = 28	27. = 8
8. = 64	18. = 26	28. = 6
9. = 58	19. = 24	29. = 4
10. = 52	20. = 22	30. = 2

In addition to the Overall World Cup points awarded, each stage will also receive the following World Cup points. On the last day, the winner of the day (fastest time on this stage for those specific kilometers) will get the World Cup points and Daily Prize-Money.

1. =	50 points	11. =	24 points	21. =	10 points
2. =	46	12. =	22	22. =	9
3. =	43	13. =	20	23. =	8
4. =	40	14. =	18	24. =	7
5. =	37	15. =	16	25. =	6
6. =	34	16. =	15	26. =	5
7. =	32	17. =	14	27. =	4
8. =	30	18. =	13	28. =	3
9. =	28	19. =	12	29. =	2
10. =	26	20. =	11	30. =	1

3. FIS CROSS-COUNTRY MULTISTAGE WORLD CUP Prize Money

Place	Overall Prize-Money (CHF)	FINAL Total (CHF)
1 st	33'750	
2 nd	22'500	
3 rd	11'500	
4 th	7'875	
5 th	5'625	
6 th	3'375	
7 th	2'250	
8 th	1'687	
9 th	1'125	
10 th	563	
Total	for each gender 90'000	180'000

Place	Daily Prize Money (CHF)	FINAL Total (CHF)
1 st	5'000	
2 nd	3'000	
3 rd	2'000	
Daily Total	for each gender 10'000	60'000

GRAND TOTAL	CHF 240'000
--------------------	--------------------

All prize money without VAT.

In case of competition cancellation the prize money has to be adapted.

The prize money will be paid after the last Stage.

4. FIS CROSS-COUNTRY MULTISTAGE WORLD CUP Starting Order

Stage 1 (Sprint)

For the individual Sprint qualification round the top 30 according the current Overall World Cup and the starting order within the group is drawn. Following the top 30 all other competitors will be assigned start positions according to the FIS Overall World Cup and FIS Sprint points

Stage 2 (Interval start)

All athletes registered to compete will start in reverse order as according to the current standings after the first stage.

Stage 3 (Handicap Start)

The starting bibs will be according to the current FIS CROSS-COUNTRY MULTISTAGE WORLD CUP standings after 2 Stages. To prevent too large start time differences, the Jury can decide upon the use of the "wave start".

5. Quotas FIS CROSS-COUNTRY MULTISTAGE WORLD CUP

The following table displays the suggested quotas for athletes and team staff members. There will be national quota of 5. The calculations are based on Distance quota (D Quota) plus 50 % of the Sprint quota (S Quota), rounded downward.

Only the overall World Cup winner from 2009/10 and the winners or current leaders or winners of the COC 2008/08 get an additional spot.

6. The Maximum Number of Team Officials, Medical and per National Team:

Calculation staff member	
Athletes	Staff
15 >	15
11 to 15	12
8 to 10	10
5 to 7	8
< 5	6

No right for World Cup prizes for additional staff members.

7. Reimbursement

The organisers pay for the living costs (accommodation, food etc.) for the competitors on the current Red Group Lists (pay lists), 30 best Men and Ladies according to the current World Ranking Lists (Sprint and Distance), their coaches and officials as follows:

- For a maximum of one coach per nation and gender, if there are three or more athletes per gender in the Red Group Lists (Sprint and Distance lists).

Travel costs will be paid once by the organisers to the teams on the last stage. The Red Group List and their qualified coaches get free accommodation, for at least two nights before the first FIS CROSS-COUNTRY MULTISTAGE WORLD CUP competition until at least the morning after the last FIS CROSS-COUNTRY MULTISTAGE WORLD CUP competition.

8. Ceremony

The flower ceremony and prize giving ceremonies are standardised. Introduction with the FIS fanfare:

- Ceremony
- Ranking of the day 3-1
- Overall WC Leader
- Official persons OC (1-2) & maid of honors.

9. Postponement/Substitution

In case of a postponement or substitution of an individual Stage at the FIS CROSS-COUNTRY MULTISTAGE WORLD CUP, the Race Management can decide to postpone a Stage by 24 hours.

Rules for Cross-Country FIS points for the Marathon Cup

- 2nd trial during season 2010/2011:
- The existing Rules and Guidelines for FIS points 2009/2010 are valid for this trial
- Only the official main competition with a FIS Codex of each FIS Marathon Cup competition will be scored
- The FIS Marathon Cup competition have the standard of a FIS competition
- The Factor 1400 (F-Value) for competitions with Mass start is used
- The race penalty is generated according to Art. 5.3
- The minimum penalty points is 15

- Only competitors with valid FIS code will be counted
- Competitors ranked with more than 10% race time behind the winner race time will not be counted
- Organisers must submit results in XML format within a few days after the competition to FIS: alpineresults@fisski.ch

Sub-Committee for Lowlanders and Citizen Racers Cross-Country

The name is changed to: "Sub-Committee for the Development of Cross Country".

Qualification Competition at the FIS Nordic World Ski Championships

After the trial of the qualification race at the WSC 2009 in Liberec the procedures are standardised. Qualification Races are scheduled on the WSC 2011 program on Feb 23, 2011:

- Ladies will do 5 km and Men 10 km.
- The qualification race is only requested for the 10 km and 15 km, all other competitions at the WSC 2011 are regulated in the WSC rules.
- If athletes would like to participate at the 10 km Ladies or 15 km Men, the following FIS Distance points must be achieved:
- Ladies: 120 FIS distance points according to the last FIS point list before the WSC.
- Men: 90 FIS distance points according to the last FIS point list before the WSC.

The Jumping Committee

International Competition Rules

401.2.4 The Chief of Forerunners has the responsibility, ...will be used. The organiser is responsible for the arrangement of eight (8) qualified forejumpers on each day. These jumpers may not be part of the official competition but must be entered by their National Ski Association according to ICR art. 215.

413 Ski Flying Hills

Particular rules apply to Ski Flying hills. The new building or reconstruction of any current Ski Flying hill may be started only after plans have been approved by the FIS. The following restrictions and requirements must also be met:

- h:n must be at least 0.60
- The maximum value of V_O is 29-30 m/s.
- The height difference between the edge of the takeoff platform and the lowest point of the transition curve to the outrun flat shall be \leq 430135 m.
- The width of the landing slope at K (b_k) must be $b_k \geq 0,18 w$
- The width at the end of the r_2 radius and the start of the outrun at U-point b_u must be $\geq 0,20 w$

454.3 Forejumpers

The organiser is responsible for the arrangement of twelve (12) qualified forejumpers on each day. These jumpers may not be part of the official competition but must be entered by their National Ski Association. All of them must be capable to start from the starting point established by the Jury for the competition round. All forejumpers have to be at least 18 years old.

422 The Competition

422.1 The Jury shall decide the length of in-run (starting place) to be used. Once a majority decision has been reached on the start to be used, its length must remain the same for the entire round of jumps unless the round is stopped and restarted. No jumper is permitted to use a greater length of in-run (higher start) than that determined by the Jury.

At WCJ, WSC, SFWC and OWG the Jury is allowed to change the in-run gate within the same competition round. Such a decision must be based on a unanimous decision and only if the so called "wind- and gate compensation system" is used.

Rules FIS Youth Cup Ski Jumping 2010-2011

1. Calendar Planning as well as Entry and Appointment of the Competitions

1.1 FIS Youth Ski Jumping (YOS)

Each National Ski Association is entitled to apply to the Sub-Committee for Calendar Planning for FIS Youth competitions (individual competitions, up to two separate categories for Girls and Boys) by the pre-established deadline.

2. Participation Right for YOS Competitions

2.1 Age limits

Category Youth I

Girls and boys born in 1998, 1997 and 1996 can start in season 2010-2011.

Category Youth II

Girls and boys born in 1995, 1994 and 1993 can start in season 2010-2011.

4. Exceptions for the competition equipment for Category Youth I

4.1 Skis: ski length max. ~~143~~ 140% of the body height and no BMI rule.

Introduction of a World Cup series for Ladies as from Season 2011-2012

Following the successful development of the Continental Cup series for ladies, a World Cup series will be introduced from the season 2011 – 2012.

Rules for the Organisation of the FIS Nordic Junior World Ski Championships

- **Introduction of a Ladies Ski Jumping Team event at JWSC**

Based on proposal of ITA the Sub-Committee proposes unanimously the introduction of a Team event for Ladies at JWSC beginning in competition season 2010-2011.

In conjunction with an additional Team event the quota for the participating nations has to be increased up to 5 per nations (currently 4).

- **Introduction of a quota system for Ski Jumping Men at JWSC**

Event: Men individual, Normal Hill
 Athletes Quota: 80 (maximum quota)
 NSA Quota: 5 per NSA (4 athletes to be entered for the individual event)

Qualification system

Basic Quota: Each participating NSA is allowed to enter up to two athletes for Ski Jumping men.

Host Nation: The host nation is expected to enter (a) competitor(s) or team into all events.

