Oberhofen, 9th June 2011

Short Summary FIS Council Meeting 6th June 2011, Ljubljana (SLO)

Dear Mr. President,
Dear Ski friends,

In accordance with art. 32.2 of the FIS Statutes we take pleasure in sending you today the Short Summary of the most important decisions of the FIS Council Meeting, 6th June 2011 in Ljubljana (SLO).

1. Members present

The following Council Members were present at the meeting in Ljubljana, Slovenia on 6th June 2011:

President Gian Franco Kasper, Vice-Presidents Yoshiro Ito, Janez Kocijancic, Bill Marolt and Sverre Seeberg, Members Mats Årjes, Dean Gosper, Alfons Hörmann, Roman Kumpost, Sung-Won Lee, Vedran Pavlek, Eduardo Roldan, Peter Schröcksnadel, Patrick Smith, Matti Sundberg, Michel Vion, Manuela Di Centa replacing Giovanni Morzenti (without vote) and Secretary General Sarah Lewis.

2. Minutes from the Council Meeting in Oberhofen (SUI)

The minutes from the Council Meeting in Oberhofen (SUI) on 6th November 2010 were approved.

3. The FIS World Championships**3.1 Reports 2011 Championships**

- FIS Snowboard World Championships 2011, La Molina (SPA), 14th to 25th January, Council Member Eduardo Roldan

- FIS Freestyle World Championships 2011, Deer Valley (USA), 30th January to 6th February, Vice-President Bill Marolt
- FIS Alpine World Ski Championships 2011, Garmisch-Partenkirchen (GER), 8th to 20th February, Council Member Alfons Hörmann
- FIS Nordic World Ski Championships 2011, Oslo (NOR), 23rd February to 6th March, Vice-President Sverre Seeberg

The Council expressed its sincere thanks to the Organising Committees and the National Ski Associations concerned for the organisation of the above events.

3.2 Reports FIS World Championships

The Council Members from the respective nations reported on the following upcoming events to supplement the written reports submitted by the Organising Committees:

- FIS Skiflying World Championships 2012, Vikersund (NOR), 17th to 19th February, Vice-President Sverre Seeberg
- FIS Alpine World Ski Championships 2013, Schladming (AUT), 4th to 17th February, Council Member Peter Schröcksnadel
- FIS Nordic World Ski Championships 2013, Val di Fiemme (ITA), 19/20th February to 3rd March, Manuela di Centa
- FIS Freestyle World Championships 2013, Voss (NOR), 3rd to 10th March, Vice-President Sverre Seeberg
- FIS Snowboard World Championships 2013, Stoneham (CAN), 18th to 27th January, Council Member Patrick Smith
- FIS Skiflying World Championships 2014, Harrachov (CZE), Council Member Roman Kumpost
- FIS Nordic World Ski Championships 2015, Falun (SWE), 18th February to 1st March, Council Member Mats Årjes
- FIS Alpine World Ski Championships 2015, Vail/Beaver Creek (USA), 3rd to 15th February, Vice-President Bill Marolt
- FIS Freestyle and Snowboard World Championships 2015, Kreischberg/Murau (AUT), Council Member Peter Schröcksnadel

The Council acknowledged the progress reports from the respective Council Members and Organising Committees and that all the various preparations appear to be going according to schedule.

3.3 Candidates for future FIS World Championships

The Council acknowledged receipt of the following applications for future FIS World Championships, all of which were submitted by 1st May 2011 according to the

regulations with the registration fee and guarantee for training days. The Council decided that the presentations to the FIS Council during the FIS Congress week in Kangwonland (KOR) 2012 will take place on 29th May, with the election by the Council taking place on 31st May.

Furthermore, the Council reminded all Candidates that the FIS World Championships Rules for the Conduct must be strictly followed.

2016

Skiflying

Kulm/Bad Mitterndorf, AUT

2017

Nordic Events

Lahti, FIN
Oberstdorf, GER
Planica, SLO
Zakopane, POL

Alpine Events

Åre, SWE
Cortina d'Ampezzo, ITA
St. Moritz, SUI

Freestyle/Snowboard Events

Sierra Nevada, SPA

The Council appointed the following new Organisers:

- Ski Association of Japan with Shichikashuku for the Grass Ski World Championships in the year 2013 (proposed dates: 3rd to 8th September)
- United States Ski and Snowboard Association with Steamboat Springs for the Telemark Senior and Junior World Championships to be held 16th to 21st February 2015
- Italian Winter Sports Federation with Val di Fiemme for the Rollerski World Championships in 2015

The Council tabled the appointment of an Organiser for the Speed Skiing World Championships until its next Meeting. Nevertheless, the Council rejected the request of the Canadian Snowsports Association and their potential candidate Sun Peaks to reduce the calendar fee.

3.4 Rules for the Organisation of the FIS World Championships

The Council approved the Rules for the Organisation of the FIS World Championships which includes a number of revisions. The main amendment is

the division of the participation of the quotas for the Nordic disciplines for Cross-Country men (12), Cross-Country ladies (12), Ski Jumping men (6), Ski Jumping ladies (5) and Nordic Combined (6), instead of a total team size. Additionally the rules relating to the entry procedures and reservation of accommodation have been updated in order to clarify that these are separate obligations.

4. The FIS Junior World Championships

4.1 **Reports 2011 Championships**

- FIS Alpine Junior World Ski Championships 2011, Crans Montana (SUI), 30th January to 6th February: Council Member Eduardo Roldan
- FIS Nordic Junior World Ski Championships 2011, Otepää (EST), 25th to 31st January: Council Member Matti Sundberg (FIN)
- FIS Freestyle Junior World Championships 2011 (Moguls and Dual Moguls), Jyväskylä (FIN), 18th to 20th March: Council Member Matti Sundberg
- FIS Snowboard Junior World Championships 2011, Valmalenco (ITA), 29th March to 4th April: Manuela di Centa

The Council acknowledged the reports on each of the Championships and thanked the Organising Committees and their National Ski Associations for excellent events.

4.2 **Future Championships**

The Council Members from the respective National Ski Associations reported on the following upcoming events:

- FIS Alpine Junior World Ski Championships 2012, Roccaraso (ITA): Manuela di Centa
- FIS Nordic Junior World Ski Championships 2012, Erzurum (TUR), 19th to 26th February: Secretary General Sarah Lewis on behalf of the Turkish Ski Association
- FIS Snowboard Junior World Championships 2012 in Sierra Nevada (SPA), 22nd March to 1st April: Council Member Eduardo Roldan
- FIS Nordic Junior World Ski Championships 2013 in Liberec (CZE): Council Member Roman Kumpost
- FIS Alpine Junior World Ski Championships 2013 in Le Massif, Quebec (CAN): Council Member Patrick Smith
- FIS Nordic Junior World Ski Championships 2014 in Val di Fiemme (ITA): Manuela di Centa

The Council acknowledged the progress reports on behalf of the various Organising Committees and confirmed that it will be represented at the respective Championships by the Council Member from the host nation where possible.

Furthermore the Council appointed the following new Organisers of FIS Junior World Championships:

- the Italian Winter Sports Federation with Valmalenco for the 2012 FIS Freestyle Junior World Championships
- the German Ski Association with Burbach for the 2012 FIS Grass Skiing Junior World Championships
- the Royal Spanish Winter Sports Federation with Granpallars/Espot for the 2012 FIS Telemark Junior World Championships
- the Turkish Ski Association with Erzurum for the 2013 FIS Snowboard Junior World Championships

In the case of the candidacies for the Alpine Events 2014 in Erzurum (TUR) and 2015 in Jasna (SVK) or La Molina (SPA), these are tabled until the Council Meeting in autumn 2011. In the meantime, technical inspections will be undertaken and the necessary guarantees obtained regarding work towards the homologation of the courses.

5. The International Olympic Committee

The next Session of the IOC will take place in Durban (RSA) from 4th - 7th July 2011. The main item on the agenda is the election of the Organiser of the Olympic Winter Games 2018 on 6th July 2011.

The three Candidates, Korea with Pyongchang, Germany with Munich and France with Annecy underwent inspections by the IOC Evaluation Commission in February and March 2011 and its report was published shortly before each of the Candidates presented to the IOC Members on 18th and 19th May in Lausanne.

Since the previous FIS Council Meeting, the IOC Executive Board has had several meetings and undertaken various activities:

- Christophe De Kepper was appointed as the new IOC Director General replacing Urs Lacotte, who resigned for health reasons.
- the IOC organised a Meeting on Illegal and Irregular Sports Betting in Lausanne in early March. IOC President Jacques Rogge thanked all International Federations and National Olympic Committees that have adopted clear prohibitions and strong sanctions against betting that threatens the integrity of sport and urged all other relevant Olympic organisations to follow their example. The IOC will remain vigilant and commit sufficient resources to this effort. The conclusion of the meeting was to create a task force including government representatives, IFs and betting companies to address the existing systems and the task forces already in place.

- The IOC World Conference on Prevention of Injury and Illness in Sport was held in the Principality of Monaco in April with the objective to transfer academic knowledge to the field of play and thus minimise risk factors in sport and maximise safe sports participation.
- The 9th World Conference on Sport and Environment was held in Doha, Qatar from 30th April to 2nd May 2011 at which FIS was represented by Erwin Lauterwasser.
- The IOC Executive Board addressed the eligibility of female athletes with hyperandrogenism and confirmed the need to set up clear rules to determine the eligibility of female athletes in female competitions, starting with the Olympic Games in London next year. It was also agreed to recommend that International Sports Federations adopt similar rules for their own competitions, duly adapted to meet the specificities of the sport concerned.
- The second Sport for Peace and Development Forum was organised by the IOC and the United Nations at the UN headquarters in Geneva. It's main objectives were to look at sport as a catalyst for achieving the Millennium Development Goals and developing a culture of peace through sport, as well as how major sport events like the Olympic Games can leave a long-lasting human legacy.

5.1 Youth Olympic Games 2012 in Innsbruck

The third meeting of the IOC Coordination Commission, chaired by FIS President Gian Franco Kasper took place in Innsbruck from 1st to 3rd December 2010 and the fourth meeting will take place at the end of September 2011.

At the meeting of the IOC Executive Board on 6th April 2011 in London, the IOC announced that US Alpine skier and Olympic champion Lindsey Vonn has agreed to take a leading role in mentoring athletes at the 2012 Winter Youth Olympic Games in Innsbruck by becoming the first ever Winter Youth Olympic Games Ambassador.

The IOC Executive Board also approved the Anti-Doping Rules applicable to the 2012 Youth Olympic Games next January in Innsbruck.

Communication of the quotas for the Youth Olympic Games in Innsbruck was made to the National Olympic Committees and National Ski Associations on 13th May 2011, with a process of confirmation and re-allocation of quotas taking place over the following months. Full details of the qualification system are published on the FIS Website, Events, Olympics, Rules.

Athlete Role Models (ARMs) have been appointed for each of the sports on the programme. They will be in Innsbruck to mentor the young athletes attending the Youth Olympic Games by spending time with the athletes and participating in activities during the Culture and Education Programme such as "Chat with Champions" forums designed to inspire and educate the participants with personal accounts of their own dreams and experiences, and the challenges they have overcome. The athletes representing the FIS disciplines will be Cross-Country Skiing - Petra Majdic (SLO), Ski Jumping - Andreas Kuettel (SUI), Nordic Combined - Samppa Lajunen (FIN), Alpine Skiing - Marco Buechel (LIE), Freestyle Skiing - Shannon Bahrke (USA), Snowboarding - Nicola Thost (GER)

2016 Winter Youth Olympic Games

In November 2011 the International Olympic Committee will elect the organiser of the 2nd Winter Youth Olympic Games in 2016. The only candidate is Norway with the City of Lillehammer, which successfully hosted the XVII Olympic Winter Games in 1994.

5.2 Olympic Winter Games 2014 in Sochi

During the past winter the first test events took place in Sochi, with two European Cup races for men and ladies. Both took place despite an extremely heavy snowfall during the men's event when more than 2 metres of snow fell in two days. Next winter is an important one with both men's and ladies FIS Alpine World Cup downhill and super combined competitions taking place on consecutive weeks.

During last winter Denis Polyakov left Sochi 2014 and a new Sports Director Werner Augsburger from Switzerland has just been appointed, who was a former sports director of the Swiss Olympic Committee.

The 5th meeting of the IOC Coordination Commission took place in Sochi from 21st to 23rd March 2011 with the next visit scheduled in September 2011.

Recognising that Sochi needs to build up its experience and expertise in most of the FIS disciplines, the Council underlined the commitment of the FIS to continue to offer full support to Sochi 2014 in preparing for the Olympic Winter Games.

Programme for Olympic Winter Games 2014

In October 2010, the IOC Executive Board met in Acapulco (MEX) and decided that it was looking favourably at the inclusion of Ladies' Ski Jumping, Freestyle Ski Halfpipe, Freestyle Ski Slopestyle and Snowboard Slopestyle, along with events from other Sports namely the Biathlon mixed team relay, Figure Skating team event and Luge team relay in the programme of the Sochi 2014 Olympic Winter Games. However, before taking a final decision, the IOC EB said it would like to consider the outcome of the respective World Championships during the winter season in 2011.

Thereafter, FIS submitted a formal request to the IOC Executive Board to reconsider the Alpine Team Event, as the most established discipline with the highest total global TV audiences of the FIS events and in response the IOC President agreed that it would be studied by the IOC during the FIS Alpine World Ski Championships in Garmisch-Partenkirchen.

Following the winter season at the meeting of the IOC Executive Board on 6th April 2011, the IOC Executive Board confirmed the inclusion of six new events for the Sochi 2014 Games. They are Ski Halfpipe (men and women), Women's Ski Jumping, Biathlon mixed Relay, Figure Skating Team Event and Luge Team Relay.

Five other events - Ski Slopestyle (men and women), Snowboard Slopestyle (men and women), and Alpine Team Parallel Competition - are still subject to a

further feasibility study and the decision about their inclusion is scheduled to be made by early July.

The decision to include the new events was based on a report presented by the Olympic Programme Commission to the IOC Executive Board in Acapulco in October last year. The OPC studied the proposal of the individual International Sports Federations and compiled a detailed analysis of all candidate events at their respective world championships this winter. In addition, the Olympic Programme Commission looked at an operational feasibility study conducted by the organisers of the Sochi 2014 Olympic Games.