Allocation of Quotas: The allocation of additional quotas per NSA is based on the COC Ranking List (CRL) from the past and current seasons. The allocation will be made by assigning one quota place per

competitor from the top of the standings downwards. Once a NSA has achieved the maximum number of five (5) quota places, the next eligible NSA on the CRL will be allocated a place until the total of 80 competitors is reached (including host nation).

Process and timeline: The quotas will be calculated and announced using the CRL and FIS Cup standings after the last full quota period prior to the JWSC.

Replacement: A replacement of the entered competitors by a NSA is possible until the Technical Meeting before the start of the event.

The Committee for Nordic Combined

International Competition Rules

525.2.12 Position for a Competitor at the Start

The competitor must have his feet ~~behind~~ in front of the start line and remain stationary ~~before the starter gives his starting commands~~. The poles remain stationary and should be placed ~~in front of~~ behind the starting line.

525.2.13 Early Start for a Competitor

Each competitor is responsible himself to start at the right starting time. A competitor who starts too early must come back and pass through the starting line again. In this case, his starting time will be the time on the start list.

Competitors who do not re-cross the starting line after an early start must be disqualified. To cross the marked starting line with the tip of the first crossing shoe marks the beginning of the race.

In order to get a clear presentation of evidence, adequate technical equipment must be installed in the starting area to cover the start procedure (video control).

Elimination of the following ICR article:

~~525.2.4 — Ski Marking~~

~~525.2.4.1 For purposes of control, both skis are marked immediately before the start. The competitor must come to the official marking place in person and in due time wearing his starting bib.~~

~~525.2.4.2 At OWG, WSG, JWSC and WC-NC competitions, the ski marking must contain the starting number of the competitor.~~

525 The Competition

525.1 This article will be adapted according to Ski Jumping, ICR art. 422.1.

Nordic Combined FIS Summer Grand Prix 2010

The Nordic Combined Summer Grand Prix will be introduced as an additional period for the calculation of the World Ranking system.

The following rules are valid:

- Using Roller Skis
- Payment of accommodation according to the starting quotas.

The following rules will not be fulfilled:

- Payment of travel money
- Payment of prize-money

Nordic Combined Committee Structure

The Committee unanimously confirmed the proposal from the Nordic Combined Committee meeting to establish a Sub-Committee for Officials, Rules and Control for special Nordic Combined matters.

The Alpine Committee

Executive Board

Nations Team Event Rules

On proposal of the Organising Committee and the Alpine Committee, at its Meeting in Zurich, the Council confirmed the format of the Nations Team Event as a Parallel Giant Slalom at the FIS Alpine World Cup Finals in Garmisch 2010. A detailed evaluation was carried out by a working group of the Alpine Executive Board following a lack of interest and negative feedback after the FIS Alpine World Cup Finals 2009. The new format was well received at the FIS Alpine World Cup Finals 2010 in Garmisch-Partenkirchen by the teams, experts and the media and the Alpine Committee undertook a thorough consultation and evaluation before presenting the following rules that were approved by the Council:

1. Type of Event
 - The race will be conducted as a parallel GS
 - GS gates and flags will be used

2. Eligibility of the Teams
 - The best 16 nations qualified on the overall WC Nations Cup standings after the last WC race before the WSC.
 - The total team size per Nation is limited to a maximum of 6 competitors; at least 2 competitors from each gender
 - A competitor can only start a run once.
 - The final entries for the Nation Team Event (without names) must be done within 24 hours after the last scheduled World Cup race (ladies or men) has finished, prior to the event.

3. Seeding of the Teams
 - 16 nations will form 8 heats as follows:
 - Bracket list will be arranged as follows:
 - Heat 1 : Nation 1-16
 - Heat 2 : Nation 8-9
 - Heat 3 : Nation 5-12
 - Heat 4 : Nation 4-13
 - Heat 5 : Nation 3-14
 - Heat 6 : Nation 6-11
 - Heat 7 : Nation 7-10
 - Heat 8 : Nation 2-15
 - The best nation, according to the current Nations' Cup standing, will receive bib number 1 and the last nation will receive bib number 16.
 - Ladies will receive bibs from 1 to 4 and Men from 5 to 8, in alphabetical order.
 - If a heat is incomplete (for instance only 10 nations at start), the nation present will automatically qualify for the next round. (a bye)

4. Running the Competition
 - Each individual race (leg) between two opponents consists of one run.
 - The start order will be as follow:
 - "Course Blue" Nation 1 L1 against "Course Red" Nation 16 L1
 - "Course Blue" Nation 1 M1 against "Course Red" Nation 16 M1
 - "Course Red" Nation 1 L2 against "Course Blue" Nation 16 L2
 - "Course Red" Nation 1 M2 against "Course Blue" Nation 16 M2
 - The blue course will be located on the skier's right

5. Points Scoring
 - The winner of each individual race (leg) scores 1 point for his/her nation
 - In case of a tie of an individual race (leg), both nations are awarded 1 point
 - In case of a tie after completing four races at the end of the heat (2:2) the Nation-nation with the lowest combined time of the

best individual ~~lady and the best individual man run time~~ (or second best in case of a tie for the best time) will win the heat.

- If both competitors fall in any race, the first competitor to reach the finish successfully will be the winner. If both competitors fail to finish, the competitor who successfully skied the furthest distance will be the race winner.

6. Causes for Disqualifications (immediate and without protest)

- Changing from one course to another
- Disturbing the opponent, voluntary or non- voluntary
- Not passing through a gate correctly (ICR art. 661.4.2)
- Turn not executed on the outside of the gate

7. Awards

- 100.000 CHF Prize Money Fund
- Top three nations winner ~~8090~~ %
 - 20% goes to the NSA
 - ~~6070~~ % goes to the participating competitors
- Special Prizes ~~2010~~ % Individual by competitor
 - 5% Fastest Run Ladies
 - 5% Fastest Run Men
 - ~~5% Most winning points Ladies~~
 - ~~5% Most winning points Men~~

8. World Cup points

World Cup points will be distributed as follows:

- ~~200 per gender~~
- ~~Only the first 4 nations will be awarded points~~
- Ladies (same as Men)

1 st	200
2 nd	160
3 rd	140
4 th	120
5 th -8 th	60
9 th -16 th	30

The Executive Board recommends using the name of “Toni Sailer” for this event.

City Event Rules

Qualification:

The top ranked 15 Ladies and the top ranked 15 Men of the Overall World Cup Starting List (WCSL) are qualified for this parallel event.

The hosting nation may apply for one wild card for Ladies and one for Men if there are no qualified athletes among the top 15 ranked athletes from that

nation. If the hosting nation is presented in the top 15, automatically the top ranked 16th athlete of the Overall World Cup Starting List (WCSL) is-qualifies automatically. If qualified athletes do not enter the event, the 16th ranked and following athletes of the Overall World Cup Starting List (WCSL) may enter.

Modus:

Parallel event. (ICR Art.1220 -1231) Disqualifications: No disqualification in the first run of the round. Maximum time penalty: 0,50 sec. Disqualification 2nd run of the heat: ICR Art 1232.1 – 1232.2 If neitherboth competitors do not finishes the second run, the result of the first run counts. If both were disqualified or did not finish the first run, the competitor who successfully skied the furthest distance in the second run will advance to the next round. In case of a tie after two runs, the result of the first run counts. The rules of the ICR and the World Cup rules are valid.

Points:

World Cup points are awarded to all competitors.

Schedule:

All losers of the first round are awarded 15 World Cup points for the individual World Cup Overall.

All losers of the second round are awarded 30 World Cup points for the individual Word Cup Overall

The winner is awarded 100 points

The second is awarded 80 points

The third is awarded 60 points

The fourth is awarded 50 points for the individual World Cup Overall.

Prize Money:

Minimum prize money per gender: 100.000 CHF

Payment of expenses:

~~Per competitor for one serviceman and two officials~~ the Organiser has to pay for the accommodation and full board, according to the World Cup rules, for one serviceman and two officials per competitor.

Travel Expenses:

According to Art. 5.1 World Cup rules

Insurance:

According to Art.7 World Cup rules

Duration:

Arrival: 01.01.2010

Departure: 03.01.2010 after breakfast

Event schedule:

Arrival 01.01.2010

Start training, Free skiing and presentation of the participating competitors.
Exact time to be announced after coordination with TV

02.01.2010 Qualification:

First round of the event with 8 heats for the Ladies and 8 heats for the Men.

First run and second run. total time: 30 minutes

Quarter Finals, half finals and finals: total time: 1hr 30 minutes.

The rundown order and the starting times will be announced after coordination with TV

The organiser must guarantee the transport for the athletes back to the start in the shortest time possible.

Course:

The course and the situation at the finish area must be approved by the Chief Race Director. The basic preparation of World Cup courses must be guaranteed by snow-making facilities with sufficient capacity.

The race course maintenance must reach the standards of the World Cup.

The above rules, with the awarding World Cup points for City Events shall be done on a trial basis for the 2010/11 season.

Sub-Committee for Classification of Alpine Competitors

Rules of the FIS Points

2. The Competitors

2.1 Registration

Competitors are registered by using the FOU System on the FIS website via the Member Section, <http://www.fis-ski.com/>. Change the status "active" to "inactive" for all those competitors who should not be included on the FIS points list anymore. Competitors with the status "active" will be considered as registered for the coming season.

Special marks on the national output:

O = ~~a~~Active (in the FIS points list). The status "Oactive" remains also if athletes do not participate at a FIS event. Status changes from "active" to "inactive" can only be done between 05.01.06. and 31.12.

E = ~~not~~Inactive (not in the FIS points list). Athletes with status "Inactive" will automatically be changed to "Active" by FIS as soon as they participate at a FIS event. The National Ski

Association is responsible that they have appropriate insurance and have signed the FIS athlete's declaration.

~~D = deceased~~

All competitors who reached the ~~15th-16th~~ birthday before the end of the calendar year (Art. 607 of the ICR) will be considered (**valid from season 2012/13**).

Only competitors who have signed the Athletes Declaration as per ICR art. 203.3 may be registered by his/her National Ski Association. The responsible person of the National Ski Association, confirms directly that the above mentioned requirements are fulfilled.

No Valid Results

4.2.3 No Result

If ~~during there is no valid result in~~ the calculation period, no valid result exists, 5% will be added cumulatively to the competitor's current FIS points in ~~each every one~~ of the next 14 lists, assuming the competitor's is registered up to November 1st. Starting ~~from with~~ the 15th list, 10% will be added cumulatively to the competitor's current points. As the end of two (2) seasons the competitor will lose all points in the respective events.

F- Values

New art 4.5.2 F Value

<u>DH:</u>	<u>1330</u>
<u>SG:</u>	<u>1060</u>
<u>GS:</u>	<u>870</u>
<u>SL:</u>	<u>610</u>
<u>SC:</u>	<u>1130</u>

Country Groups

9.1.6 Country Groups

- For CAN-USA / DAN-FIN-ISL-NOR-SWE / FRA (Pyrenees)-SPA-AND / ARG-BOL-BRA-CHI / AUS-FIJ-NZE / CHN-~~GTA~~-JPN-KOR-MGL-~~IRA~~-IND-PAK / LIB-ROU-RSA-CYP-LUX-POR-AND-SRB-MON-RSM-IRE): maximum 30 for each nation for races organised in a country of those country groups.
- For the following countries: ~~ARM~~-BIH-BUL-CRO-CZE-GRE-~~KAZ~~-MNG- MKD-POL-RUS-SLO-SRB-SVK-TUR-~~IRA-UZB~~-UKR the quota is 30 in events organised in one of the bordering countries.

- For competitions in LIE the neighboring countries SUI and AUT receive a quota of 30.
- The organising nation always has a quota according art. 9.1.5.

JUN 1 and 2 Cup (ITA-GER-AUT-SLO)

The National Ski Associations of AUT, GER, ITA and SLO are proposing to organise a JUN 1 and JUN 2 Men's Cup with a closed invitation only for the organising National Ski Associations. The Cup will consist in a maximum of 4 competitions to be held in Germany and Austria (2 per nation). Special quotas for the foreign NSA will be request at the autumn meeting. This will only be a test for the season 2010/2011.

Timing and Data Working Groups

International Competition Rules

New

611.3.2.2 A Photo Finish System may be used to determine a competitor's finish time. In case of a failure of system "A" and "B", and where the competition has been recorded by the Photo Finish System, this time must be used in place of hand-timing using a correction factor. The correction factor is the difference between the time taken by the Photo Finish System and the electronic times (where possible) of the 3 competitors before the missed time.

The sum of the 3 (or less) time differences divided by 3 (or less) is applied to the photo finish time of the competitor without electronic time.

The photo finish time is taken when any part of the competitor's body first crosses the finish line. The photo finish results is only to be provided to the Jury.

Sub-Committee Ladies' Alpine Skiing

The following members of the Sub-Committee should serve as liaison members for the next meetings in the other Committees or Sub-Committees:

World Cup: Karen Korfanta (USA)

Intercontinental Cup/Europa Cup: Stephanie Schuster (AUT)

Alpine TDs: Corinne Schmidhauser (SUI)

Alpine Courses: Elena Gaja (ITA)

Youth and Children Committee: Diana Haight Arn (CAN)

Medical Committee: Traudl Münch (GER)

Speed Committee: Ingrid Christophersen (GBR)

Sub-Committee Alpine Rules and Control of Competitions

Minimum Vertical Drop SG Men

1000 Super – G

1001.1.1 Men's Courses

For Olympic Winter Games, FIS World Ski Championships, FIS World Cup and FIS Continental Cups:
- 400m - 650m

For all other FIS Competitions:
- 350m - 650m

Sub-Committee for the Alpine World Cup

World Cup Rules

3.2 Downhill / Super-G:
 Minimum requirements:
 Maximum ~~42080~~ FIS points in the respective event according to the valid FIS points list (valid also for 500 points competitors and those qualified from Continental Cups). * valid as from season 2011/12

4.6.1 Ski rooms:
The OC must make available heated working facilities (facilities in the hotels, containers, separated facilities in larger infrastructures) to prepare and store skis and other ski equipment. These facilities shall have a surface of minimum 15 m2 (reference surface for two workstations) with height of 2.40m. They shall be equipped with sufficient power and electricity sockets and be adequately ventilated. They shall be lockable. Such facilities can be requested only for team personnel specified as servicemen (servicemen code) on the entry form (4.4) or on the FIS approved SRS list.

8.2 Starting intervals
 The Chief Race Director determines the starting intervals, up to max. 2 minutes 30 seconds (for a small number of competitors only!) and TV breaks together with TV and OC (after considering TV transmission, length, most interesting parts of the course, TV sequences, etc.).
 On the competition day, decisions about eventual changes (weather conditions, etc.) are made by the Chief Race Director.

- 13.2 Winners of the events
The winners of the events shall be honored as "Winner of the Downhill, Slalom, Giant Slalom, Super-G and Super Combined World Cup".

For Super Combined at least two events must be held.

Sub-Committee for Intercontinental Cups

Starting Order

- 3.1.4 Validity of the Basic List

After the second (EC, FEC, SAC, ANC), third (NAC, in GS and SL events) race in that event in the current season the basic list will be deleted. In NAC for DH, SG and SC only two events will be used before the basic list will be deleted. Only the Cup points gained in the current season count. Exception: Indoor races are not considered.

- 3.2.1 Special Group: 450 (EC) 400 (NAC, FEC) 200 (SAC, ANC) Cup points

Competitors who have accumulated at least 450 (EC), 400 (NAC, FEC), 200 (ANC, SAC) Cup points in the overall classification in the past or current season of that Continental Cup may start as number 16 in all events in that Cup only, unless they have a right to start in the first 15. If there is more than one competitor with 450 (EC) 400, (NAC, FEC) 200 (SAC, ANC) Cup points then they start in the order of their Cup points in that event, or FIS points if they have no Cup points.

If due to injury a competitor cannot make use of this facilitation, he may use it at the first 3 races of the following season. This is valid for a maximum of 3 starts irrespective of the events.

Precisions WC Qualification

- 5.4.4.1 Three from the same nation (European Cup ~~only~~)
If top three competitors in one event, excluding the COC overall winner come from the same nation, only two may start in any one World Cup race, also if there are two or more competitors from the same nation ex aequo on third place.

- 5.4.4.2 Two or three from the same nation (NAC)
A maximum of two competitors of one nation, excluding the COC overall winner, may start in any one World Cup race, also if there

are two or more competitors from the same nation ex aequo on second place.

5.4.4.3 Two from the same nation (FEC, SAC, ANC)
If two or more competitors of the same nation are ex aequo on 1st place, only one may start in any one World Cup race, excluding the COC overall winner.

South American Cup Quotas

SAC.2.3 Higher quotas

Each nation ARG-BOL-BRA-CHI may enter up to 30 competitors (30 men and 30 ladies) in events organised in any one of the other nations. All competitors must have a valid FIS code and have no more than 160 FIS Points in SL and GS, 180 FIS Points in SG and DH as follows:

- SL and GS: qualifying through any of the five events
 - DH: qualifying through DH or SG
 - SG: qualifying through DH, SG or GS
 - Super Combined (with DH): qualifying through DH or SG
 - Super Combined (with SG): qualifying through DH, SG or GS
- In any case each nation ARG-BOL-BRA-CHI has a basic quota of 4 competitors (4 ladies and 4 men), the only requirement being that the competitors have a valid FIS Code (even if they are without FIS points) The organizing nation may double the basic quota to 8 competitors (8 ladies and 8 men)

SAC.2.3.1 Organising Nation

The organising nation may enter a quota of 50 competitors; in addition they are entitled to any of the 30 places the other nation (Chile in Argentina, Argentina in Chile) does not fill. All competitors must have a FIS code and fulfill the SAC 2.3 regulations, can participate (even if they are without FIS points).