The key positive factors included whether the changes would increase universality, gender equity and youth appeal, and, in general, add value to the Games. Other considerations included the cost of infrastructure, and the impact on the overall quota and the number of events.

6. AIOWF

The last General Assembly of the Association of International Olympic Winter Sports Federations (AIOWF) took place during the SportAccord Convention in London, on 6th April 2011, as well as the annual joint meeting between the Association of International Olympic Winter Sports Federations and the IOC Executive Board.

For the first time a joint meeting ASOIF (Association of Summer Olympic International Federations) and AIOWF was held during which some common issues including anti-doping and betting were addressed.

Since the conclusion of the IOC Meeting on Illegal and Irregular Sports Betting was to create a task force including government representatives, IFs and betting companies, it is recommended that the AIOWF members establish a code of ethics which would also address betting. The ASOIF is currently working on such a code and would provide it to AIOWF once it is done.

Heike Grösswang (GER) will take over as General Secretary of FIBT (Bobsleigh) from Ermanno Gardella who has served FIBT for 41 years.

Following the AIOWF Meeting, the IOC has informed AIOWF that the final payment from the Vancouver 2010 Games to be divided between the 7 International Federations has been reduced from \$68 million to \$51 million.

7. Sport Accord (formerly GAISF)

The 45th GAISF General Assembly took place on Friday, 8th April 2011 as part of SportAccord, which included the General Assemblies of AIOWF, ASOIF (Association of Summer Olympic International Federations), ARIFS (Association of Recognised International Federations) and the IOC Executive Board.

SportAccord 2012 will take place 20th to 25th May in Quebec (CAN) and in 2013 it will be hosted in Sochi (RUS).

During the SportAccord General Assembly in London, Hein Verbruggen was re-elected for another 4 year term as President of the organisation.

Vincent Gaillard has been appointed as new Director General of SportAccord to lead the organisation as of 1st July 2011. He joins SportAccord from the Coca Cola Company where he was involved with the strategic planning and operational delivery of Olympic Games and FIFA World Cup sponsorships since 1998.

8. Financial Matters

8.1 **Report of the Finance Commission**

Sverre Seeberg, Chairman of the Finance Commission and FIS Treasurer reported on the year-end accounts for 2010, which have been audited by Wistag AG. He stated that expenditure is in line with the budget for the time being and that income has matched expectations and in some areas exceeded these. However, it was necessary to book a loss in the accounts of CHF 8 million due to the currency collapse of the Euro and US Dollar against the Swiss franc.

Following an analysis of offers from UBS and Credit Suisse, on proposal of the Finance Commission, the Council decided to appoint Credit Suisse St. Moritz to carry out its asset management according to the FIS Investment Rules. Furthermore, the Finance Commission will review these rules which are designed to ensure FIS adopts a conservative strategy with its financial assets and manages the currency situation as effectively as possible, notably with Euro and US Dollar assets.

The Council agreed that the reference currency in all FIS Rules will remain Swiss Francs.

8.2 **Financial Support for Seminars**

The Council approved a number of seminars and training courses for the Technical Committees' various TD, judges homologation, trainer seminars and courses. The Council requested the FIS Finance Manager to review the details of the costs due to the variation of costs between the different disciplines for the same activities.

8.3 **Requests for financial support – FIS Solidarity**

On proposal of the FIS Finance Commission, the Council decided to support a number of projects and requests for assistance that conform with the criteria for FIS Solidarity applications from the National Ski Associations of Argentina, Armenia and Chile.

The Council decided that all National Ski Association financial support, solidarity projects, as well as other payments wherever possible will be paid out in Euros or US Dollars.

8.4 Aid and Promotion Programme for Developing Ski Nations

At its Meeting in Antalya, the Council approved the written report on the programme "Aid and Promotion for developing ski nations" for 2010/2011 and the budget for the period 1st May 2011 - 30th April 2012.

It was possible to approve the budget for the coming activity year, even though it exceeds the amount of the registration fees from the candidates for the FIS World Championships in 2016 and 2017, since there are reserves from the previous period of the Aid & Promotion programme.

The Council acknowledged the comprehensive activities for the developing ski nations through the programme and the active participation of many new nations that are building up their competence.

8.5 Marc Hodler Foundation

The Council as the Patronage Committee of the Marc Hodler Foundation acknowledged the accounts per 31st December 2010.

8.6 FIS Travel AG

The Council acknowledged the year-end accounts of FIS Travel Service takes the turbulence with which showed the agency to have concluded with a modest profit. The organisation of the FIS Congress 2012 is well underway and the prices for the package arrangement will be communicated in August 2011.

8.7 FIS Marketing AG

The report in relation to FIS Marketing AG is under item 9.4.

9. Marketing, Public Relations and Special Projects

9.1 Sponsorship agreements

At its Meeting in Ljubljana, the Council acknowledged the present status of sponsorship and partner agreements:

FIS World Cup Title Sponsors

Presenting sponsor Cross-Country World Cup

"Viessmann" signed up to 2013/2014

Title sponsor Ski Jumping World Cup

"Bauhaus" signed up to 2011/2012

presented by "Viessmann" approved up to 2011/2012

Title sponsor Nordic Combined World Cup

"DKB" signed up to 2011/2012

presented by "Rauch" approved up to 2011/2012

Title sponsor Alpine World Cup

Audi signed up to 2011/2012

Title sponsor Freestyle World Cup
under negotiation (see report FIS Marketing on pages 66 to 68)

Title sponsor Snowboard World Cup
"LG Electronics" agreed for the season 2011/2012

Additional FIS partners

FIS official cars
"Audi" signed up to 2011/2012

FIS clothing partner
"Halti" signed up to 2013/2014

FIS World Cup trophies/medals
"Joska" signed up to 2011/2012

Copy/fax service
"RicoH", not renewed as sponsor of Ski Jumping data service and therefore as partner

Starting bibs, etc.
"O. Stalder AG", under negotiation

Snowmaking Service
"Sufag" signed up to 2013/2014

Cableways
"Doppelmayr"/"Garaventa" agreed until 2011/2012

Temporary infrastructure
"Nüssli" signed up to 2011/2012

Telecommunications
"Riedel Communications" (Telecom Sportservice), under negotiation

Data and timing sponsors and service providers of the FIS World Cups

Timing service FIS Cross-Country World Cup
"Polar", under negotiation

Data service FIS Cross-Country World Cup, FIS Ski Jumping World Cup World Cup, FIS Nordic Combined World Cup,
ST Sportservice, signed up to 2013/2014

Data and timing service and sponsor FIS Alpine World Cup
"Longines" with service by Swiss Timing agreed in principle for 2011 to 2021 subject to contract

Timing and data service FIS Freestyle World Cup
Swiss Timing, signed up to 2013/2014

Data service FIS Snowboard World Cup
"LG Electronics" agreed for the season 2011/2012 with service by Swiss Timing signed up to 2013/2014

Timing service FIS Snowboard World Cup
"Swatch", signed up to 2013/2014

9.2. FIS Alpine World Cup Data and timing service

Longines and Swiss Timing have submitted a formal offer as the Official Timekeeper of the FIS Alpine World Cup and FIS Alpine World Ski Championships to provide the timing and data services free of charge, as well as a significant financial contribution for the corresponding marketing rights.

The Council expressed its great pleasure about this commitment shown by a long-term and loyal support of skiing, after many years of various negotiations to try to secure a partner for these services and rights. Furthermore, the Council confirmed that all Organisers on the World Cup calendar are obliged to participate in the global contract, since any exceptions would invalidate the offer and contract.

Concerning the division of income for the various Organisers, the Council commissioned the Finance Commission to prepare a split of revenues for decision, in doing so recognising the decision taken by the FIS Congress in 2006 whereby the National Ski Associations and Organisers that were able to sell these rights would receive the same level of net revenues.

Thereafter, the Council approved the proposal submitted by Longines and Swiss Timing and mandated the President, Secretary General and Chairman of the Finance Commission to handle the negotiations with the European Broadcasting Union and its commercial partner in regard to rights for the FIS Alpine World Ski Championships and to conclude the contract with Longines and Swiss Timing.

9.3 "Bring Children to the Snow"

At its Meeting in Ljubljana the Council reviewed the latest activities from the past season in relation to the Bring Children to the Snow Campaign and received the report on the inaugural FIS World Snow Day that will be carried out on 22nd January 2012.

During the season many discussions took place with different stakeholders including the ski industry, tourism organisations, the international ski instructor's association, the ski lift association, government representatives, as well as numerous Organising Committees of FIS World Cup events in relation to the World Snow Day concept.

Key activities that have taken place over the past six months include:

Activating Snow Desire: International Communication Campaign

- The concept and planning for the first FIS World Snow Day on the 22nd January 2012 is well underway and was presented to several Committees, World Cup Organisers' seminars and other stakeholders during the FIS Calendar Conference in Portoroz (SLO) in June 2011. To help manage the

project Andrew Cholinski has been recruited to the World Snow Day team to complement his studies in the final year of his double degree as Bachelor of Management in Leisure and a Bachelor of International Studies at the University of Technology Sydney. A former competitive snowboarder until the age of 18 he has travelled all over Europe, Japan, Canada and North America. As part of his International Studies degree, Andy is living in Fribourg (SUI) for one year and will primarily be responsible for the website development and WSD communications.

- There have been many new developments in connection with the FIS World Snow Day, one of them is the website www.world-snow-day.com which was launched at the FIS Calendar Conference in Portoroz in June. At the same time the registration process for local event organisers was made available.
- The website will be the key promotional platform for the World Snow Day and its event organisers. It is home to a huge array of tools from event locators to event profiles, World Snow Day event planning guides, event ideas and finally a live update system which allows event organisers to update their profile and keep people informed of their event's progress.
- The 10 Rules for Conduct for skiers and snowboarders in the new FIS SnowKidz 'look' were finalised. Templates in three languages (En, Fr, Ge) are available and the international response has been very positive. Two NSAs have already taken advantage of translating the template in their own language.
- The electronic toolkit for the National Ski Associations on the website continues to grow. The number of visitors and requests for login for the member section of the www.fis-snowkidz.com website has significantly increased during the last year. The new FIS SnowKidz design for 'Ten Rules of Conduct' was one of the major triggers of interest among the nations as well as support for youth and children projects with gifts for children in FIS SnowKidz design.
- The 2nd FIS SnowKidz Award will be presented at the 48th International Ski Congress in May 2012 to recognise and promote the best examples of bringing children to the snow in varying national circumstances. Some revision of rules and optimisation of the application process is underway.

Enabling Snow Experience: National Activity Campaign

- Upon announcement of the World Snow Day, positive international interest has been growing. Several nations are in the process of planning activities in connection with the first World Snow Day in 2012.
- During last season's FIS World Championship across all FIS disciplines, many children had the unique possibility to try out different snow activities and meet their ski heroes. In connection with the FIS Nordic Ski Championships in Oslo, more than 200'000 youth and children had the chance to explore, enjoy and sample great experiences ahead of, during and after the championships.
- More than ten National Ski Associations and World Cup Organisers took advantage of using the FIS SnowKidz event materials, including three tents, numerous beach flags and banners. During the season FIS office supported

several National Ski Associations and World Cup Organisers with promotional gifts in FIS SnowKidz design for ongoing youth and children projects.

Upcoming Activities Season 2011/2012

- Finalisation of the World Snow Day concept and launch of website at www.world-snow-day.com
- Presentation of FIS World Snow Day to various committees and National Ski Associations and their World Cup Organisers at the 2011 FIS Calendar Conference in Portoroz (SLO).
- Completion of various communication and promotional tools.
- Start of registration process for World Snow Day event organisers in June 2011
- Close cooperation with National Ski Associations and other stakeholders to define details of 'showcase' activities for the first World Snow Day, 22nd January 2012.
- Redefinition of the FIS SnowKidz Award criteria and application process for the 2nd Award during the FIS Congress in 2012 in Kangwonland (KOR)
- Continuing development and support of the campaign website and tools.
- Planning of the Youth and Children's Seminar for the autumn meeting in Zurich (SUI) 2011, which will focus on the FIS World Snow Day among other things.
- Further integration of selected FIS SnowKidz Meeting Points to the World Cup events across all FIS disciplines for season 2011/2012.

9.4 FIS Marketing AG

The Council acknowledged the report of Christian Pirzer, CEO of FIS Marketing AG and the progress being made with the various projects, notably the marketing of the FIS Cross-Country World Cup that was successfully carried out for the first time in 2010/11.

As from 2012/13, FIS Marketing will handle the title sponsorship for the three Nordic disciplines and Viessman has agreed to be the title sponsor.

The overall financial result of the company is better than originally anticipated and it is projected that there will be profit in 2012. In the meantime, the Council agreed to provide an interim loan of € 50'000 to bridge FIS Marketing's shortfall from the financing of the marketing rights for the Cross-Country World Cup from the 2010/11 season.

10. Anti-Doping

10.1 International Doping Cases

The Council acknowledged the report of the Chairman of the FIS Doping Panel Patrick Smith.

| Name | Nat | Disc. | Event tested | Substance/ Method | Sanction |
|----------------|-----|-------|----------------------|-------------------|--|
| STONE, Zachary | CAN | SB | ICT WSC La Molina | cannabis | 12 months; 15.01.2011 - 15.01.2012 |

In addition to the above case, on 5th June 2011, the doping panel undertook the hearing of Andres Veerpalu, Estonian Cross-Country skier who tested positive for human growth hormone (hGH) following an out-of-competition test conducted by WADA in Otepää (EST) on 26th January 2011.

10.2 National Doping Cases

In accordance with the World Anti-Doping Code, FIS is not entitled to review and/or amend decisions of doping cases from tests that have been carried out by the National Anti-Doping Agencies, but both FIS and WADA may appeal any decisions to the Court of Arbitration for Sport (CAS) in the event that either organisations believe that an inappropriate decision has been taken (in accordance with the relevant rules and deadlines).

| Name | Nat | Disc. | Event tested | Substance/Method | Sanction |
|---------------------------|-----|-------|---------------------------------------|--|--|
| TSVIKLINSKII, Dmitriy | RUS | SJ | OOCT | amphetamine | 2 years; 07.10.2010 - 07.10.2012 |
| BOYARINTSEV, Vladislav | RUS | SJ | OOCT | marihuana | 3 months; 07.10.2010 - 07.01.2011 |
| BACKSCHEIDER, Adrien | FRA | CC | ICT, WSC Roller skiing | furesomide | No sanction |
| | | | Filing Failure (no whereabouts) | According to art. 2.4, 10.3.3 and 12 Doping Statute Swiss Olympic | 18 months, 02.03.2011 – 02.09.2012 |
| FELDMANN Rolf | SUI | SB | | | |

10.3 WADA

The previous meeting of the WADA Executive Board took place on 19th and 20th November 2010 with the next meeting scheduled for 13th and 14th May 2011.