SAC.2.3.3 Normal FIS quotas for visiting nations

The organising nation has the right to allow a nation from other regions up to double their normal FIS quota. All competitors must appear on the valid FIS points list and have no more than 140 FIS points in SL and GS, 160 FIS points in SG and DH as follows:

- SL and GS: qualifying through any of the five events
- DH: qualifying through DH or SG
- SG: qualifying through DH, SG or GS
- Super Combined (with DH): qualifying through DH or SG
- Super Combined (with SG): qualifying through DH, SG or GS

National Associations applying for SAC.2.3.3 must apply in writing, accompanied by anying the official entry form, at least ten days prior to the competition or first official training. A decision will be made by the Organising Committee five days prior to the competition or first official training.

SAC.2.3.4 Athletes from African Continent

Athletes from the African Continent may start in the South American Cup (SAC) races with the same qualification status as the South American racers (i.e. must have a FIS code and fulfill the SAC 2.3 regulations). ~~can participate even if they are without FIS points~~.

Working Group for Alpine Technical Equipment

Gate Panels

The Gate Panels to be used in the World Cup, as from the season 2010/11 must fulfil the following requirements:

Requirements and Tests:

1. **Normal approach**

The panel must not release from the poles during normal gate approach.

Test:

A drop pendulum contacts the inside pole at a height of 70 cm above ground with a momentum of 110 Ns. This corresponds e.g. to the contact of the mass of 10 kg with a velocity of 40 km/h. The panel must not ~~remove-release~~ from the poles during 30 repetitions. The test is conducted for poles of type A (29-32 mm) und B (25-28.9 mm) with a flex pole as the inside pole and a fix pole as the outside pole.

2. **Release in case of collision**

The panel must release from the pole when athletes collide with the gate.

Quasi-static test:

The maximal pull force to release the panel along the poles upwards is determined. The maximal force must not exceed 50 N neither at room temperature nor -20°C.

Dynamic test:

The pendulum rod of a drop pendulum contacts the panel in the middle between the poles with a momentum of 70 Ns. This corresponds e.g. to the contact of the mass of 30 kg with a velocity of 8 km/h. For 5 repetitions the panel has to be released every time. The

test is conducted for poles of type A (29-32 mm) und B (25-28.9 mm) with a flex pole as the inside pole and a fix pole as the outside pole.

3. Geometrical design and colours

The panel must have the size of ca. 0.75 m wide x 0.50 m high (GS, SG, and DH). The panel area must be between 0.375 and 0.3 m². Commonly no colours other than red or blue are permitted (Exception see ICR 701.3.2 and 1104.2).

4. Wind permeability

The panel must be made of wind-permeable material.

5. Advertising on panels

Advertising on the panel must not affect the requirements 1 to 4.

6. Validity

The FIS certification of release panels is valid for 2 years. Certified panels must have an imprint or an insert documenting the manufacturer and the year of homologation. ICR Art. 680.2.1.2, 690, 690.1, 690.2, 701.3.2, 901.2.2, 1001.3.2 und 1104.1 must be adapted.

The Freestyle Committee

ICR

In the following articles of the FS ICR edition 2008 the word “round” has been changed to “phase”.

3043.4.4.2, 3043.7.2.4, 3043.8, 3050.3.3, 3055, 3055.4, 3055.6, 3056 , 3057.10, 3057.11, 3058, 3585.1, 3059, 3060.2.1, 3060.2.4, 3060.2.7, 3060.2.8, 3060.2.8.1, 3060.2.8.2, 3060.2.8.3, 3060.2.9, 4009.1, 4009.2, 4009.3, 4009.4, 4009.5.1, 4009.5.2, 4009.6.1, 4009.6.2, 4009.6.3, 4301, 43.05.2.2, 4305.3.1, 4305.3.3.3, 4305.3.3.4, 4505.4, 4505.5, 4507.5, 4510.1, 4510.2, 4700.4, 4700.5, 4700.6

3020 The Competition Committee & Competition Officials

3020.2.20 The Start Referee

The start referee must remain at the start from the beginning of the official inspection time until the end of a training / competition.

- Ensures that the regulations for the start and the start organisation are properly observed.
- Determines late and false starts.
- Communicate immediately with the Jury at all times
- Reports to the referee the names of the competitors who did not start and informs the Jury of all infringements against the

- rules, such as false or delayed starts or violations against the rules for equipment.
- Ensure that reserve bibs are at the start.

3020.2.21 The Finish Referee

- The finish referee must remain at the finish from the beginning of the official inspection time until the end of a training/competition and throughout the training and the competition.
- Ensures that all the regulations for the organisation of the finish and the inrun to the finish or landing hill and out-run/finish area are properly observed.
 - Supervises the Finish officials, the timing and the crowd control in the finish area.
 - He must be able to communicate immediately with the Jury at all times.
 - Reports to the Referee the names of the competitors who did not finish and informs the Jury of all infringements against the rules.

3030 The FIS Technical Delegate (TD)

3030.6.4 Immediately after the competition approves the results and prepares the FIS point calculation according to the Rules for Freestyle FIS Points (section 4)

3032 Jury

3032.1 Composition

The Jury consists of the following members who are members of the Organising Committee:

~~The Race Director (Chairman) – appointed by FIS for major competitions~~

- TD appointed by FIS (Chairman)
- Head Judge / Referee (SX) - appointed by FIS for major competitions
- Chief of Competition - appointed by the Organiser

3058 ~~Receives No Score (RNS) Did not Finish (DNF)~~

~~An RNSDNF score classification in the qualification phase will receive no rank on the result list. the last numerical ranking in the round. In the Final phase All RNSDNF competitors during a single round will receive the same numerical ranking. for that run only (Qualification or Final).~~

~~e.g.: if there are 50 competitors and 5 RNS, the RNS will each receive 46th place.~~

All decisions concerning ~~RNSDNF~~ will be the responsibility of the Jury.

The ~~judges competition officials~~ may impose a ruling entitled "~~Receives No Score~~Did Not Finish" (~~RNSDNF~~) for any infractions listed below. This list does not restrict the ruling of the ~~judges officials~~ for any infraction, which may incur and is not listed below.

- 3058.1 for loss of ski(s) any time before landing, during the Aerials competition, if a re-run has already been granted for the same reason for that particular ~~round~~phase (see 3057.10).
- 3058.2 for skiing out of the course boundaries in Moguls and Ski Cross, which includes not ~~passing~~crossing through the gate line control gates or the finish gateline. In Dual Moguls, crossing the middle line of the course. A competitor shall be deemed to have crossed the middle line if both feet cross the line.
- 3058.3 for upgrading a flight plan after the competitor has left the starting gate.
- 3058.4 for announcing and performing identical Aerials manoeuvres (4008.5)
- 3058.5 for a competitors' Final run, if not starting in the Finals after performing the Qualification run.
- 3058.6 for a competitors' jump score, if the jump is not performed.
- 3058.7 DNF classification in the Ski Cross Finals will be pursuant to Rule 4505.6.2 and Rule 4510. All decisions concerning DNF will be the responsibility of the Finish Referee. The gate judges or Finish Referee may impose a "Did Not Finish" (DNF) for any infraction listed below.

~~3059~~ — ~~Did not Finish (DNF)~~

~~DNF classification in the Ski Cross qualification round will receive no rank on the result list. DNF classification in the Ski Cross Finals will be pursuant to Rule 4505.6.2 and Rule 4510. All decisions concerning DNF will be the responsibility of the Finish Referee. The gate judges or Finish Referee may impose a "Did Not Finish" (DNF) for any infraction listed below.~~

- ~~3059.1~~ — ~~for not crossing the finish line.~~

~~3059.2 for not crossing the gate line of every gate in the course.~~

4511.4 Ski Suits (presented to the Equipment Committee)

Ski suits must be two pieces; pants and a separate top. Suits worn in the Alpine events of Downhill (DH), Super-G (SG), Giant Slalom (GS), Slalom (SL), and Speed Skiing are not allowed. Suit base material shall be textile fabrics excluding rubber, plastic, neoprene, leather or vinyl like materials or fabrics. Patches of different material are allowed provided that textile fabrics shall remain, in any event, predominant.

World Cup Rules

3.2 Starting times and starting intervals

3.2.1 Starting times

The fixed starting times have to be strictly observed. In case of postponements a decision is taken by the Race Director.

3.2.2 Starting intervals

The Race Director determines the starting intervals, up to max. 2 minutes and TV breaks together with TV and OC (after considering TV transmission, length, most interesting parts of the course, TV sequences, etc.).

On the competition day, decisions about eventual changes (weather conditions, etc.) are made by the Race Director.

9. Competition Procedures

In all International FIS authorized competitions, in all events, there will generally be:

- A Qualification Run / Time Trial (consisting of all competitors);
- A Final Run

In the Finals, the qualifying competitors will start in reverse order, of their placing from the Qualification results. Results from the Qualifications do not carry over into results from the Finals.

- The Jury may alter this format to be only Finals in the following circumstances:
- the number of competitors is equal to or less than the size of the normal Finals field for that event.
- Inclement weather or snow conditions.

- Any other adverse conditions which may require a shortened program.
- In the event of the interruption of a competition, the competition should be resumed when conditions warrant. The results completed before the interruption will remain valid if it is possible to complete the event or phase rounds on the same day. Otherwise, the results prior to the interruption will be cancelled except if the top 30 moguls, aerial and halfpipe competitor and 35 ski cross competitors in the Qualifications have been completed their runs. In that case, only the Finals will be postponed or re-run, but must be completed on the same competition site. If the Finals cannot be completed, the results of the Qualifications run or phase round will be final

11. FIS Freestyle World Cup Point System and World Cup Starting List

11.5 World Cup Starting List (WCSL)

11.5.1 The World Cup Starting List (WCSL) is a ranking list based upon a competitors past season World Cup points, as a Base, with those points being subtracted from the Base and then with the addition of the present seasons World Cup points.

11.5.2 Addition and deletion of points for the World Cup Starting List

11.5.3 Addition
After each FIS World Cup competition

11.5.4 Deletion
After each FIS World Cup competition

11.5.5 The points that will be deleted after each race
The sum of the WCSL points of the past season in the respective event will be divided by the number of WCSL competitions that shall be carried out in the respective event during the current season. This will establish the points that will be deleted after each race.

If a cancelled competition will not be rescheduled, the deletion will follow after the respective Final competition.

11.5.6 WCSL points of the previous season
In all cases the deletion of WCSL points of the previous season follows automatically during the current season according to art. 11.5.5 of the FIS World Cup rules, in order to keep the WCSL current.

13. Quotas Calculations

13.4.3 Ski Cross:

Minimum requirements:

Minimum ~~5020~~ – ~~10040~~ FIS Freestyle points in Ski Cross on the valid Freestyle FIS points list or ~~50100~~ FIS Alpine points or less on the valid Alpine FIS points list in any event.

13.5.3 Ski Cross:

Maximum Team Size (Men's plus Ladies Quota) is sixteen (~~1016~~).

Maximum eight (~~68~~) per gender.

Minimum ~~10040~~ Freestyle FIS Points in Ski Cross on the valid Freestyle FIS points list or ~~50100~~ Alpine FIS points or less on the valid Alpine FIS points list in any event.

Other Matters – Additional information to demonstrate the cost implications of new events

Following the proposals by the Freestyle and Snowboard Committees to review the inclusion of new events that are in line with youth activity on the slopes in November 2009, the Council requested additional information to demonstrate the cost implications for organisers in terms of facilities, as well as for the National Ski Associations in establishing eventual new teams for the new events.

After research it has shown that ski halfpipe is growing. From 2004 until 2009 there is a growth visible in the amount of competitors, 55% in the men's and 300% in the ladies inside of the FIS structure. There is significant grass root support from resorts, the ski industry, event organizers and some National Associations involved in Freestyle Skiing because of the relatively low infrastructural costs based upon the snowboard courses already being in place for halfpipe and slopestyle.

- Cost Implications for organisers

One of the main reasons to include ski slopestyle as an event is that the resorts already have main parts of the infrastructure in place. Many resorts created so called "Terrain Parks" which are in use by recreational snowboarders and skiers. Therefore the costs for creating competition venues are relatively low with only small modifications required in order to create a competition venue appropriate for top-level skiers.

- Cost implications for National Associations

There is significant interest in these ski events at the local, regional and national level. The growth of participating competitor in ski halfpipe and ski slopestyle events is mainly caused by the initiative of the athletes themselves, with the support of the ski industry. In order to have some stable growth and reduce injuries and increase the number of members in clubs, ski associations are taking a greater interest. This has been marketing driven supported by national and international tours, a strong print media interest, a high level social networking, media companies and TV stations support. Since the 2002 various competitions have been organised at FIS, COC and WC level inside of the FIS and it is on the request of the National Associations to include Ski Slopestyle at the FIS Junior Freestyle World Championships.

- Interest of the Ski Industry and Media

Driven by relatively high sales numbers in the past 5 years of freeride / freestyle skiing products such as skis and boots (15% to 30% their total products sold in Europe and in North America) the ski industry is highly interested in the development of new Freestyle Skiing events. The ski brands need to develop new marketing initiatives which relate to the younger skiing generations in order to continue to be profitable in the market place. There is a strong interest in youth oriented products and services to become associated with these activities, hence there is a media interest in developing these products.

- The Development of Ski Slopestyle

The organisers in Wanaka NZE will host ski and snowboard slopestyle on the program of the 2010 FIS Junior Freestyle Skiing and Snowboard World Championships. The Freestyle Skiing and Snowboard disciplines will coordinate the development of these events with the further integration of ski slopestyle into the FIS Freestyle CoC competitions starting in season 2011 - 2012.

The Snowboard Committee

ICR

2001.3.6 Chief of Pipe/Slopestyle

The Chief of Pipe/Slopestyle is responsible for the construction and preparation in accordance with the FIS Halfpipe/Slopestyle specifications of the Halfpipe site before and during the competition. He must be familiar with the local snow conditions and preferably be from the host resort.

In addition, the Chief of Pipe/Slopestyle:

- Should be a member of the Organising Committee
- Is under the direction of the Jury and the FIS Race Director

- Must assure that the Halfpipe/Slopestyle course at all times during training and competition conforms with FIS Half pipe/Slopestyle recommendations and specifications
- Oversees the building and construction of the Judges podium
- Provides for adequate accommodations (i.e. tables, chairs, partitions, heaters etc.) to fulfil the needed requirements on the Judges podium(s)
- Supervise Halfpipe/Slopestyle training in the absence of the Head Judge and/or the TD
- Must attend all Halfpipe/Slopestyle Team Captains meetings
- Provide for sufficient food and refreshments etc. for the Judges as requested by the Head Judge.
- Must have experience in building and maintaining Halfpipes/Slopestyle courses. FIS has the possibility to request the presence of a technical adviser appointed by FIS for the preparation and maintenance of the Halfpipe/Slopestyle courses.

2004 The Jury

2004.1 The following members of the Jury, who are members of the organising committee, are responsible for technical matters within the closed competition areas (exception see WC- and CoC-rules):

2004.1.1 Alpine events (PGS, PSL, SL, GS,

- the Technical Delegate
- the Referee
- the Chief of Competition

2004.1.2 Snowboard Cross

- the Technical Delegate
- the Chief of Finish
- the Chief of Competition

2004.1.3 Halfpipe, Slopestyle, Big Air and other judged events

- the Technical Delegate
- the Head Judge
- the Chief of Competition or Chief of Pipe

2004.1.4 For Olympic Winter Games and FIS Snowboard World Championships in all events additional Jury members

- Start Referee
- Finish Referee

2004.3 Appointment of the Jury for International Competitions (see also WC and COC rules)

2004.4 Exclusions

2004.4.13.5 A competitor cannot be a member of the Jury.

2004.54 Tenure of the Jury

2004.5.41 The appointed Jury members gather for their first meeting prior to the first Team Captains meeting.

2004.5.42 The active duty of the Jury begins with its first meeting and ends, if no protest is submitted, at the expiration of the protest deadline, otherwise after dealing with all submitted protests.

2004.5 Voting and Franchise (see also FIS WC and CoC rules)

2004.5.1 The TD is chairman of the Jury. He conducts the meetings.

2004.5.2 Each of the following has one vote in the Jury

- the TD for all competitions
- the chief of competition for all competitions
- the chief of finish for Snowboard Cross events
- the Head Judge for the Half pipe, Slopestyle and Big Air events
- the Referee for all Alpine events
- FIS Race Director for Snowboard Cross events

2004.5.2.1 For Olympic Winter Games and FIS World Championships
- all Jury members

2033 Provisional Re-Runs

2033.2.6 Other similar incidents, which, beyond the will and control of the competitor, cause significant loss of speed or affects the competitors performance and thereby his result (does not apply in Snowboard Cross Finals).

2107 Competition Clothing

Slalom competition suits must be two piece – pants and separate top. Form fitting speed or downhill suits are not permitted. Non protruding body protection and padding is recommended. Protective equipment i.e. back protection must be worn on the body. No straps, fastening devices or other methods can be used to tighten the suit material closer to the body. Shin guards are excluded from this rule.

2207 Competition Clothing

Giant Slalom competition suits must be two piece – pants and separate top. Form fitting speed or downhill suits are not permitted. Non protruding body protection and padding is recommended. Protective equipment i.e. back protection must be worn on the body. No straps, fastening devices or other methods can be used to tighten the suit material closer to the body. Shin guards are excluded from this rule.

2504 The Courses

~~2504.3 The first gate in each course must be placed no less than 8 m and no more than 10 m from the start.~~

2604.4. Double-up Format (For FIS and COC level competitions – only for Qualification)

The Judges will be divided into two (2) different judging panels with one (1) Head Judge. Each of the two (2) panels will consist of 3 Judges. The Judges will judge the competition based upon an Overall Impression basis. The competition Format is the Heat System like described in 2604.7.

Competitors of all Heats are training and competing at the same time. Judge Panel one scores both runs from Heat 1/3, Judge Panel 2 scores both runs from Head 2/4.