WADA has appointed a new Director of its European Office who is responsible for communication with the International Federations, Frédéric Donzé (SUI). He has been working for WADA as its Communications Director for the past eight years based in Montreal (CAN).

The next World Anti-Doping Conference that will revise the World Anti-Doping Code will take place in 2013.

11. Appointment of Jury Members

The Council made a number of new appointments (in bold type) for the FIS World Championships. The following list includes all officials appointed for events in the coming years including also those previously appointed:

2011 FIS Roller Ski World Championships, Aure/Kristiansund (NOR)

Technical Delegate
TD Assistant

Özkan Koyuncu, (TUR)
Martins Niklass (LAT)

12. Key technical officials in World Championships Organising Committees

The Council approved the following proposals of the Organising Committees for their key technical officials:

2012 FIS Alpine World Ski Junior Championships, Roccaraso (ITA)

| | |
|---------------------------|------------------|
| Chief of Competition | Valerio Ghirardi |
| Ass. Chief of Competition | Gianni Poncet |
| Chief of Course Ladies | Valerio Ghirardi |
| Race Secretary | Elena Gaja |

2012 FIS Nordic Junior World Ski Championships, Erzurum (TUR)

Cross-Country

| | |
|---------------------------|-----------------|
| Chief of Competition | Özkan Koyuncu |
| Ass. Chief of Competition | Abdullah Yilmaz |
| Race Secretary | Şule Billur |
| Chief of Course | İlhan Erzurum |
| Chief of Stadium | Nejdet Çetin |

Ski Jumping

| | |
|---------------------------|-----------------|
| Chief of Competition | Yüksel Özkavci |
| Ass. Chief of Competition | Fatih Kiyici |
| Race Secretary | Yavuz Konca |
| Chief of Hill | Armağan Hayirli |

Nordic Combined

| | |
|---------------------------|---------------|
| Chief of Competition | Necati Kaplan |
| Ass. Chief of Competition | Orcan Mizrak |
| Race Secretary | Tecer Atsan |
| Chief of Hill | Faruk Karataş |
| Chief of Course | Murat Serbes |

2012 FIS Ski Flying World Championship, Vikersund (NOR)

| | |
|-----------------------------|------------------------|
| Chief of Competition | Ole Gunnar Fidjestol |
| Ass. Chief of competition | Ole Bremseth |
| Race Secretary | Åsmund Jahr |
| Chief of Hill | Odd Brandtenborg |
| Chief of First Aid Services | Åke Erling L. Andresen |

2013 FIS Alpine World Ski Championships, Schladming (AUT)

| | |
|----------------------------------|-------------------|
| Chief of Competition Ladies | Manfred Steiner |
| Chief of Competition Men | Rudi Stocker |
| Ass. Chief of Competition Ladies | Herbert Thaler |
| Ass. Chief of Competition Men | Heinz Sieder |
| Chief of Course Ladies | Günther Peroll |
| Chief of Course Men | Bernhard Schupfer |
| Race Secretary | Manfred Wartinger |

2013 FIS Nordic World Ski Championships, Val di Fiemme (ITA)

Cross-Country

| | |
|---------------------------|-------------------|
| Chief of Competition | Marco Mapelli |
| Ass. Chief of Competition | Ivan Vanzetta |
| Race Secretary | Silvia Vaia |
| Chief of Course | Giuseppe Brigadoi |
| Chief of Stadium | Ciro Tomasi |

Ski Jumping

| | |
|---------------------------|-------------------|
| Chief of Competition | Sandro Sambugaro |
| Ass. Chief Of Competition | Ezio Brigadoi |

| Ass. Chief of Competition | Tim O'Brien |
| Race Secretary | Nelly McDonald |
| Chief Doctor | Dr Francois Marquis |
| Course maintenance Chief | Charles Turcotte |
| Technical Director | Félix-Antoine Berubé Dufour |
| Chief of Course | Geneviève Rainville (SBX), Phil Pilon (HP), Steve Faribain (SBS), Rémi Laliberté (BA), Pierre Béranger (PGS / PSL) |

13. FIS World Cup Calendars 2011/2012 to 2013/2014

On proposal of the respective Technical Committees, the Council confirmed the minor modifications submitted by the respective Technical Committees to the FIS World Cup calendars 2011/2012 with the exception of Freestyle Skiing (please see following pages for the respective calendars).

Furthermore, the Council approved the calendars for the following seasons and made the following comments:

- The Ski Jumping Committee is requested to review the calendar for Ladies Ski Jumping 2011/12 due to the excessive travelling.
- The Council agreed that the proposal from the Committee for Nordic Combined to have three instead of two events on certain weekends would be carried out on a trial basis for 2011/12 and reviewed in spring 2012.
- The calendar for Freestyle Skiing 2011/12 was tabled for the inclusion of Ski Halfpipe events following its recent inclusion on the programme of the Olympic Winter Games. Several nations France, Norway and Switzerland have submitted bids that are being reviewed.
- The Alpine World Cup Sub-Committee was requested to take the following remarks into account:
 - Consideration for technical races in central Europe, Czech or Slovakia before 2015

- Council Member Peter Schroecksnadel raised concern about having four races taking place in one location. He proposed to consider a Tuesday evening race for giant slalom or slalom.
- In view of the upcoming FIS Alpine World Ski Championships, Vice-President Bill Marolt requested consideration of a giant slalom in Beaver Creek in 2013/14 and 2014/15.

14. Proposals and requests from the National Ski Associations

14.1 Change of licence

The Council approved the following proposal for a change to the rules for FIS licence registration. The key element is that the Council will review all applications and the principle will be only to allow a transfer of FIS licence registration when a competitor's life circumstances change. Furthermore, the Council agreed that applications should only be submitted before the FIS Licence year begins, therefore by the spring Meeting of the Council:

Art. 203: Change of Licence to participate in FIS Races

203 Licence to participate in FIS Races (FIS Licence)

A licence to participate in FIS races is issued by a National Ski Association to competitors who fulfil the criteria for participation through registering the competitor with FIS in the respective discipline(s).

- 203.1 The FIS licence year begins on July 1st and finishes on June 30th of the following year.
- 203.2 To be eligible for participation in FIS events, a competitor must have a licence issued by his National Ski Association. Such a licence shall be valid in the Northern and Southern hemispheres for the licence year only. The validity of a licence can be limited to participation in one specific country or in one or more specific events.
- 203.2.1 The National Ski Association must guarantee that all competitors registered with a FIS License to participate in FIS races accept the Rules of the International Ski Federation, in particular the provision which foresees the exclusive competence of the Court of Arbitration for Sport as the court of appeal in doping cases.
- 203.3 A National Ski Association may only issue a FIS licence to participate in FIS races when the competitor has proven his/her nationality and therefore eligibility by submitting a copy of his/her passport and signed the Athletes Declaration in the form approved by the FIS Council and returned it to his National Ski Association. All forms from under-age applicants must be counter signed by their legal guardians. Both the copy of the passport and signed Athletes Declaration must be made available to FIS on request.
- 203.4 During the FIS licence year, a competitor may only participate in International FIS competitions with a FIS licence to participate in FIS races issued by one National Ski Association.
- 203.5 **Application for a change of FIS Licence Registration**
All applications to change licence registration from one member National Ski Association to another are subject to consideration by the FIS Council at its Meetings in the spring. In principle an application to change licence registration will not be granted unless the competitor demonstrates his/her personal association with the new nation.

Prior to submitting an application to change licence registration a competitor must possess the citizenship and passport of the country for which he/she wishes to compete. In addition, the competitor must have had his/her principal legal and effective place of residence in the new country for a minimum of two (2) years immediately prior to the date of the request to change registration to the new country/National Ski Association. An exception to the two year residency rule may be waived where if the athlete was born in the territory of the new country, or whose mother or father is a national of the new country. Furthermore the competitor is required to submit a detailed explanation with the application about his/her personal circumstances and the reason for requesting a change of licence registration.

203.5.1 If a competitor has already participated in FIS calendar events for a National Ski Association, he/she must have the written agreement to be released from the former National Ski Association in addition to the citizenship, passport and residency requirements in art. 203.5 before the new National Ski Association may submit a request to FIS for a change of registration.

If such a written agreement is not given, the competitor may not participate in any FIS calendar events for a period of twelve months from the end of the last season in which he competed for his present National Ski Association, nor may he/she be issued with a licence to participate in FIS races by the new National Ski Association. These rules are also valid when a competitor has more than one nationality and would like to change National Ski Association licence registration.

203.5.2 The FIS Council reserves the right in its absolute discretion, to grant or to decline to grant, a change of licence notwithstanding the fulfilment of the aforementioned conditions where it deems ~~there to be truly exceptional circumstances and~~ it is contrary to the spirit of the rule and in the best interests of ~~snow sport~~ the International Ski Federation to do so (e.g. to decline to grant a change of licence if a member National Ski Association tries to "import" a competitor).

203.5.3 In the event that a competitor does not fulfill all the criteria required to apply for a change of National Ski Association licence registration, the onus shall be on the ~~athlete-competitor~~ to demonstrate in writing to the satisfaction of the FIS Council that ~~such~~ exceptional circumstances exist and it is in the best interests of the International Ski Federation to grant the change.

203.5.4 ~~Every~~ A competitor will retain his old FIS points if he changes his National Ski Association. The FIS Council may grant exceptions for justifiable cases under the condition that the former National Ski Association granted the release of the competitor.

203.5.5 In the event that any of the documents for an application to change licence registration submitted by the National Ski Association (letter of release from the former National Ski Association, passport, residency papers) are found to be false, the FIS Council will sanction the competitor and the new National Ski Association.

At its Meeting in Ljubljana the Council approved the following change of licence registrations that are in compliance with the newly-approved regulations:

Alpine Skiing

- **Andrey Konstantinov**, born 1990 - change from Russia to Israel
- **Lucy Maynard**, born 1994 - change from Great Britain to USA
- **Marvin Van Heek**, born 1991 (also a Freestyle Skiing athlete) - change from France to the Netherlands
- **Ghassan Achi**, born 1993 - change from Lebanon to Canada
- **Adam Lamhamedi**, born 1995 - change from Canada to Morocco
- **Alek Glebov**, born 1983 - change from Slovenia to Russia
- **Karen Métrailer**, born 1992 - change from Switzerland to Spain
- **William Duke**, born 1995 - change from USA to Argentina
- **Philipp von Feilitzsch-Hanley**, born 1995 - change from USA to Germany
- **Edith Miklos**, born 1988 - change from Romania to Hungary
- **Youri Danilochkin**, born 1991 - change from Russia to Belarus

Cross-Country Skiing

- **Michail Semenov**, born 1986 - change from Russia to Belarus
- **Denis Volotka**, born 1985 - change from Russia to Kazakhstan

Freestyle Skiing

- **Perrine Pelican Costa**, born 1988 - change from France to Spain

Snowboard

- **India Stephenson**, born 1992 - change from USA to Great Britain

* * *

Cayman Islands

The Council confirmed that for FIS registration, it is necessary to have a Caymanian passport and not only a British Overseas Territory passport with Cayman Status as evidenced by a Government stamp contained in the passport which determines the right of permanent abode and the right to live and work in the Cayman Islands. This policy is also adopted by the IOC in relation to participation in the Olympic Winter Games and Youth Winter Olympic Games.

14.2 Proposals and requests from the Technical Committees

The majority of the Technical Committees and their Sub-Committees met in Portoroz (SLO) from 31st May to 5th June 2011 and the following proposals were approved by the Council at its Meeting in Ljubljana:

ICR - 200's (all disciplines)

- 225.1.2 The Chairman shall appoint 3 members, which may include himself, to the Appeals Commission from the Discipline Rules Sub-Committee ~~(or Discipline Committee if there is no Rules Sub-committee)~~ for each case appealed or submitted to be heard, whose decisions shall be by majority vote.

The Cross-Country Committee

International Competition Rules

- 317.1.2 ~~For all mass start competitions the coaches must maintain a fixed position while giving refreshment to the competitor. While giving refreshments to the competitors, coaches must maintain a fixed position.~~
- 320.2.4 At OWG, WSC, JWSC, ~~and~~ WC and COC competitions, FIS officials and Jury members must be provided a working room with a good view on the stadium in the immediate vicinity of the stadium.
- 335.1.1 After the draw at OWG, WSC, JWSC and international competitions with limited team entries, reserves may only be substituted for a competitor if the originally drawn competitor cannot start due to force majeure (injury, illness, etc., certified by a medical doctor) and if the Jury permits the substitution. If the withdrawn competitor was selected for doping control then this test must still be carried out and must also be carried out on the substitute competitor. If the withdrawn competitor produces a positive test, no substitute is allowed.
- In case of an accident during the warming up the Jury can permit the substitution later than 2 hours before the start if the accident is reported to and certified by the OC's Medical Doctor or Medical Service.
- 340.1.4 In all competitions obstruction is defined as deliberately impeding, blocking (by not following best line), charging or pushing any competitor with any part of the body or ski equipment. When overtaking occurs, competitors must not cause any obstruction. ~~In general it is the responsibility of the overtaking skier to avoid any obstruction.~~
The responsibility for a correct passing without obstruction is on the overtaking skier. The overtaking skier must have his/her skis in front of the skis of the overtaken skier before skiing a best line.
- 340.1.7 For OWG, WSC and WC, in Pursuit competitions, Mass start, Team Sprint and Relay competitions, competitors or teams, who are lapped or instructed by competition officials to stop the competition, must abandon the competition. In all competitions the competitors or teams will be ranked in the final results (no time) according to their ranking at their last intermediate timing point last position when on the course.