Qualifications: The starting field will be divided and grouped into two (2) heat sections for seeding.

~~Seeding will be done in the following manner: Competitors will be ranked according to their highest ranking on the current FIS Points List. Ties will be decided based upon a draw. Competitors will be ranked into two (2) heats, with even and odd ranking: Heat 1: Competitors ranked 1, 3, 5, 7 etc. Heat 2: Competitors ranked 2, 4, 6, 8 etc. Competitors will receive two (2) runs and each Judging panel will judge all competitors once. The combined score from each Judges panel will determine a competitors' total score. This total score will be used to rank all competitors in the qualification round.~~

Example: Scores for Competitor – Bib #1

<u>Run #1</u>	<u>Run #2</u>
Judges Panel 1.	Judges Panel 2.
Judge A – score – 7.0	Judge D – score – 5.0
Judge B – score – 6.5	Judge E – score – 5.5
Judge C – score – 7.0	Judge F – score – 6.0

~~1st Run Score: 20.5~~ ~~2nd Run Score: 16.5~~
~~Total Qualifying Round Score for Bib #1 = 36.5~~

Top ranked twenty (20) men and ten (10) ladies will advance to the final round.

2513 Competition Clothing.

Parallel competition suits must be two pieces – pants and separate top. Form fitting speed or downhill suits are not permitted. Non protruding body protection and padding is recommended. Protective equipment i.e. back protection must be worn on the body. No straps, fastening devices or other methods can be used to tighten the suit material closer to the body. Shin guards are excluded from this rule.

2617 Judging Criteria

2617.2 Deductions for falls will be as follows:

- ~~0.1–0.4~~1.0 Small mistakes including as: flat landings, deck landings, sliding, unstable body during landings, snow brakes and possible small light hand touches and other instabilities.
- ~~0.5–0.9~~ Using hands for stability, hand drags.
- ~~1.0–1.5~~ Hard touchdowns and Minor falls, body contact with snow.
- ~~1.6–1.9~~ Complete falls without stop or interruption.
- ~~2.0~~ Any complete stop
- 1.1-2.0 Medium mistakes including stop full , extended hand drags, heavy hand touches, light butt checks and reverts.
- 2.1-3.0 Major mistakes including heavy butt checks, body checks and complete bails.

2705.2 Finals (SBX)

2705.2.1 Finals are based on 48 men / 24 ladies / 6 riders per heat or 32 men / 16 ladies / 4 competitors per heat or such other numbers as determined by the Jury. In special circumstances 64 men and/or 32 ladies are allowed.

2705.2.4 The competitors who do not advance in 1/8 finals heats will be grouped according to their placing in the heat and then ranked within that group according to their qualifying time. ~~finished the heat 3rd and 4th will be ranked according to their qualification times in the respective group.~~ In any case a competitor who ~~ich~~ has qualified for a certain group (1/8 final, 1/4 final, etc.) will

remain in this group and be ranked there. For example: Once a competitor is qualified for top 16 they will remain for scoring purposes in the top 16 group.

2710 Final Ranking

2710.1 Six Person Format

Competitors 1 to 6 are ranked according to their place of finish in the final heat. Competitors 7-12 are ranked according to their place of finish in the consolation round. All remaining competitors' are ranked according to the round they go out in (e.g. quarter finals). ~~and their qualification times within that round (example: riders ranked 13 to 24 in the quarter final would be ranked according to their qualification times).~~ Within the round they are ranked first by their placing (4th, 5th, 6th) and then by their qualification times within that group (example: all 4th place finishers in the quarter final would be ranked, according to their qualification times, ahead of all 5th places finishers; and all 5th place finishers would similarly be ranked ahead of all 6th place finishers).

2710.2 Four Person Format

Competitors 1 to 4 are ranked according to their place of finish in the final heat. Competitors 5 to ~~7~~8 are ranked according to their place of finish in the consolation round. ~~All remaining competitors' are ranked according to the round they go out in (e.g. quarter finals) and their qualification times within that round. (example: competitors ranked 8 to 16 in the quarter final would be ranked according to their qualification times).~~ Within the round they are ranked first by their placing (3rd, 4th) and then by their qualification times within that group (example: all 3rd place finishers in the quarter final would be ranked, according to their qualification times, ahead of all 4th place finishers).

2710.3 DNS, DSQ, DNF in SBX Finals

If a competitor does not start in the round of 32 or the round of 16 they will be automatically ranked in the 32nd or 16th position. If two or more competitors do not start, the DNS competitors only will be ranked on 31/32nd

(15/16th) place according to their qualification times and so on with 3 or more DNS competitors. Order of placing – DNF/DSQ (sports disqualification/~~sanctions~~) to be ranked 4th first place in the heat according the qualification time. If two competitors are DNF/DSQ, they will be ranked in the heat on 3rd/4th position according to the qualification time. DSQ (intentional contact,

etc.) to be ranked ~~second, and DNS to be ranked third at the end of the 4th ranked athletes and DNS to be ranked last.~~

3002.2 Slopestyle course description

The Slopestyle course shall contain a variety of type of features (table top jumps, fun boxes, quarter pipes, waves/jumps, rails and ridges, or other features s types). The course should have a minimum of three (3) different features types and a minimum of ~~sixfour~~ (64) features judged hits in total. The course should not favor regular or goofy foot competitors while providing the competitors the opportunity to display their freestyle skills and talents. The distance between the features should allow a smooth transition and performance. The course should be designed to require a minimum run time of 20+ seconds. The features and the overall course should be designed in such a manner so as to allow usage by both men and ladies competitors.

The ideal Slopestyle course should be technically challenging, with a wide variety and balance of features in diverse combinations.

World Cup Rules

12. Awards

12.2.2 Formula – Overall:

The overall winners s will be calculated as follows:

The points from all World Cup Speed Results (Parallel, ~~Halfpipe, and Snowboard Cross and Big Air~~) will be added together to determine the Overall Champion in the speed disciplines. A maximum of 6 events are taken into consideration regardless of the event where the results are achieved. There are also throwaway results results if there are 7 or more competitions in one discipline. It is possible to start in one or more disciplines (e.g. with one discipline a competitor can win the Overall title). The points from all World Cup Freestyle Results (Halfpipe, Slopestyle and Big Air) will be added together to determine the overall champion in the freestyle disciplines. A max. of 6 events are taken into consideration regardless of the event where the results are achieved.

Tie Breaking: The highest total of the best discipline decides - if still tied, the number of first rankings, if still tied the number of second rankings, etc. decides.

13. World Cup Courses

13.3 Halfpipe

All World Cup Halfpipe must be within the approved specifications and must have a grooming machine specifically designed for Halfpipe preparation and approved by FIS for World Cup use. Training periods must be observed. A minimum of 2 days of training before the competition day are to be provided. If there is a separate Qualification and Final day one day of training is adequate. The Jury may reduce this period under special conditions. Failure to do so may have an influence on future scheduling decisions by FIS.

For future HP World Cup organisers a 22 Ft HP Grinder must be used. Current World Cup organisers (those mentioned in the long term calendar 2011-2014) using a 18 Ft HP Grinder can apply for future World Cups but the 22 Ft HP will be prioritised in defining the calendar.

Other Matters – Additional information to demonstrate the cost implications of new events

Following the proposals by the Freestyle and Snowboard Committees to review the inclusion of new events that are in line with youth activity on the slopes, the Council requested additional information to demonstrate the cost implications for organisers in terms of facilities, as well as for the National Ski Associations in establishing eventual new teams for the new events.

- General

After research it has shown that Snowboard Slopestyle is growing. From 2006 until 2009 there is a significant growth visible in the amount of organised Snowboard Slopestyle events (+134%) as well as in the amount of participants (+190%) as shown on the earlier document: “Analysis Snowboard Events”. Furthermore there is grass root support from resorts, the snowboard industry and the National Associations involved in Snowboard notably because there are relatively low infrastructural costs to organise Snowboard Slopestyle.

- Cost Implications for organisers

One of the main reasons to include Snowboard Slopestyle (SBS) as an official FIS World Championships event is that the resorts already have main parts of the infrastructure in place. Many resorts created so called “Parks” which are in use by recreational snowboarders and skiers. Therefore the costs for creating competition venues are relatively low with only small modifications required in order to create a competition venue appropriate for top-level riders.

- Cost implications for National Associations
The growth of participating athletes in Snowboard Slopestyle events is mainly caused by the initiative of the athletes themselves, the coaches and well supported by the various National Associations. Since the 2005/2006 season various competitions have been organised at FIS, COC and WC level and it is on the request of the National Associations to include Snowboard Slopestyle at the FIS Snowboard World Championships. Of particular relevance is that that many Half Pipe and Big Air athletes also compete in Slopestyle which makes it easier to organise for the respective National Associations since no additional coaches are needed and training for Snowboard Slopestyle can easily be included in the existing national program.
- Interest of the Snowboard industry
Driven by relatively high sales numbers of freeride/freestyle Snowboard products such as boards and boots (86% men and 91% women of their total products) the Snowboard industry is interested in the development of new Snowboard Freestyle events in general and Snowboard Slopestyle especially.