- 342.1.1 Ski marking will not be used unless requested in advance by the sanctioning body of the competition. For purposes of control, both skis are marked immediately before the start. The competitor must come to the official marking place in person and in due time wearing his starting bib.
- 351.5.1 For competitions using interval starts or pursuit starts (Pursuit with a break) any competitor who makes a false start will not be recalled to the start line by a race official or Jury Member. These false start infractions must be reported to the Jury and the Jury will decide on the appropriate sanction.
- Early start infractions will normally be sanctioned by minimum 15 seconds penalty added to actual start time.
- 351.3.2 The mass start should be carried out using a handicap start system. This means that the highest ranked athlete (FIS Points List) has the most favorable start position followed by the next highest ranked athlete or team etc. This can be organized using angled start lines (arrow >>>) with each competitor separated by a fixed distance interval.
- Number one will be in the middle position, even numbers are placed on the right and odd numbers on the left side of the arrow.
- 352.1.3 For OWG, WSC, WJSC and WC sprint qualifying round, sprint heats and team sprint semi-finals, start and finish times are recorded to 1/1000 precision and the final result is determined to 1/100 precision. For other FIS sprint competitions it is possible to use timing equipment that only has 1/100 precision but still the final results report the hundredths of a second.
- 360.3.2.2 For the 6th positions in the semi-final heats the next two fastest competitors from the quarterfinal heats who are ranked 3rd or 4th will be advanced. The fastest will be assigned to S1 and the next fastest to S2. For the A-Final the 1st & 2nd ranked competitor from each Semi-final heat are assigned to the A-Final plus the next 2 fastest competitors from either Semi-final heat who are ranked 3rd or 4th will also be assigned to the A final, all other Semi-finalists are assigned to the B-Final. In case of equal times in the heats for positions 5 and 6 (lucky losers), their qualification times will apply. If the tie still remains current sprint FIS points will apply; if tie still remains, then it will be broken by a draw.
- 360.3.10 Obstructions can also be sanctioned by competition suspension (ranking the competitor in last place of the relevant heat and relevant round) accompanied by a written reprimand (see art. 223.3)
- 360.6.2 During quarter- and semi-finals, ICR 224.7 does not apply.
- 361.3.1 The team with the lowest sprint-points among distance and sprint FIS points of relay team members starts as number one, the team with the second lowest score as number two and so on. In the

case of more teams having an equal total score, the team with the lowest point-holder starts ahead of the other. If this is not sufficient to determine the starting order, then starting order is drawn by lot.

361.3.3 The start position for the finals will be according to the results from the semi-finals (rankings followed by times).

361.5.3 A ski preparation zone must be provided close to the exchange zone. ~~One service man per team is allowed to work on the competitor's skis during the semifinal and final heats. The jury decides on the number of service men per team and the use of waxing tables depends on the space in this zone and has to be decided by the jury.~~

World Cup Rules

3.2 Participation and Penalties

The 10 5 best nations (Ranking Team World Cup 2010/11) according to the gender ranking (Top 5 Ladies' Teams and top 5 Men's Teams) have to start in all the World Cup competitions during the season 2011/12 except one FIS World Cup weekend.

If a team has a quota of:

5 and more at least 3 athletes have to start

3 – 4 2 athletes have to start

2 and less 1 athlete has to start

If those teams are not attending one of the World Cup competitions, these teams have no right to start at the following World Cup weekend.

The best 5 Teams for the whole season 2011/12 are as follows:

Ladies:

1. Norway

2. Sweden

3. Italy

4. Finland

5. Poland

Men

1. Norway

2. Russia

3. Sweden

4. Switzerland

5. Italy

3.4 National quota

The organising country has the right to enter a maximum of ten (10) additional competitors as "national quota". Those competitors must have a FIS code number and have reached during the last 365 days at least one (1) result better than or equalizing:

- For distance competitions: 120.00 FIS points in a distance competition
- For sprint: 120.00 FIS points in a sprint or distance competition

Due to the reduced size of the starting field, the World Cup Final organising country has the right to enter a maximum of five (5) additional competitors as "national quota" in a neighboring organising country at one event during the same calendar period.

3.5.1 Number of team officials (staff quota)

A maximum number of team officials is fixed for each NSA. The quota is calculated according to the nation's quotas 2011-2012 (see art. 3.1.3):

| <u>Number of athletes Q = Q1+Q2+Q3+Q4</u> | <u>Staff Quota</u> |
|---|--------------------|
| <u>>22</u> | <u>22</u> |
| <u>20 - 22</u> | <u>18</u> |
| <u>17 - 19</u> | <u>15</u> |
| <u>14 - 16</u> | <u>13</u> |
| <u>12 - 13</u> | <u>11</u> |
| <u>11</u> | <u>9</u> |
| <u>10</u> | <u>7</u> |
| <u>9</u> | <u>6</u> |
| <u>Basic = 8</u> | <u>5</u> |

Each nation will receive a number of World Cup bibs equal to the Staff Quota.

Rights for World Cup prices (accommodation rules art. 13 and transportation rules art. 11.) are guaranteed for all these officials .

The Teams are allowed to enter additional staff members with no right for World Cup prices. Additional World Cup bibs will be charged (20€ per bib), limited (maximum 35 bibs in total) and have to be ordered before 1st October (through the FIS Office).

5.1. Starting Order for Interval Start (distance races)

Trial in Beitostölen for 10 and 15 km (Single Start)

At the World Cup event, the starting order for the interval start will be as follows:

The 30 best athletes according to the current World Cup Standings registered to compete will start in reverse order as the last group according to the current World Cup Standings, but between all the Seeded athletes, registered athletes with highest FIS points will start. The athletes with the highest FIS points will be set as first of those athletes.

From the first start number to the beginning of the last group (top 30 of the current World Cup Standings and athletes with highest

FIS points), the athletes have assigned starting numbers according to their FIS points, higher FIS points start first.

If the trial works well, this format will continue for start interval competitions (except interval starts in the Stage events) during the World Cup season 2011/12.

7.2 Qualification Team Sprint Finals

The best 2 teams are directly qualified according to the semi-final result, the rest of the teams will be qualified according to the times in the semi-finals.

9. Registration and entries

Teams and SRS companies must use the FIS online registration system for:

- Season accreditation requests
- Accommodation reservations and requests
- Transportation requests
- Special requests concerning wax cabins
- Entries by name

New Name for "Pursuit"

The Cross-Country Committee proposes to change the name of the "Pursuit" competitions to "Skiathlon".

Standard Cross-Country Programme at the FIS Nordic World Ski Championships

| | |
|-----|---|
| Wed | Qualification 5 km F Ladies and 10 km F Men |
| Thu | Sprint C Ladies and Men |
| Sat | Pursuit Ladies / Pursuit Men |
| Sun | Team Sprint F Ladies and Men |
| Tue | 10 km Ladies |
| Wed | 15 km Men |
| Thu | 4 x 5 km Ladies |
| Fri | 4 x 10 km (Men) |
| Sat | 30 km Ladies |
| Sun | 50 km Men |

The Jumping Committee

International Competition Rules

414.1 New or Reconstructed Jumping Hills

414.1.1 Before the start of hill construction, the owners of the jumping hill must submit their plans to the hosting National Ski Association. The plans are then submitted for approval to the chairman of the Sub-Committee of Jumping Hills as well as to the Jumping Committee for confirmation of logistical and organisational aspects. This process shall be done for both new and reconstructed jumping hills. It is a

submission requirement to submit 3 copies of the plans, 1:500 scale, including both profile and aerial view of the proposed jumping hill.

414.2.1.1 Homologation for Jumping Hills which are intended to be used for international competitions can only be granted if all requirements and measures demanded by the Jumping Committee, given under Art. 414.1.4, are kept.

World Cup Rules Ladies 2011-2012

- 2.2 Allowed to start are:
- Competitors, who are already 15 years old within the week of a competition period;
 - Competitors, who have already gained GP-L or WCJ-L-points;
 - Competitors, who have gained at least one COCJ-L point of the past or of the current season.

- 3.2 Team and Mixed Team Competitions
- | | |
|------------------------------------|------------------------------------|
| 1 st place = 400 points | 5 th place = 200 points |
| 2 nd place = 350 points | 6 th place = 150 points |
| 3 rd place = 300 points | 7 th place = 100 points |
| 4 th place = 250 points | 8 th place = 50 points |

- 3.2.4 WCJ Nation Cup
The sum of the points of all competitors from one nation of all WCJ competitions (Ladies) of the current season – including the points of the team and share of mixed team competitions – will be taken into consideration for the WCJ evaluation per nation.

- 5.1 Prize-Money
The Organising Committee must provide prize-money of at least the following amount in Swiss Francs (CHF) per competition:

Single competition: CHF 17'940.—, divided between the top 15 athletes as follows:

CHF 30.— per World Cup point achieved:

| | | | | | |
|----|-----|---------|-----|-----|-------|
| 1. | CHF | 3'000.— | 10. | CHF | 780.— |
| 2. | CHF | 2'400.— | 15. | CHF | 480.— |
| 3. | CHF | 1'800.— | | | |

Team competition Ladies: CHF 10'000.—, divided between the top 3 teams:

| | | |
|----|-----|---------|
| 1. | CHF | 6'000.— |
| 2. | CHF | 3'000.— |
| 3. | CHF | 1'000.— |

(Mixed team competition see World Cup Rules Men, art. 5.1)

The prize-money shall be paid electronically by bank transfer.

6.1 Nations' Quota for the Reimbursement of Expenses
The national quota for the participating nations will be determined as follows:

Each National Ski Association has the right to be reimbursed for a maximum of ~~six (6)~~ four (4) athletes.

The number of officials that have to be taken over will be determined according to the following standards:

Key for the quota of officials:

1 – ~~3~~ 4 athletes 2 officials

~~4 – 6 athletes – 3 officials~~

6.2.2 Travel Expenses

The WCJ-Organiser has to pay the following minimum travel reimbursement per person, according to the travel regions established by FIS for travel costs, based on Swiss Francs (CHF):

1. Organisers of group A have to pay:

| | |
|--|------------------|
| <u>- for quota from a country in group A</u> | <u>CHF 80.—</u> |
| <u>- for quota from a country in group B</u> | <u>CHF 100.—</u> |
| <u>- for quota from a country in group C</u> | <u>CHF 100.—</u> |
| <u>- for quota from a country in group D</u> | <u>CHF 150.—</u> |
| <u>- for quota from a country in group E</u> | <u>CHF 175.—</u> |

2. Organisers of group B have to pay:

| | |
|--|------------------|
| <u>- for quota from a country in group A</u> | <u>CHF 100.—</u> |
| <u>- for quota from a country in group B</u> | <u>CHF 80.—</u> |
| <u>- for quota from a country in group C</u> | <u>CHF 100.—</u> |
| <u>- for quota from a country in group D</u> | <u>CHF 150.—</u> |
| <u>- for quota from a country in group E</u> | <u>CHF 175.—</u> |

3. Organisers of group C have to pay:

| | |
|--|------------------|
| <u>- for quota from a country in group A</u> | <u>CHF 100.—</u> |
| <u>- for quota from a country in group B</u> | <u>CHF 100.—</u> |
| <u>- for quota from a country in group C</u> | <u>CHF 80.—</u> |
| <u>- for quota from a country in group D</u> | <u>CHF 150.—</u> |
| <u>- for quota from a country in group E</u> | <u>CHF 175.—</u> |

4. Organisers of group D have to pay:

| | |
|--|------------------|
| <u>- for quota from a country in group A</u> | <u>CHF 150.—</u> |
| <u>- for quota from a country in group B</u> | <u>CHF 150.—</u> |
| <u>- for quota from a country in group C</u> | <u>CHF 150.—</u> |
| <u>- for quota from a country in group D</u> | <u>CHF 80.—</u> |
| <u>- for quota from a country in group E</u> | <u>CHF 175.—</u> |

5. Organisers of group E have to pay:

| | |
|--|------------------|
| <u>- for quota from a country in group A</u> | <u>CHF 175.—</u> |
| <u>- for quota from a country in group B</u> | <u>CHF 175.—</u> |
| <u>- for quota from a country in group C</u> | <u>CHF 175.—</u> |
| <u>- for quota from a country in group D</u> | <u>CHF 175.—</u> |
| <u>- for quota from a country in group E</u> | <u>CHF 80.—</u> |

6.2.2.1 The FIS members are divided into five travel- resp. organiser-regions as follows:

- 1) Northern Europe Group A
(DAN, EST, FIN, ISL, NOR, SWE)
- 2) East Europe Group B
(BLR, BUL, GEO, LAT, LTU, RUM, RUS, UKR, UZB)
- 3) Middle and South Europe Group C
(AND, AUT, BEL, BIH, CRO, CZE, FRA, GER, GBR, GRE, HUN, IRE, ITA, LIE, LUX, MON, NED, POL, RSM, SPA, SVK, SLO, SUI, TUR)
- 4) Overseas I Group D
ALG, CAN, EGY, IRA, ISR, LIB, MAR, MEX, RSA, SEN, SUD, SWZ, USA, ZIM)
- 5) Overseas II Group E
(ARG, AUS, BRA, CHI, CHN, FIJ, GUA, HON, KAZ, JPN, KOR, PRK, MGL, NZE, PHI, PUR, URU, ISV)

10. Control

The FIS nominates a WCJ-L Coordinator who must possess a TD-license for Ski Jumping (see ICR Art. 403.5).

The WCJ-L Coordinator reports to the Race Director Ski Jumping.

The respective organiser has to pay for accommodation, board and travel expenses of the WCJ-L Coordinator.

World Cup Rules Men 2011-2012

2.2 Allowed to start are:

- a) Competitors, who are already 15 years old;
- b) Competitors, who have already gained GP or WCJ-points;
- c) Competitors, who have gained at least one COCJ-M point of the past or of the current season.

3.2 Team and Mixed Team Competitions

| | |
|------------------------------------|------------------------------------|
| 1 st place = 400 points | 5 th place = 200 points |
| 2 nd place = 350 points | 6 th place = 150 points |
| 3 rd place = 300 points | 7 th place = 100 points |
| 4 th place = 250 points | 8 th place = 50 points |

3.2.4 WCJ Nation Cup

The sum of the points of all competitors from one nation of all WCJ competitions Men of the current season – including the points of the team and share of Mixed team competitions – will be taken into consideration for the WCJ evaluation per nation.

4.2.1.2 The starting order within the group will be determined as follows:

- Group I: draw or seeding through the organising country
- Group II: draw
- Group III: reverse order of the actual WCJ standings.
For the first WCJ competition of the season, the final WCJ standings of the past season is decisive.
For the first WC competition in Ski Flying the final standings of the Ski Flying World Cup standings of the past season is decisive. As soon as athletes

appear in the World Cup Standings ([at Ski Flying individual competitions according to the World Cup standings for Ski Flying](#)), they are seeded in group III according to their ranking.

4.2.1.3.2 Qualification Ski Flying

The qualification round reduces the number of participants to 40. All jumpers, except the present top 10 in the current WCJ standings, must participate in the qualification round. The total score counts for the result.

~~In case of a double individual event, the result of the qualification round counts for both competitions (except the WCJ final, see art. 4.2.4).~~

If the host nation has not at least four athletes or more within these 40, it is entitled to enter up to four in addition for the first competition round.

4.2.2 KO System

4.2.2.2.2 The results of the fixed qualified jumpers must be integrated in the results of the qualification round.

~~In case of a reduction of the in-run gates the remaining field of jumpers will be sorted according to their scored results in a separate group which will be seeded as the best. In case of lengthening of the in-run gates or break off, the jumpers concerned will be seeded according to their WCJ ranking as the best. In case of a non-participation this is a total score of zero points, which means the last place (see also 4.2.2.3).~~

5.1 Prize-Money

The Organising Committee must provide prize-money of at least the following amount in Swiss Francs (CHF) per competition:

Team [and Mixed Team](#) competition: **CHF 70'000.—**, divided between the top 3 teams:

1. CHF 30'000.—
2. CHF 22'000.—
3. CHF 18'000.—

The prize-money shall be paid electronically by bank transfer.

The Committee for Nordic Combined

World Cup Rules 2011-2012

- 1.1.4 To support the collaboration between FIS to the National Ski Associations, Organisers, TV right holders and Marketing partners the [FIS Nordic Combined Coordinator](#) is responsible for proposing and executing the planning, marketing and promotion of the discipline.

6.2.3 The designated Technical Delegates (TD, TD-A, nat.TD), the Assistant RD, the Equipment Controller and the Jumping Judges have to be paid according to the ICR (art. 505.3). The OC has to pay for the Nordic Combined Coordinator accommodation and board.

4.2.1.4 **Provisional competition round (PCR) including Qualification (PCR/QR)**

The provisional competition round will be carried out according to the regulations for a competition round. The scores can be used as a result for the start of the CC race only if the actual competition round Ski Jumping cannot be carried out.

This score can be used only one time as a maximum for a weekend.

The PCR/QR (qualification round) reduces the number of participants to 50 for the individual competitions on a weekend. All competitors must participate in the PCR/QR. The present top 10 in the current NCWC standings are prequalified. The total score counts for the PCR result.

A competitor, who has reached 95 % of the maximum length of the longest jump by the jumpers who have to qualify but has a fall, has the right to participate in the competition in addition to the 50 athletes.

If there are 10% more than 50 competitors on the start list, they can all compete at the weekend.

4.3 **Competition enhancements**

The Council decided to permit one trial of the “Penalty Race” format during the 2011/12 season:

1. Nordic Combined “Penalty Race”

- Test event during the Summer Grand Prix 2011
- Final proposal to the FIS Council after the Nordic Combined Committee meeting in autumn 2011

Realisation of the Ski Jumping competition:

- Jumping competition with a normal starting order
- No judges' style notes
- No wind and gate compensation system using
- Only the distance and a fall will be counted
- According to the difference of length to the HS, there are corridors marked. Each corridor means one more penalty lap to run during the following Cross-Country race.

Realisation of the Cross-Country race:

- Mass start race
- All athletes with the same penalty laps after Ski Jumping start in one row
- All athletes start at the same time
- The winner of the jumping competition gets 10 bonus seconds and starts first
- After each round the athlete can run a penalty lap to reduce his lap account

- There are no restrictions for the athletes regarding the penalty laps. The athlete can decide when and how many rounds he eliminates from his lap account
- The length of the penalty round is 150 m, approx. 20 - 25 seconds

2. Nordic Combined Finals

- Only for the last competition of the season
- Start restrictions, only the best 30 from the actual World Cup standing

Realisation:

- 2 jumps followed by a 15 km race
- If possible short breaks between the 2 jumps and a short break between jumping and the race.

5.1 Prize-Money - distribution

The distribution of the prize money for an Individual competition of **CHF 33`150.—**, will be between the top 20 athletes as follows:

| Rank | WC Points | Prize-Money old x 50 | Prize-Money new |
|-------|-----------|----------------------|-----------------|
| 1 | 100 | 5000 | 8000 |
| 2 | 80 | 4000 | 6000 |
| 3 | 60 | 3000 | 4000 |
| 4 | 50 | 2500 | 2500 |
| 5 | 45 | 2250 | 2000 |
| 6 | 40 | 2000 | 1500 |
| 7 | 36 | 1800 | 1300 |
| 8 | 32 | 1600 | 1100 |
| 9 | 29 | 1450 | 920 |
| 10 | 26 | 1300 | 800 |
| 11 | 24 | 1200 | 700 |
| 12 | 22 | 1100 | 650 |
| 13 | 20 | 1000 | 600 |
| 14 | 18 | 900 | 550 |
| 15 | 16 | 800 | 510 |
| 16 | 15 | 750 | 460 |
| 17 | 14 | 700 | 430 |
| 18 | 13 | 650 | 400 |
| 19 | 12 | 600 | 380 |
| 20 | 11 | 550 | 350 |
| Total | | 33150 | 33150 |

International Competition Rules (ICR)

525.2.10 Change of poles or skis

In all competitions poles may be changed.

A single ski or a pair of ski may be changed in individual competitions, only if an "equipment exchange box/zone" is placed at the course.

In the case of a ski exchange, the competitor must do it outside of the track without help from any other people.

544 Team-Sprint

544.3 Special Regulation

The 2 x 7.5 km Sprint is to be carried out using laps of 1500 m in length, where the competitors exchange off after each lap.

After both competitors have completed two laps, the elimination modus will start, whereby the team/s which is/are overlapped is/are must abandon the competition and will be taken out by the Jury. The Nations Cup points will be awarded based on the actual standing of the team when it was taken out from the competition. Only one team per nation will get points.

The exchange area must be designed in such way, that all teams are assigned a preparation area-box (approx. 1.5 m width and 2.5 - 3 m in length). Each area-box is fenced with an opening to the exchange zone, with all All assigned areas-boxes situated within the prepared 30 to 40 m tag zone. The competitor who is not skiing must wait in his box or in this an area behind. He can be coached and make preparations to his skis. For each box is one (1) service personal for ski preparation allowed.

Nordic Combined FIS Summer Grand Prix

8. Financial Obligations

The Council decided to postpone a modification of financial obligations that was proposed by the Nordic Combined Committee to eliminate free of charge accommodation and travel money, in exchange for a higher amount of prize-money. A proposal needs to be submitted to the Council in autumn 2011 for implementation in 2012.

The Alpine Committee

Sub-Committee Classification of Alpine Competitors

Competitors Registration

2.1 Registration

- Competitors are registered by using the FOU System on the FIS website via the Members Section, <http://www.fis-ski.com/>. Change the status "active" to "inactive" for all those competitors

who should not be included on the FIS points list anymore. Competitors with the status "active" will be considered as registered for the coming season. Injured competitors must remain active with the FIS to maintain injury protection.

- All competitors who reached their 15th birthday before the end of the calendar year (Art. 607 of the ICR) will be considered. Only competitors who have signed the Athletes Declaration as per ICR art. 203.3 may be registered for a FIS License. The National Ski Association is responsible that they have appropriate insurance and have signed the FIS athlete's declaration.
Active (in the FIS points list). The status "active" remains also if athletes do not participate at a FIS event. Status changes from "active" to "inactive" can only be done between 01.06. and 31.12.
~~Inactive (not in the FIS points list). Athletes with status "inactive" will automatically be changed to "active" by FIS as soon as they participate at a FIS event.~~

FIS Points calculation / Injury Protection

4.2 FIS Points

4.2.1 Base FIS Points list (BL)(*)

The Base FIS Points list (BL) will be published middle of June.

4.2.1.1 The average of the best two results in each event during the past season will be used for the calculation of the BL list.

4.2.1.2 For a competitor who has obtained only one result in any of the alpine events (Downhill, Slalom, Giant Slalom, Super G or Super Combined), during the past season period, 20% (+) of his result will be added to the result.

4.2.1.3 For a competitor who has not obtained results in any of the alpine events (Downhill, Slalom, Giant Slalom, Super G or Super Combined), during the past season period, 50% (>) will be added to the previous BL points.

4.2.1.4 If the status as injured is approved, and a competitor has not started more than five (5) times in one event and/or fifteen (15) times across all events during the valid season 10% (#) will be added to the competitor's BL if the current points are not better than the protected points.

4.2.1.6 If a competitor drops out of the top 30 of the WCSL at the time of the BL calculation he will receive his real FIS Points (min. 6 FIS Points).

4.2.1.7 Correction Value (z):

Before the allocation of points for the top 30 WCSL takes place at the beginning of the season a correction (z) will be made to all FIS points which comprises the difference between the points of the 31st competitor and 6 FIS points for the BL.

- 4.2.2 Normal FIS Points list (NL)
The list number one will be published 1st July based on the BL.
- 4.2.2.1 The NL will reflect the average of a competitor's best two results in each event during the current period if the points are better as the BL.
- 4.2.2.2 If a competitor drops out of the top 30 of the WCSL during the current period he will receive his real FIS points if the calculated points are better than the BL (min.6 FIS Points).
- 4.2.2.3 Only one Result
With BL points: this result will be added to his BL points and divided by two.
Without BL points:20% will be added to his result.
- 4.2.35 Anti-Doping Rule violation
An athlete subject to an anti-doping rule violation will have previously achieved FIS points deleted, according to article 10.1.2 FIS Anti-Doping Rules.
- 4.2.46 Validity Period
The validity period of the results is the current one season.
- 4.3 Integration of the World Cup Starting List (WCSL)
The top 30 competitors on the WCSL will be allocated FIS points between 0 and 5.99. The 31st ranked competitor will have 6 points on the integrated FIS list if real points are less as 6.
- 4.6 Injury Status
- 4.6.1 Registration
When a competitor injures himself and applies for the injury protection, the National Ski Association must apply to the FIS as soon as possible or latest 30th of April for the approval, using the official form and submitting a medical certificate. This official form and medical certificate is valid only for one season. (WC: see WC Rules art 21.2)
- 4.6.1.1 Conditions
- At least 6 FIS lists 8 (eight) months must have been published passed between the time of the injury and the competitors 1st start.
 - Competitors must remain registered as active with the FIS to maintain injury protection.
 - A competitor has not started more than five (5) times in one event and fifteen (15) times across all events during the valid season.
- 4.7 Professional Obligations or Military Service
If a National Ski Association submits in advance an application for a "study or military status" certifying that a racer will not be able to compete due to professional obligations (studies) or military service and has indicated why and how long the competitor was prevented from racing, the procedure will be handled according art. 4.6.

5.2 Identification

* Base List

injury status protection according art. 4.2.1.4

+ competitors who have only one result in that event during the past season art. 4.2.1.2 (20%)

> competitors who have not obtained results in that event during the past season art. 4.2.1.3 (50%)

C Points confirmation

Sub-Committee for Alpine Courses

Environmental regulation for Homologations

650.6.1.1 The applicant (ski resort, owner, organiser, club) is responsible for the observance of applicable environmental regulations during development of the course including completion of any improvements required by the inspector.

Sub-Committee Alpine Rules and Competition Control

ICR

Assignments of Technical Delegates in DAR competitions

602.2.3 An exception is made for Children, CIT, Masters, WC DAR, DAR, CISM, Customs and UNI races, for which the TD's are proposed by the committee in question and confirmed by the Sub-Committee for Alpine Technical Delegates. Delete last sentence.

614.1.2.2 Marking of the gates
The positions of the gate poles may be marked with an easily recognisable colouring substance which remains visible throughout the entire race. If the poles are fixed using large wooden or plastic bases (bucket gates) no colouring substance is required.

Independent DH and SG courses

614.1.6 DH and SG at WSC and OWG
Alpine men's and ladies Downhill and Super-G competitions should be carried out on independent courses, but start and finish installations short sections of the courses can be used for both genders.

Super Combined 2nd Run clarification

627.7 was disqualified, (DSQ) did not start (DNS) or did not finish (DNF) in the first run. Super Combined FIS races are exempt from this rule. A competitor racer who was DSQ, DNS or DNF in the slalom run can start the speed event. If the speed event precedes the slalom run the exemption does not apply. (ICR 621.3.3)

Missing pole

661.1.4.1.3 ~~In the event that~~ If a competitor removes a pole from its vertical position before both the competitor's ski tips and both feet have passed the gate line, the ski tips and feet must still pass the original gate line (marks in the snow). This is also valid in the case of a missing turning pole (or gate).

Proposal DH in Two Runs

701.1.1 Men's Courses
For Olympic Winter Games, FIS World Ski Championships and FIS World Cups:

- 800 m (in exceptional cases 750 m) – 1100 m

For Continental Cups:

- 550 m – 1100 m

For all other FIS races:

- 450 m - 1100 m (Junior 700 m)

2 Run race

- 350 m – 450 m

701.1.2 Ladies' Courses

For all competitions:

- 450 m - 800 m (Junior 700 m)

2 Run race

- 350 m – 450 m

701.1.3 Entry League Races (ENL) Ladies' and Men:

1 Run Race:

- minimum 400 m - 500 m

2 Run Race:

- minimum ~~350-300~~ m - ~~500-400~~ m

The course must be homologated for Downhill with the start and finish positions for ENL indicated.

~~706.2.2 The vertical drop must be at least 400 m.~~

706.2.32 The placing will be determined by the addition of the two runs. The rule "Starting order for the 2nd run" (art. 621.11) will be used.

706.2.43 All the rules for the Downhill are valid for the race in two runs. The Jury will rule in case of problems caused by the course, the training and the two runs.

706.2.54 The two runs should be run on the same day.

General Characteristic DH course

702.2 General Characteristic of the Courses

A Downhill is characterised by the ~~five~~six components of technique, courage, speed, risk, ~~and~~ physical condition and judgement. It must be possible to ski the Downhill course from the start to the finish with different speeds. The athlete adapts speed and performance to his ski technical skills and to his individual self-responsible judgement.