The Committee for Speed Skiing

Homologation of proposed pistes

Homologation of future proposed pistes by Speed Skiing Committee senior TD, Luc Cristina was accepted.

International Competition Rules

- 1232.5.2** Timing zone: red border markings. In addition, the end of the timing zone must be marked across its entire width by a red coloured line on the snow; this should be between 2m and 5m after the timing cells. This line must be at least 30 cm broad, and clearly visible from the competition track.
- 1233.5 Starting Order**
- 1233.5.1** Competitions will run under FIS Point regulations. The starting order of competitors for their training runs is determined according to their current FIS points, with the best 15 competitors present being drawn.
- 1233.5.2** Men and women (S1, SDH and SDH(Jun)) will run in different categories, and as separate groups. The Jury will decide the order of departure of each group at the Team Captains' Meeting according to anticipated piste conditions. No SDH(Jun) racer

may start from a higher position than the equivalent SDH racer, and no SDH racer may start at a higher point than that used for the equivalent S1 racer.

1233.5.3 Race numbers will be allocated to each competitor at the start of the competition, and these numbers will be retained for the duration of the competition. All training runs will be run in race number order, as will the first race run. Thereafter, the starting order for each group (by style and gender) will be determined by the best speed reached by each competitor in that group during all the previous runs of the race (i.e. excluding training runs), with competitors starting in increasing order of speed. ~~decreasing order of speed apart from the 10 fastest racers where the order is inverted (i.e. the order is: 10th fastest, 9th, 8th, 7th ... 2nd, 1st then 11th, 12th, 13th, 14th etc..).~~

~~1233.6.2 If there are no appointed forerunners, and once cuts start being made, the three best men and the best woman who did not qualify during the previous run are appointed as the forerunners, and go down in decreasing order of achieved speed. In the event that they refuse, or are unable to meet the requirement, the free places are taken by the following nonqualified racers. At this stage the speeds of the best forerunner in each category is taken into account for the results. The speeds of the following forerunners are not taken into account for the official results, but they are published as information with the results. For the second and subsequent runs, all racers will run in their categories (S1, SDH etc) in full bibo order of their last times (ie the slowest first, followed by the 2nd slowest, with the fastest racer last). The first two male racers, and the first female racer to start in each run will also undertake forerunner duties, and are required to report to the Jury on the completion of their run; as competitors, their times will be recorded in the results. The possibility should exist for the organisers to invite fore-runners who are not competitors and who have in the past demonstrated the ability to perform with safety.~~

1234.1 Skis
 S1 class skis must be between 2.20 and 2.40 m in length. They must not weigh more than 15.0 kg for a pair, including all bindings and attachments, must be constructed for high speed running, and must not have any added aerodynamic appendages. SDH and SDH(Jun) class skis must be standard production downhill skis, as defined in the FIS Equipment Specifications, and no longer than 2.25 m. DH skis conforming to previous Specifications, between 2.15 and 2.25 m in length may also be used.

1234.4 **Ski suit**

For the S1 category, clothing should be a plastified ski suit suitable for Speed Skiing (the plastified suit must be covered by effective slip-resistant clothing until the athlete has reached the waiting area). For the SDH and SDH(Jun) categories, clothing as well as all elements of the equipment must fulfill FIS rules for Alpine Downhill as defined in FIS Equipment Specifications, especially as regards air permeability ('Plombing'). For all categories, it is compulsory to wear underclothing covering the body and at least $\frac{3}{4}$ of the arms and legs under the suit. In order to avoid severe burning, dorsal protection worn under the suit is mandatory (see Art 1234.9). No protective elements can be more than 4.5 cm thick. Athletes must wear gloves to protect their hands.

- 1236.2.1** For World Cup and World Championship races, based on winning S1 racers, there will be no Race Penalty to add. Where SDH skiers do not have any S1 skiers as a basis for race points, FIS will publish an appropriate Race Penalty; where SDH(Jun) skiers have neither S1 nor SDH competition, FIS will advise the SDH(Jun) specific penalty. Validity of points on any listing is in accordance with FIS practice as defined in the points listing of the FIS Classification Committee.

(For 2010/11 season, the WC race penalties are: S1 0 (zero) pts, SDH 100 pts, and SDH (Jun) 160 points).

The Committee for Competition Equipment

Ski Jumping and Nordic Combined

1. Jumping Skis

1.2.1.4 Contour of tail

According to sketch (see enclosure). Maximum height 10 mm.
(Remark: *Is already enclosed in the booklet, page 33*)

4. Ski Jumping Suits

The maximum tolerance in the size of the suit is 6 cm to over the body size at any part of the suit. Minimum: at least body size (non stretched).

It is not allowed to connect or attach the sleeves of the suit to the gloves.

Furthermore, the Council approved the installation of a group of experts within the Alpine Committee as a Working Group for Alpine Equipment (please see Item 13.2 on pages 91 – 92).

The Committee for Public Relations and Mass Media – Expert Group New Media Rights

The Expert Group appointed at the last FIS Congress to monitor ICR 208, Exploitation of Electronic Media Rights, during its initial trial period of two years has proposed a number of changes in the text to take account of developments in technology and their impact on distributing audiovisual material. The Council acknowledged the work to date of the Expert Group and decided to request the Congress to delegate it to go into the detail of the revised text, in consultation with the National Ski Associations, and decide about any eventual revisions to the ICR 208 articles:

The Committee for Advertising Matters

The following new regulations are valid from the season 2011/2012:

Regulations for Commercial Markings

2.4 Clothing

2.4.1 Articles of clothing may carry commercial markings belonging to the manufacturer and/or to other sponsors (as defined in art. 2.6)

2.4.2 The total surface area of all commercial markings on the clothing of one person shall not exceed ~~350 cm²~~ 400 cm²

The maximum surface area for a single marking is 100 cm².

Commercial markings of the same sponsor may not appear one above the other or one beside the other.

The National Association may decide on the placing of commercial markings.

13.3 FIS Athletes Commission

At the Council Meeting in November 2009, the Council addressed three requests that were submitted by the Athletes Commission and followed up on these in Antalya:

- Installation of an independent arbitration board to protect the Athletes' Rights
- Athlete Representation in FIS Technical Committees
- Support for Severely Injured Athletes

The Council appointed Council Member Patrick Smith to meet the Athletes Commission and discuss their proposals, notably an arbitration procedure for protecting athlete's rights. Since the issues of concern for the athletes relate to national problems, such as team selection, coaches, support for programmes, etc. a national system involving an ombudsman to act as mediator that is already used by some National Olympic Committees appears to be the most suitable option.

Concerning the Athletes Commission request for support for severely injured athletes, the members welcomed the Council's proposal to the Congress to take out a specific insurance to cover invalidity or death which would provide for such assistance (please see Item 8.6 on page 26 – which was subsequently unanimously approved).

14. Membership of FIS

The Council decided to propose to the FIS Congress 2010 to affiliate the Nepal Ski Association (associated member since 1998) and the Albania Ski Association (associated member since 2000) as full members, since they now fulfill all requirements to be full members with one vote. In the event of their election by the Congress as full members, they will be eligible to vote as from the International Ski Congress in 2012.

The Council acknowledged the situation with the Peruvian Winter Sports Federation and their relations with the authorities in Peru, including the National Olympic Committee which has lead to its suspension as the governing body for skiing. For the time being the NOC has taken over responsibility for the organisation of activities.

In January 2010, Snowsports GB (the National Ski Association for Great Britain) went into liquidation. The National Olympic Committee of Great Britain has taken over the running of the sport and set up an own entity for this purpose, British Skiing and Snowboarding. The President of the NOC, Lord Colin Moynihan has taken on this role for the time being and the organisation is undertaking a thorough consultation process before the election of a new board takes place in 12 months.

15. Future FIS Congress

15.1 FIS Congress 2012

The Council appointed Highone Resort, Kangwonland (KOR) with the organisation of the 48th International Ski Congress in 2012 which will be held 20th to 26th May. Council Member Sung-Won Lee reported about the progress of the construction of the Highone Resort which is on schedule and will cater for all requirements of the FIS Congress.

15.2 FIS Congress 2014

The Council decided to invite all National Ski Associations to submit their candidacies according to the criteria for hosting a FIS Congress (please see details on the FIS Website) by 1st September 2010. The Council will evaluate these at its Meeting in autumn 2010 and depending on the number of candidacies, it will either appoint the site or create a short list.

15.3 Organisation FIS Congress, Calendar Conference, FIS Autumn Meetings

The FIS Congress is the most important off-snow gathering of the FIS Family. The participants representing National Ski Associations as members of FIS Committees, as well as Organising Committee representatives are contributing to the organisation and development of the sport. Similarly FIS sponsors and partners play an active role in the promotion of the sport and the FIS Congress serves as opportunity to recognise their role. Other participants include marketing and television agencies that are interested in their own business activities. The social aspects of the FIS Congress are important for developing collaboration between Member Associations in the interest of the global organisation and development of the sport.