702.3 Particular Regulations for the Course Layout

~~Natural unevenness of the ground may be left in place. The approaches to lips and drop-offs that lead to jumps should, where possible be gradual. Fall zones and/or safety installations should be planned, where necessary, on the outside of curves.~~

Courses should normally be approx. 30 m wide. The inspector assigned for course homologation decides whether this width is sufficient and if necessary, may order widening. He can also permit a width of less than 30 m depending on the line and terrain requirements, as long as the areas of the course before and after the narrow part permits this. Fall zones should be planned, where necessary, on the outside of curves. Possibilities to control speed should be made specifically for the approach to lips, drop offs and jumps.

Not all parts of the course need necessarily to be skied at full speed. Natural surfaces may be left in their natural state.

Obstacles against which competitors may be thrown if leaving the course should be as well protected as possible with high safety nets, safety fences, pads, ~~straw in sacks~~, or similar appropriate means if necessary, together with slip-sheets.

~~Unprotected, bound straw bales must not be used.~~ The function of safety installations arrangements must safely withstand the weather conditions typical of for alpine skiing.

Remove outside gate

703.1.3 At places where the outside gate must be removed in exceptional cases decided by the Jury the turning gate serves as a gate.

903.1.3 A Giant Slalom consists of a variety of long, medium and ~~small~~short turns. The competitor should be free to choose his own line between the gates. The full width of a hill should be used wherever possible. At places where the outside gate must be removed in exceptional cases decided by the Jury the turning gate serves as a gate.

1003.1 At places where outside gate must be removed, in exceptional cases decided by the Jury the turning gate serves as a gate.

Losing a ski

804.3 Where there is no outside pole, both feet and ski tips must have passed the turning pole on the same side, following the natural race

line of the slalom. If a competitor loses a ski, without committing a fault, e.g. not by straddling a pole, then the tip of the remaining ski and both feet must have passed the natural gate line. If the racer has not correctly passed the imaginary line from turning pole to turning pole and does not follow the natural race line, then he has to climb back up and pass around the missed turning pole. Where there is an outside pole (first and last gate, delayed gate, and combinations (hairpin, vertical) art. 661.4.1. is valid.

- 904.3 Where there is no outside gate, both feet and ski tips must have passed the turning pole of the turning gate on the same side, following the natural race line of the Giant Slalom. If a competitor loses a ski, without committing a fault, e.g. not by straddling a pole, then the tip of the remaining ski and both feet must have passed the natural gate line. If the racer has not correctly passed the imaginary line from turning pole to turning pole and does not follow the natural race line, then he has to climb back up and pass around the missed turning gate. Where there is an outside gate (first and last gate, delayed gate) art. 661.4.1. is valid.

Team Competitions / Parallel (new wording)

- 1210 General Team Competitions
- 1211 Combined Team Event
The Event consists of two runs (Super-G & Slalom) and four series in each run.
- 1211.1 Participation
All National Ski Associations Teams with at least 4 competitors (2 Men and 2 Ladies) that are qualified to participate in respective events (Super G and Slalom) are authorized to enter.
- 1211.1.2 Participants per Nation Team
Per Nation Team and run a maximum of 2 Ladies and 2 Men must start. The total team size per Nation is limited to a maximum of 6 competitors.
- 1211.3 Enrollment
The Nations Teams are enrolled in the reverse order of total FIS points.
Ladies will receive bibs from 1 to 4 and Men from 5 to 8, ordered alphabetically.
- 1211.4 Ranking
The sum of rank positions of the competitors per Nation Team from each of the series (1 competitor per nation team is a series) of both runs establishes the Winner of the Nations Team Event.
In case of a tie of the total sum of rank positions, the number of best rank positions from individual series (1L, 2M, 3L, 4M, 5L, 6M, 7L and 8M) is considered. Should there still be a tie; the total sum of the times of all Series will count.

- 1211.6 Start limitation
One and the same competitor must only start once per run at the FIS Nations-Combined Team Event.
- 1212 Parallel Nations Team Event
- 1212.1 Type of Event
A Nations Team event will be conducted as a parallel event using GS gates and flags.
- 1212.2 Team Size
The total team size per Nation is limited to a maximum of 6 competitors; at least 2 competitors from eachone gender. A competitor can only start a run once.
- 1212.3 Team Entry
The entries for a Nation Team Event (without names) must be done within 24 hours before the scheduled start of the team event.
- 1212.4 Team Ranking
The teams will be ranked in accordance with the sum of each entered competitors FIS points, from lowest total points to highest.
- 1212.5 Seeding of the Teams
The entered teams will be seeded into heats (4, 8 or 16) based upon their ranking. A bracket list will be arranged as follows (Example for 8 Heats):
Heat 1: Nation ranked 1 vs Nation ranked 16 (last)
Heat 2: Nation ranked 8 vs Nation ranked 9
Heat 3: Nation ranked 5 vs Nation ranked 12
Heat 4: Nation ranked 4 vs Nation ranked 13
Heat 5: Nation ranked 3 vs Nation ranked 14 (3rd last)
Heat 6: Nation ranked 6 vs Nation ranked 11
Heat 7: Nation ranked 7 vs Nation ranked 10
Heat 8: Nation ranked 2 vs Nation ranked 15 (2nd Last)
The best nation, according to the team ranking, will receive bib number 1 and the last nation will receive the last bib number.
Ladies will receive bibs starting from 1 and then Men, starting from 5, in alphabetical order. If a heat is incomplete the remaining nation will automatically qualify for the next round (a bye).
- 1212.6 Running the Competition
Each individual leg between two opponents consists of one run. The start order will be as follow (as an example for Heat 1):
“Course Blue” Nation 1 L1 against “Course Red” Nation last L1
“Course Blue” Nation 1 M1 against “Course Red” Nation last M1
“Course Red” Nation 1 L2 against “Course Blue” Nation last L2
“Course Red” Nation 1 M2 against “Course Blue” Nation last M2
The blue course will be located on the skier’s right
- 1212.7 Points Scoring
The winner of each individual leg scores 1 point for his/her Nation. In case of a tie of an individual leg, both nations are awarded 1 point.

- If there is a tie after completing four races at the end of the heat (2:2) the Nation with the lowest combined time of the best individual lady and the best individual man run time (or second best in case of a tie for the best time) will win the heat.
If both competitors fall in any raceleg, the first competitor to reach the finish successfully will be the winner. If both competitors fail to finish, the competitor who successfully skied the furthest distance will be the legrace winner.
- 1212.8 Reasons for Disqualifications (immediate and without protest)
- Changing from one course to another
- Interfering with the opponent, voluntary or not.
- Not passing through a gate correctly (ICR art. 661.4.2)
- 1212.9 Awards
The OC can present awards to the competing teams and can award special prizes for individual competitors, such as fastest lady or man or persons winning most points.
- 1212.10 Cup points
Cup points can be distributed based upon the decision of the appropriate Cup sub-committee.
- 1213 Special Cup Rules
Special, limited events may be run, such as WC City Events in accordance with Rules specifically established for such events by the appropriate FIS Committee.
- 1220 Parallel Events
- 1222 Vertical Drop
The vertical drop of the course must-should be between 80 and 100 m. There must-should be between 20 and 30 gates, not counting the start and finish. The run time of each race should be between 20 and 25 seconds.
~~K1: maximum 60 m and 12 – 15 gates.~~
~~K2: maximum 80 m and 15 – 22 gates.~~
- 1223 Choice and Preparation of the Course
- ~~1223.3 A lift next to the course is essential to ensure that the races are run smoothly and rapidly. The Organiser must provide transport for the athletes back to the start in the shortest time possible.~~
- 1224 The Courses
- 1224.1 Each course is designated by a series of gates, poles or curve markers; each gate marker is composed of two slalom poles with a GS gate flag stretched between them and fastened in such a way so as to tear or break away (see also art. 690).
- 1224.2 In the case of only two courses, poles and flags are red for the course on the left going down and blue for the other course on skier's right. If there are more than two courses, the organiser must

use different colours for the other courses such as green or orange. The bottom of the flags must be ~~at least~~ approx. 1 m above the snow.

- 1224.4. The first gate in each course ~~must should~~ be placed no less than 8 m from the start and no more than 10 m.
- 1224.5 Shortly before the finish line, after the last gate ~~marker~~, the separation between the two ~~tracks courses~~ must be well ~~defined marked~~ so that they direct each competitor towards the middle part of the respective finish.
- 1225 Distance between the Two Courses
The distance between two corresponding ~~markers gates~~ (from turning pole to turning pole) ~~must should~~ be no less than 6 m and no more than ~~7-8~~m. The distance between the starting gates ~~must should also~~ be the same ~~as between the two courses~~.
- 1226 Start
- 1226.1 Start Device
Two ~~hinged~~ gates each 100 cm wide and 40 cm in height ~~and approved by the FIS shall be used~~. The ~~starting block (behind the skis) gates~~ must be ~~covered with teflon to protect the skis~~. The ~~weight for each hinge gate is 30 kg~~. Opening of the gate is by electric control (battery 24 v.). The bolt (lock) system should utilise an electromagnet so that the start gun opens simultaneously the ~~hinge gates (outwardly) capable of simultaneous and/or delayed opening and connected to the timing devices~~ ~~This start system could also be manually operated~~.
- 1226.2 The Jury and the starter together will control the start. The start signal can only be given after the Jury has given the competitors permission to start.
Any starting system can be employed provided that the system guarantees a simultaneous start ~~and meets 1226.1~~.
- 1226.3 False Starts
- 1226.3.1 If the competitor ~~does not have at least one ski tip touching the hinge gate goes through the gate before the start command~~,
- 1226.3.2 If the competitor does not have both ski poles set ~~in the market places behind the closed gate~~.
- ~~1226.3.3 if the competitor uses the start gates for assistance.~~
- 1226.4 Start Command
Before the starter gives the command of either "Ready - Set" or "Attention - Prêt" or "Achtung - Bereit" and the ~~subsequent firing of the starting gun starting signal~~ which opens the ~~hinge start~~ gates, he must first ensure that the competitors are ready ~~by asking the competitor starting in the red course "Red ready?" or "Rouge prêt?" or "Rot fertig?" and then the competitor in the blue course "Blue~~

- ready?" or "Bleu prêt?" or "Blau fertig?". Only after both competitors have answered "yes" or "oui" or "ja", the starter can give the start command.
- 1226.5 If one or both ~~starting machines~~ start gates ~~have clearly been blocked~~ fail to open through a mechanical fault, the start must be repeated.
- 1227 Finish
- 1227.3 It is necessary to set up visually separate finish approaches and ~~exits~~ to keep the courses separated after the finish line.
- 1228 Jury and Course Setter
- 1228.2 The course setter is designated by the Jury of the competition (if he is not chosen by the FIS). Before setting the parallel course, he must conduct an inspection and study of the course in the presence of the Jury and those responsible for the course (~~the Chief of Race and the chief of course~~).
- 1229 Timing
As the start is simultaneous, only the difference in time between the competitors at the finish will be registered. With several electric eyes and an automatic print-out, the first competitor that breaks one of the signals starts the chronometer and receives the time "zero", the following competitors stop successively the clocks (chronometers) and receive the time difference in 1/100~~0~~-seconds to the first competitor. For some special events (NTE) running times may be used to determine rankings, break ties or the award of prizes
- 1230 Execution of a Parallel on Two Courses
Each ~~match~~ heat between two competitors consists of two runs, the two competitors change courses for the second run.
- 1230.2 Formation into ~~Pairs~~ Heats
- 1230.2.1 Sixteen ~~pairs~~ heats of competitors are formed.....
- 1230.2.3 Start order: following the order of the appended table, from top to bottom. All ~~groups~~ heats race in succession their first run and then their second.
The lower starting number goes down the red course first, the higher number the blue course. For the second run it is reversed. This same system is used for all ~~elimination runs~~ rounds including the finals.
- 1230.3 Round of sixteen
- 1230.3.2 ~~These races are also run in two runs.~~ There are eight that qualify for the quarter-finals.
- 1230.3.3 ~~If the results of a parallel event are to count toward overall standings such as the FIS World Cup, then the finish positions for the 9th to~~

~~15th position will be obtained by using the results of the second elimination round. The competitors will be placed in order starting with the smallest losing time margin obtained in the second elimination round. If there are eliminated racers, the evaluation is done according to the number of runs or gates run. The losing eight competitors receive the same rank (9th).~~

1230.4 Quarterfinals

1230.4.1 The eight qualified competitors start according to the start ~~system in pairs from top to bottom table~~

1230.4.2 ~~From the losing four competitors, positions 5, 6, 7 and 8 are determined by the time difference of each loser from the winner. The losing four competitors receive the same rank. (5th).~~

1230.5 Semi-finals and Final

1230.5.1 The four qualified competitors start according to the start ~~system from top to bottom table~~.

1231 Control of the ~~Races~~Runs

The gate judges are situated on both exterior sides of the courses. Each gate judge is supplied with a flag which corresponds to the colour of the course he is controlling (either blue or red). This flag is to be used immediately to notify the Jury of a disqualification in his section of the course.

~~An official (judge) with a yellow flag is~~ A Jury member located ~~approximately~~ half way down the course. ~~He,~~ judges whether a gate judge's raising the red or blue flag was justified or not. ~~The raising of the yellow flag on the red or blue course and~~ confirms the disqualification of the competitor.

1232 Disqualifications/Did Not Finish

1232.1 Causes for disqualifications are the following:

- false start (art. ~~4106.3~~1226.3)
- changing from one course to another
- ~~disturbing~~ interfering with an opponent, voluntarily or not
- ~~straddling one ski inside a gate or pole with the other ski outside~~
- ~~turn not executed on the outside of a gate~~
- ~~not finishing~~ Not passing through a gate correctly (art 661.4.2)

1232.2 ~~If both competitors fall in either the first or second run of any round, the first competitor to reach the finish successfully will advance to the next round. If both competitors do not finish, the competitor who successfully skied the furthest distance will advance to the next round. The competitor who is disqualified in, or who does not finish the first run of a heat will start the second run with a penalty time.~~

1232.3 The competitor who is disqualified in, or does not finish the second run of a heat is eliminated

- 1232.34 ~~The competitor that does not finish or is disqualified in the first run does not start in a second run. If both competitors do not finish the second run, the result of the first run counts. If both were disqualified or did not finish the first run, the competitor who skied the furthest distance in the second run will advance to the next round. In case of a tie after two runs, the result of the first run will count.~~
- 1232.5 Penalty Time: The maximum penalty time will be 0.50 sec. In all cases the maximum time difference for the first run of each pairing can never be higher than the penalty time. If both competitors are tied after the second run the competitor who wins the second run advances to the next round. If both competitors are disqualified in the second run the competitor who skied the furthest distance before disqualification advances. If both competitors are disqualified at the same gate in the second run then the competitor who won the first run will advance.
- 1233 Slalom Rules
- ~~In the case of issues or items not covered in 1220 – 1232 the Rules for Slalom (Art 800) must be considered. Special Rules for Cups may also be applied. All slalom rules remain in effect, including the necessary homologation of the course as well as the competition rules.~~
- 1240 KO System
- 1241 Mode an time frame
Due to organisational reasons it should not be ~~accepted~~ permitted to hold another event on the same day.

Sub-Committee for the Alpine World Cup

World Cup Rules

- 18.1 Cancellation during an event and new allocation
Races, which have to be cancelled during an event due to a "force majeure", or non-fulfilment of requirements will in exceptional cases be rescheduled at events which already figure in the calendar.
[World Cup Opening: Races, which have to be cancelled during the Opening, will not be rescheduled.](#)
[World Cup Finals: the schedule of events during the World Cup Finals cannot be changed.](#)
[Races, which have to be cancelled during the World Cup Finals, will not be rescheduled.](#)
- 5.2 Expenses
The following expenses have to be paid by the Organisers of FIS World Cup events to the National Ski Associations, [including VAT.](#)

- 5.4 Payment of travel expenses
The ~~Organising Committee~~Organiser ~~should preferably~~must pay the expenses electronically by bank transfer to the respective National Ski Association latest seven (7) working days after the last competition. An itemised confirmation of payment must be provided to the authorised person of the NSA and included in the bank transfer details. Bank transfer fees are covered by the Organiser.
6. Prize money
The Organiser must make available at least CHF 100'000.-- per race for prize money (excluding VAT). For individual competitions (DH, SG, GS, SL and SC) this sum is divided to the 10 best competitors, in case of classical combined evaluations to the 3 best. The amount of prize money and its method of distribution must be communicated to FIS before October 15th.
If more than one competitor is on the same rank, the amount of the next rank(s) is added and divided by the number of competitors concerned.
The payment ~~should preferably~~must be paid electronically by bank transfer latest seven (7) working days after the last competition, taking into consideration the local tax laws. An itemised confirmation of payment must be provided to the athlete electronically. Bank transfer fees and value added tax (VAT) are covered by the Organiser.
The Organising Committee must assist the competitors with matters relating to taxation problems with prize money in the country in which the competition is held.
- 4.1.2 Duration
All expenses for accommodation and food incl. non-alcoholic beverages must be paid according to the precisions below, from at least the night before the...

Arrival/Departure
The Organiser only has to pay for the accommodation and full board according to the World Cup rules.
Only if an earlier arrival date is announced according to art. 4.5, the team leader may find an agreement with the Organiser about the duration. In any case the above mentioned precisions cannot be extended.
Additional costs due to an early arrival or a late departure have to be paid by the teams.
In case of late arrival or early departure there is no right ~~to~~of compensation of expenses.
In necessary cases, the Chief Race Directors can decide special agreements.
Upon request of a Team Captain the Organiser (Hotel) must hand over a corresponding confirmation after regular settlement is made. The confirmation is valid for the group of persons mentioned on the official World Cup entry form.
- 4.1.3 Precision
Latest when the startlists are ready, the ~~OC~~Organiser must hand out to the Team Captains a voucher which shows the total number

of [nights for](#) free accommodation and full board (art. 4.1 & 4.2) and the total number of persons (art. 4.3 & 4.4) who pay the maximum prize of CHF 100.-- for accommodation and full board.

Sub-Committee for Youth and Children's Questions

Qualification race for technical events at the Alpine Junior World Ski Championships

The current rule that is in place for the (senior) World Championships shall also apply for the FIS Junior Alpine World Ski Championships. Namely if more than 140 competitors are entered, a qualification race shall take place.

Ages Groups

607.3 Classification at International Competitions

| Admitted years of birth | | 12/13 | 13/14 | 14/15 |

The Committee for Freestyle Skiing

Changes to the ICR

3056 Disqualifications (DSQ)

3056.7 if a competitor alters a course or jump or trains on a closed course or does not stop, when flagged in ski cross

Aerial Course Specifications

4002.1.3.1 Construction of Aerial Sites

Artificial surfaces can be used along with snow for parts on the inrun and the takeoff.

Standards for Aerial ramp constructions.

| <u>Element</u> | <u>Length (m)</u> | <u>Width (m)</u> | <u>Angle (°)</u> |
|----------------|-------------------|------------------|------------------|
| <u>Inrun</u> | <u>70</u> | <u>14</u> | <u>25</u> |
| <u>Table</u> | <u>21</u> | <u>14</u> | <u>0</u> |
| <u>Landing</u> | <u>25</u> | <u>18</u> | <u>38</u> |
| <u>Outrun</u> | <u>25</u> | <u>22</u> | <u>0</u> |

Landing Zone

The landing zone would have 3 separate areas

Yellow Zone: From Knoll to Green Zone

Green Zone: Landing Zone

Red Zone: Green Zone to start of the transition to finish area

Changes to the World Cup Rules

The inclusion a Team Event (ICR 4700) comprising three competitors with no more than two of one gender, as part of the FIS Freestyle Ski Aerial World Cup.

4.1 Accommodation, Food, Transportation for Competitors and Team Officials

4.2 Duration of Accommodation for competitors and team officials
The organizer shall provide the following support from at least the night before the first official training until the morning after the last competition at which the competitor participated.

4.2.1 Moguls / Dual Mogul – Arrival day / two training days / one competition day / departure day; 4 nights and 5 days

4.2.2 Aerials – Arrival day / two training days / one competition day / departure day; 4 nights and 5 days

4.2.3 Ski Cross – Arrival day / 1 training day and 1 qualification day / one competition day / departure day; 4 nights and 5 days

4.2.4 Ski Halfpipe – Arrival day / two training days / one competition day / departure day; 4 nights and 5 days

4.2.5 Additional costs due to early arrival or late departure is the responsibility of the teams.

8.2 Ski Cross Draw

~~The best 16 Ski Cross competitors present will be drawn according to their highest ranking on the WC points list or FIS points list (published 6 times a year). If the competitors are tied, the higher points in the second category will decide their position. If they are still tied their position will be decided by a draw.~~

~~First group will be randomly drawn (computer). Competitors with points will be ranked according to their higher points on the World Cup points list or the FIS points list.~~

The best 16 Ski Cross competitors present according to their ranking on the World Cup Starting List (WCSL) Points in descending

order, the FIS Freestyle Ski Cross Points in descending order (1000 to 50) or the FIS Freestyle Ski Alpine Points in ascending order (0 to 50) will randomly be drawn.

Competitors with equal points and placing from 17 to last are drawn randomly for seeding.

13.1 FIS Freestyle Ski World Cup Entry and Qualification

The FIS Freestyle Ski World Cup competitions are open to all men determined for each nation.

These standards can be different for ladies and men's events.

The quotas will be calculated two times; once before the season starts and the second time on February 1st during the season. For the 2nd calculation the quota may increase but not decrease.

11.6 Status of injured persons

11.7 WCSL points of the previous season

In all cases the deletion of WCSL points of the previous season follows automatically during the current season according to art. 11.5.3 of the FIS World Cup rules, in order to keep the WCSL current.

11.8 Application for status as injured

If due to injury a competitor has started not more than four (4) times per event, during the period from October 15th to April 15th, the National Ski Association may in any case apply for the approval of a status as injured in the WCSL for the upcoming season in any case until April 30th.

If the status as injured is approved according to the World Cup rules, the competitor will be enrolled in the WCSL of the respective event(s) for the coming season.

11.9 Enrollment

Enrollment is in all cases made in the WCSL published after the Final of the season.

11.9.1 No start or a maximum of 1 WCSL start per event

If a competitor starts at a maximum of one WCSL competition of the event concerned in the season, the penalty is calculated according to the competitor's rank before they begin of that season.

11.9.2 Participation

If the competitor has participated at least at two WCSL competitions in the event(s) concerned during the season:

- the penalty is calculated according to the competitor's WCSL rank at the moment of the injury (irrespective of the event).
- In case of participation at a WCSL event after the injury, the penalty is calculated according to the competitor's WCSL rank at the moment of his last WCSL participation (irrespective of the event).

11.9.3 Retired competitors

Retired competitors are automatically deleted from the WCSL at latest after 1 season without participation at FIS events.

11.10 Scale for penalties according to ranks

| <u>Rank</u> | <u>Penalties</u> |
|----------------|------------------|
| <u>1 - 5</u> | <u>4</u> |
| <u>6 - 10</u> | <u>6</u> |
| <u>11 - 15</u> | <u>8</u> |
| <u>16 - 20</u> | <u>10</u> |
| <u>21 - 25</u> | <u>12</u> |
| <u>26 - 30</u> | <u>14</u> |
| <u>31 - 40</u> | <u>18</u> |
| <u>41 - 50</u> | <u>20</u> |
| <u>From 51</u> | <u>25</u> |

13.5.3 Ski Cross World Cup Quota

Maximum Team Size (Men's plus Ladies Quota) is 12~~40~~
Maximum 6~~7~~ per gender.

Judges

The Council requested the Freestyle Committee reviews their proposal again to reduce the number of judges at Aerials Events to 5 (from 7) for events at all levels and tabled this request for the time being.

The Snowboard Committee

Changes to the ICR

2006.7 Number of Judges for Halfpipe, Slopestyle and Big Air

2006.7.1 For OWG and WSC there will be 8 Judges:

- ~~5~~ Scoring Judges – 1 Assistant Head Judge
- 1 Head Judge - ~~1 Score Verifier~~

It is mandatory that all scoring Judges and the Head Judge be from different countries.

2006.7.2 For FIS World Cup, FIS Snowboard Junior World Championships and all other International competitions there ~~are~~will be a minimum of 6 Judges:

- A minimum of 5 Scoring Judges
- 1 Head Judge

In special cases at International competitions – COC and lower level FIS - 1 head judge + 3 or 4 scoring Judges can be allowed (exceptions can be made only by FIS).

2027.3 Official Results

2027.3.2 ~~If~~When two or more competitors have the same time, the same score, the same number of points or the same place ~~and the tie cannot be broken pursuant to the rules,~~ they will receive the same place (points) but the competitor with the higher start number shall be listed first on the official list of results.

2027.3.6 The official Result lists for World Cup and higher level events should list additional information:

Freestyle: Name of the different tricks

Alpine: Minimum two split times

Snowboard Cross: Minimum three split times and with ranking

2034 Interrupted Competition or Training

If an interrupted ~~competition~~ run cannot be finished on the same day, it is to be treated as a terminated ~~competition~~ run.

2090 Competitors Equipment

2090.2 Bindings

The bindings must be fixed diagonally on the long axis of the board. The boots cannot overlap each other.

2090.2.1 Plate Systems that connect both bindings are not allowed in SBX (individual plate systems are allowed on each binding)

2505.3 False Starts

Disqualification will take place:

~~If~~ When a competitor manipulates the starting gates

~~If a competitor is trying to pass the starting gates before the final starting signal has been given (audible and/or visible).~~

When a competitor's board passes the starting line (vertical plane) before the final starting signal has been given (audible and/or visible)

2508 Timing and Data

The Organiser must provide a Timing and Data System which is able to fulfill following: use existing FIS Lists and CoC Standing lists, as well as finding out which ones the riders best points the Data System must provide the possibility to calculate start lists, results from qualification and elimination runs, as well as final results including the CoC points and FIS points achieved.

2509 Execution of Parallel Events

2509.1.1.2 Two runs Qualifying

A separate qualifying run will be set (one course for ladies one for men – dependent upon the number of competitors the Jury may decide to utilize only one course). Whenever possible both runs should be held on the same day. This run must be similar to the Parallel courses, i.e. number of gates, fall line, and inclination. All competitors get one run on this course – the top 8 timed ladies and 8 men are qualified directly to the finals. Places 9-24 for the ladies and places 9-32 for the men have a second run on the same course but in reverse start order (place 9 starts first, place 24/32 starts last). Again the top 8 ladies and 8 men (only by the time from the second run) are qualified for the finals.

2509.1.2.1 Parallel Qualifying System

The course is set parallel from the beginning. These courses are the same or similar to the parallel finals courses.

This Qualification system consists of two runs that whenever possible should be held on the same day:

Qualification run (1st run):

In the Qualification run, all competitors are sorted according to their FIS points ranking (except a random draw for the top 16). Each competitor has one time run – odd numbers (1,3,5,...) on red course, even numbers (2,4,6,...) on blue course.

The top 16 ranked ladies and men on the red and the top 16 ranked ladies and men on blue course (32 ladies and 32 men) advance to the Elimination round.

Elimination run (2nd run - 32 ladies and 32 men):

Course exchange: The top 16 ladies and men from the red course qualification run on the blue course. The top 16 ladies and men from the blue course qualification run on the red course. Run 1 from the qualification and run 2 from the Elimination will be added together (“one red run and one blue run”). The top timed 16 athletes per gender advances to the finals. The start order will be the reversed ranking order of the first qualification run. Place 16 goes first, place 15... place 1. If there is a tie at place 16 in the first qualification run.

Ranking:

The competitors who participate in both qualification and elimination run will be ranked according to their total time of two runs. The remaining competitors will be ranked according to their results of the first qualification run.