In November 2009, the Council requested a review of the organisation of the FIS Congress in order that the cost structure of the FIS Congress is transparent and recognises that the participants from the National Ski Associations are contributing to the development of the sport. The FIS Congress is not a commercial symposium where participants attend lectures from renowned experts who have to be paid for their services. It should be organised on a cost-recovery service where participants are paying for their own costs only.

Therefore, in regard to the organisation of the FIS Congress and other FIS Meetings, the Council confirmed that the organisation and financial management will be handled by FIS. The mandate for tasks relating to accommodation and travel shall be issued in principle and subject to offer by FIS to FIS Travel.

Where possible, a Congress registration fee that covers the coffee breaks, excursion and gala dinner should be eliminated at least for official delegates of National Ski Associations, Council and Committee Members, Organising Committee representatives, media representatives, invited guests, FIS staff and FIS Travel staff. All others (guests, accompanying persons and observers) have to pay a Congress Fee for the cost items (e.g. coffee breaks, excursion, gala dinner).

16. Ski Industry SRS

During the FIS Alpine World Cup Finals in Garmisch-Partenkirchen, a Working Group appointed by the FIS Council at its Meeting in Zurich, November 2009, chaired by Sverre Seeberg, with members Bill Marolt, and Eduardo Roldan, and National Ski Association representatives Stefan Krauss (GER), Urs Lehmann (SUI), Vedran Pavlek (CRO) and Yves Dimier (FRA) met with SRS's members. The key objective is to address various issues of concern and try to find some measures that can help reduce the overall costs of organising the sport, as well as ways to develop and promote alpine ski racing.

Proposals and ideas of the group were discussed during the preparatory meeting for the FIS World Cup Sub-Committee in April 2010. Thereafter during the meetings in Antalya they have been integrated into the discussions and proposals of the Alpine Executive Board and several Sub-Committees.

17. Environmental activities

At the FIS Council Meeting in Vancouver in June 2008, the Council decided to review the FIS environmental policies together with Erwin Lauterwasser, . In Antalya, the Council acknowledged the report submitted and decided to request Erwin Lauterwasser to continue to lead the environmental activities on behalf of FIS and not to appoint an external consultant to deal with this subject. Furthermore, the Council approved the budget to support the development of a FIS best practice database for all matters related to Sustainability:

FIS and sustainability of ski sports: Strategy

FIS represents the interest of ski sports on behalf of its 110 Member National Ski Associations. The organisation of ski and snowboard competitions according to the International Competition Rules under fair conditions for all athletes is one of their main tasks. Moreover, these events are staged according to the cultural and social values of the respective organising countries and with great care for use of resources and the environment, thereby contributing to the sustainability of snow sports. This provides the basis for the following strategic goals and tasks of FIS.

The following corresponds to the current development of the sport and its external conditions and presents a strategic direction to be followed:

FIS Goals for Sustainability

1. Adjusting to the impact of climatic changes

FIS develops long-term strategies to counter the phenomenon of global warming.

2. Care for renewable resources

Economic development has an impact on the environment yet protection of the environment carries a cost. A modest use of energy and other goods is thus imperative. FIS appreciates and seeks to apply this trade-off in its actions.

3. Proactive communication of sustainability

FIS acts as a proactive promoter of sustainability for snow sports in all its activities, especially in the organisation of its competitions.

Strategic activities related to competition venues

1. Competition venues in conformity with the law

Competition venues that are used for FIS international ski and snowboard competitions are built in a sustainable manner and the developers and managers of these competition venues make sure that the latest sporting rules and national legal regulations are applied.

2. Holistic homologation

Planning of new and renovation of old competition venues is based not only on sports and economic factors but also considering ecological, economical and media-related aspects. This holistic approach is implemented early on in the homologation process. The onus for proving compliance with the homologation criteria is on the party requesting homologation.

3. Construction according to ecological best practice

Each competition venue is built to blend into the surrounding nature and landscape in a manner that it meets the sustainability requirements of FIS and promotes general public acceptance. Ecological experts and international knowledge transfer are used to optimize planning of such projects, supported by a FIS internal database of information and case studies.

Strategic activities related to sustainable competition organisation

1. Competitions are organised with the greatest possible conformity with the FIS sustainability guidelines and related documentation.
2. Additional FIS sustainability documentation for event organisation provides clear direction for planning and execution of competitions.
3. Best Practice examples provide further options and promote creative solutions and FIS collects them in a FIS database.
4. Major event planning and preparations are monitored and proactively guided. Great attention is paid to carrying out the events in a sustainable manner.

Strategic activities related to sustainability in marketing and communications

The main pillars for promoting sustainability within FIS marketing and communications are

1. Communication of FIS engagement for sustainability
2. Management and further development of sponsor relationships promoting sustainability
3. Development and active maintenance of content on promotion of sustainability on the FIS website(s)
4. Development of a 'Sustainability in Snow Sports Information System' (SSSIS) focused on: Climate change, technical and ecological knowledge, surveys and scientific studies, practical examples, talking points etc.
5. Maintenance of regular relations with non-governmental organisations (e.g. UNEP) and leading International Federations in matters related to sustainability and the environment
6. Evaluation and realization of partnership(s) with organisation(s) or development of a specific FIS-led project focused on sustainability
7. Evaluation of cooperation with Green Ski
8. Representation of FIS at international events, forums, symposia etc. related to the environment and sustainability

18. Any other Business

On proposal of the Nepal Ski Association, the Council agreed to support an expedition to plant the FIS flag on the top of Mount Everest during the centenary year of the International Ski Federation.

Furthermore the Council proposed to the Congress to elect Milan Jirasek and Carl Eric Stålberg as Honorary Members of FIS.

19. Meeting of the newly elected FIS Council

19.1 Constitution of the FIS Council

At the first meeting of the newly elected Council, the Council agreed on the following composition of the Council's Working Groups and Commissions for the period 2010 - 2012:

- a) Alpine
(including Alpine Cups, FIS Points, Courses, Safety, etc.)
Members 2010 – 2012:
Janez Kocijancic, Sung-Won Lee, Bill Marolt, Giovanni Morzenti, Eduardo Roldan, Vedran Pavlek, Mats Årjes, Alfons Hörmann, Sverre Seeberg, Peter Schröcksnadel, Michel Vion

- b) Nordic
(including Jumping, Cross-Country, Nordic Combined, long distance races, etc.)
Members 2010 – 2012:
Yoshiro Ito, Janez Kocijancic, Michel Vion, Giovanni Morzenti, Sverre Seeberg, Patrick Smith, Mats Årjes, Matti Sundberg, Roman Kumpost
- c) Special questions
(including Eligibility, Medical, Equipment, Legal and Disciplinary Questions)
Members 2010 – 2012:
Dean Gosper, Janez Kocijancic, Patrick Smith, Giovanni Morzenti, Peter Schröcksnadel, Vedran Pavlek
- d) Relations
(including Recreation, Freestyle, Snowboard, Grass Skiing, IF's, etc.)
Members 2010 – 2012:
Yoshiro Ito, Dean Gosper, Eduardo Roldan, Patrick Smith
- e) Working Group for Honorary Membership
Chairman: Yoshiro Ito
Members 2010 – 2012:
Janez Kocijancic, Sverre Seeberg, Patrick Smith

19.2 Nomination of Committee Members

On proposal of the National Ski Associations the Council appointed the Committee Members for the period 2010 – 2012 (please see Appendix I). In accordance with the Council's decision in 2008, only one representative per nation may be nominated to a Committee.

Due to the present issues with Nordic Combined, the Council decided to appoint Council Member Roman Kumpost as the intermediary Chairman of the Committee for Nordic Combined for a limited period of one to two years in order to re-organise the discipline.

The Council noted with pleasure the number of different nations submitting proposals for Committee membership in the four Sub-Committees for Youth and Children's Questions underlining the impact of efforts undertaken through the international, multi-year "FIS Bring Children to the Snow" campaign.

Additionally, the Council decided not to have a separate Sub-Committee for Carving but to retain a delegate for Carving in the Alpine Committee.

19.3 Honorary Members of FIS Committees

The former and the new Council appointed the following Honorary Members of FIS Committees in recognition of their outstanding services:

Gianfranco Collinassi (ITA), Freestyle Committee
 Christian Egli (SUI), Cross-Country Committee
 Oskar Fischer (GER), Alpine Committee
 Joe Lamb (USA), Nordic Combined Committee
 Christian Poley (AUT), Alpine Committee
 Joseph Schelbert (SUI), Committee for Masters Racing
 Josef Zenhäusern (SUI), Committee for Advertising Matters/Eligibility Committee

20. **Next meeting with the FIS Council**

The Council decided to hold its next meeting on Saturday 6th November 2010 at the FIS Headquarters in Oberhofen.

* * *

Proposals of National Ski Associations and Technical Committees, etc. for the autumn meeting have to be sent to the FIS Secretary General before 4th October 2010.

* * *

If you should have any further questions in regard to the decisions of the FIS Council, please do not hesitate to contact the Secretary General.

INTERNATIONAL SKI FEDERATION

Sarah Lewis
 Secretary General