2509.1.2.2 Tie-Breaking in Qualification

If two or more competitors with two qualification runs are tied, the ties will be broken by the best run of two. If they are still tied the tie will be broken using the highest current World Cup Standings (at World Cup competitions) or current FIS points (at WSC and FIS/COC level competitions). If they are still tied all will receive the same rank but the competitor with the higher bib number will be ordered first. The exception is if they are tied for the 16th place (see 2509.1.2.3)

2509.2.1 Parings for Parallel Finals

8 resp. 4 pairs are formed as follows using the results of the Qualifications:

| Groups | Ladies and Men | Ladies |
|---------------|-----------------------|------------------------------|
| | Place 1 - Place 16 | Place 1 - Place 8 |
| | Place 8 - Place 9 | |
| | Place 5 - Place 12 | Place 4 - Place 5 |
| | Place 4 - Place 13 | |
| | Place 3 - Place 14 | |
| | Place 6 - Place 11 | Place 3 - Place 6 |
| | Place 7 - Place 10 | |
| | Place 2 - Place 15 | Place 2 - Place 7 |

2511 Disqualifications / Sanctions

2511.1 Causes for disqualifications are the following:

- false start (art. 2505.3)
- disturbing opponent, voluntarily or not at the final runs
- when a competitor disturbs his opponent during the qualification and elimination run, the disturb competitor will may receive a rerun. The run of the competitor who disturbs the opponent will count finally.
- incorrect gate passage
- turn not executed on the outside of a gate

2604.3.2 Heat competition format with XX competitors advances to Final (Only for FIS level competitions + Continental Cups)

The Jury may conduct heats for qualifications with the athletes advancing from each heat plus the next scores from the overall qualifying day not already qualified. Number of specific athletes is relative to the finals field size as determined by the Jury.

2604.3.4 Finals: (6 ladies and 12 men)

Start order for finals will be the reverse ranking of the top two/three/four competitors from heat one (1), then reverse ranking from the top two/three/four competitors from heat two:Start order for Halfpipe finals using heat formats will be:

Same start order for final run 1 and Final run 2 based on results from qualification

Start order for finals will be: In case of two (2) heats the competitors will be seeded according to their results in the qualifications. Number 1 of each heat will start as 11 and 12 based on their score from qualifications highest score last. Numbers 2 from each heat will start as 9 and 10 based on their scores from qualifications highest score last etc.

In case of three (3) heats, number 1 of each heat will start as 10, 11 and 12 based on their score from qualifications. Number 2 from each heat will start as 7, 8 and 9 based on their score from qualifications highest score last etc.

2605 Execution of a Halfpipe

The qualification run(s) is/are part of the Halfpipe competition. The official results of the qualification run shall determine the qualified competitors for the finals. The number of competitors to qualify for the finals (maximum 24 men / 12 ladies) must be announced at the Team Captains Meeting held before competition commences.

Only the finals shall determine the final ranking for the qualified competitors.

The official results will include:

- the ranking list from the qualification run(s)
- the final ranking of the qualified competitors from the finals.

The competition format can be alter between the knockout format and the single format. The decision is taken by the Jury and must be announced at the Team Captains meeting.

If a competitor leaves the start (after the Head Judge has signified that the Judges are ready and the Starter gives the competitor a signal to start) the run will count and be Judges as such (even if the competitor stops before the first hit – no rerun or restart will be allowed.

A competitor who ~~does not start (DNS) or who~~ is disqualified (DSQ) in qualification round 1 is not allowed and has no right to start in qualification round 2.

2614.8 ~~Five~~Three (3) – six (6) Judges shall independently evaluate the competitor's performance based upon the Judges criteria if there are 6 scoring Judges. ~~The high and low scores shall be discarded and the remaining three scores added together will be averaged. If there are 3 – 5 scoring Judges, all scores will count.~~

2616 Snowboard Halfpipe Scoring System

2616.1 Each judge must use a ~~ten~~100 point system for example 2, 6, 8, 9, 9, 93 etc. ~~Judges will score by tenths, for example: 3.8, 6.7, 7.3, 9, 9, etc.~~

Each judge can give a maximum of 100 points for each competitor a maximum total of 50 points for each competitor run where a judging panel of 5 Judges is utilized

The score of the Judges will be averaged for each competitor run and XX.X out of 100 will be displayed as total score for that particular run.

2617.2 Deductions for falls will be as follows:

- | | |
|-------------------------|--|
| 0 :1 - 1-0 | Small mistakes including flat landings, deck landings, sliding, light hand touches and other instabilities. |
| 1:1 - 2-0 | Medium mistakes including stop full, extended hand drags, heavy hand touches, light butt checks and reverts. |
| 2:1 - 253 .0 | Major mistakes including heavy butt checks, body checks and complete bails. |

2705 Execution of a Snowboard Cross

2705.1.2.1 There are ~~Three~~Two (2) timed qualification formats.

- a) Qualification - One Run: - all competitors take one(1) timed run.
- b) Qualification - Two Runs - all competitors take two (2) timed runs – the best time one (1) run out of two runs timed runs determines the qualification ranking
- c) Jam Session (Formula 1) Qualification – unlimited runs all competitors have unlimited runs in a fixed time period – the best time one (1) run out of this timed runs determine the qualification ranking.
Start order: Seeding in each system, depending on number of starters. Maximum 64 competitors per heat.

~~A competitor who does not start (DNS) in qualification run one (1) is not allowed to start in qualification run two (2) –~~ Competitors who

did not finish (DNF) or were disqualified DSQ in qualification run one (1) can participate in qualification run two (2).

2705.1.3 Ties in Qualification

If two (2) or more competitors have the same best time, the tie will be broken by their total time of the two (2) qualification runs. If they are still tied the tie will be broken using the highest current World Cup Standing (at World Cup competitions) or current FIS points (at OWG, WSC and FIS/CoC level competitions). If they are still tied all the competitors will receive the same rank but the competitor with the higher bib number will be ordered first. The following tie-breaking rules do not apply to competitors who are tied for the qualification rank of (16th ladies or 32nd men place). If two or more competitors are tied for the 16th and 32nd places, all competitors will run as many run-offs as required until the ties are broken. In this run-off format both (or more) competitors run together. This rule does not count for OWG. During OWG the run-off will be an individual run. In case of a tie, lane choice will be decided by draw at the start.

2705.1.3.1 Ties in Qualification for Jam Session

If two (2) or more competitors have the same best time, the tie will be broken by their total time of the best two (2) qualification runs.

2707.5 False start or malfunction of the start gate

Disqualification / Sanctions will take place:

~~When~~ a competitor manipulates the starting gates

~~If a competitor is trying to pass the starting gates before the starting signal has been given (e.g. jumping over the start gate).~~ When a competitor's board passes the starting line (vertical plane) before starting signal has been given (opening of the door)

~~If a competitor falls over the start gate before they open (exception a malfunction of the start gate).~~

~~If~~ When the starting gate has clearly been blocked because of technical malfunction, ~~without the competitor touching the gate~~ before the start signal was given, the start must be repeated.

~~When~~ the starting gate is opened by one of the competitors and not by the starter because of a technical malfunction the start must be repeated.

2800 Big Air

2804.4.3 Qualification to Final will be as follows:

Men / Ladies

With a two heats format: ~~minimum~~ The top sixfive (65) men and minimum ~~top~~ three (3) ladies ranked competitors from each heat will advance to the finals.

With a three heats format: ~~The~~minimum top ~~threefour (43)~~ men and ~~top~~ two (2) ladies ranked competitors from each heat ~~+ the top one (1)~~ Men highest scoring competitor from all the remaining competitors will advance to the finals.

2804.4.4 Finals: (minimum 120 Men / minimum 6 Ladies – best 2 runs out of 3)

In the finals, minimum twelve ~~ten~~ (12) men and minimum the six (6) ladies will have the opportunity to take two or three jumps. Only the two highest individual scores will count if three jumps are performed. ~~The winner will be determined by the competitor with the two highest combined scores of the three runs. If only two jumps are performed, highest individual score will count.~~

Start order for final jump 1:

In case of two (2) heats the competitors will be seeded according to their results in the qualifications. Number 1 of each heat will start as last and second last in Finals based on their qualification scores. Number two from each heat will start as third last and fourth last based on their qualification scores etc. ~~be seeded at positions 10, 9 and 8. Numbers 2 will be seeded at position 8 and 7. The number 3 will be seeded at position 6 and 5 etc.~~

In case of three (3) heats the competitors will be seeded according to their results in the qualification. Number 1 from each heat will start at last, second last and third last based on their qualification scores. Number 2 from each heat will start as fourth, fifth and sixth last based on their qualification scores. ~~be seeded at positions 10, 9 and 8. Numbers 2 will be seeded at positions 7, 6, and 5. Numbers 3 will be seeded at positions 4, 3 and 2.~~

~~The highest scored competitor of all heats will be seed at position 1. The position of number 1 respectively numbers 2 and 3 will be determined by their scores.~~

Start order for final jump 2:

The start order for final jump 2 is the same as final jump 1.

Start order for final jump 3:

~~All competitors will be seeded in reversed order of their best single result out of final jump 1 and 2.~~

The number of athletes that will take a third jump can be varied according to Jury decision prior to the event.

Start order will be the same order as final jump 1 and 2.

Ranking:

The final score of each competitor will be ~~determined by adding the two highest best scores~~ from of the 3 jumps performed. These two jumps must be different. If only two jumps are performed the highest individual score will count of final jump 1 or 2 plus the results of final jump 3. The counted trick from Jump number 1 or jump number 2 must be different from jump number 3. Jump 3 is always counted.

Jumps are different if there is:

- a clear difference of number of rotations different direction of approach to the jump e.g. regular / normal stance or switch stance.
- a different take off (switch stance & normal / forward) e.g. Frontside or Backside
—— a clear different direction of rotation

2809 Big Air Judging

2809.1 For each Big Air Event: Three (3) – six (6) The five (5) judges shall independently evaluate the competitors performance based upon the judges criteria. If there are 6 scoring judges the high and low scores shall be discarded and the remaining scores will be counted. If there are 3 / 5 scoring Judges, all scores will count. and the Head Judges must be present during the entire competition. Note: at lower level FIS competitions the utilization of a three (3) judge panel is permitted. For scoring purposes where a five (5) member Judging panel is utilized the highest and lowest score will drop and the three middle scores will be added together to determine a competitors score. For a three (3) Judge panel all score will be utilized.

2810 Big Air Scoring System

2810.1 Each judge must will use a ten (100) point scoring system e.g: 2, 6, 87, 93 etc. Judges may also utilize tenths when awarding scores, for example 3.8, 6.7, 7.3, 9.8 etc.
Each judge can give a maximum of 100 points for each per competitor, for a total by the five (judges) of 50 points for each jump. The score of the Judges will be averaged for each competitor run and XX,X out of 100 will be displayed as the total score for that particular run.

3004 Execution of the Slopestyle

The qualification run(s) is/are part of the slopestyle competition. The official results of the qualification run shall determine the qualified competitors for the finals. The number of competitors to qualify for the finals (maximum 24 men / 12 ladies) must be announced at the Team Captains Meeting held before competition commences.

Only the finals shall determine the final ranking for the qualified competitors.

The official results will include:

- the ranking list from the qualification run(s)
- the final ranking of the qualified competitors from the finals.

The competition format can be alter between the heat format and the single format. The decision is taken by the Jury and must be announced at the Team Captains meeting.

If a competitor leaves the start (after the Head Judge has signified that the Judges are ready and the Starter gives the competitor a signal to start) the run will count and be Judges as such (even if the competitor stops before the first hit – no rerun or restart will be allowed.

A competitor who ~~does not start (DNS) or who~~ is disqualified (DSQ) in qualification round 1 is not allowed and has no right to start in qualification round 2.

3004.2.7 Heat Competition Format with XX advancing to Final
See Rule 2604.3

3007 Slopestyle Judging

3007.1 Number of Judges

~~For each Slopestyle event, Threefive (35) – six (6) Judges shall independently evaluate the competitors performance based upon the Judges criteria. If there are 6 scoring Judges, the high and low scores shall be discarded and the remaining scores will be counted. If there are 3 – 5 scoring Judges, all scores will count.~~

~~In the case where two (2) Judging stands are required, due to course length and viewing, the number of Judges will be increased to six (6), three (3) on each Judging stand plus the Head Judge. See Section 3006.~~

~~The total of the scores from each Judging panel will be average for final competitor's score.~~

~~will be present during the entire event, plus the Head Judge. In the case where a second judging crew, due to course length and viewing, will need to utilize, the number of judges should be extended to six (6) (three (3) on each judging section) plus the Head Judge. The addition of the scores of each section will be utilized in arriving at the final score. In upper level FIS events (OWG, WSC, WC) judging will be done on one position. Can be done by one judges stand with full visibility on the slopestyle course or by TV production with judges placed in a judges stand with a minimum of two large TV screens.~~

3007.4 Deductions

~~0.1 – 15.0~~

~~Minor Small mistakes as including: instable body during landings, possible small handtouch, using hands for stability and flat landings, deck landings, sliding, light hand touches and other instabilities.~~

~~61.1 – 152.0~~

~~Medium mistakes as including: reverts light touch downs, Full Stop, Extended hand drags, heavy hand touches, body contact with snow, light butt checks and reverts.~~

~~162.1 – 203.0~~

~~Major mistakes as including hard touch downs, falls, complete falls. Heavy butt checks, body checks and complete bails.~~

3008 Slopestyle Scoring System

3008.1 Point System

~~Each judge must will use a 100 ten (10) point system e.g. 2, 6, 87, 93 etc., as well as decimals (e.g. 3.6, 6.4, 7.7, 9.9).~~

~~Each Judge can give a maximum of 100 points for each competitor. The scores of the Judges will be averaged for each competitor run XX,X out of 100The highest and the lowest score will be dropped out and the three middle scores will be added together. In the case where a double judging crew is utilized no scores will be dropped and all scores will count toward the final score.~~

Changes to the World Cup Rules

12. Awards

12.1 Winner of the Snowboard World Cups

~~The competitor who wins the PAR/SBX overall classification is the "Winner of the Snowboard PAR/SBX FIS World Cup".~~

The competitor who wins the Snowboard Freestyle overall classification is the "Winner of the Snowboard Freestyle FIS World Cup".

Changes to the Continental Cup Rules

EC. 2.3 European Quotas / Additional Quotas

EC. 2.3.1 Additional Quotas

Additional quotas up to a maximum of 10 per nation / event / gender are awarded for each rider ranked in the top 150 of the current FIS points list (these are quota spots per nation and not personal)

Maximum 20 (total women and men / maximum 14 per gender) / Host Nation per event

Maximum 10 (total women and men / maximum 8 per gender) / Nation for foreign continents ranked up to 150 on the current FIS points list.

~~EC winners which will receive a personal spot for the upcoming season must be from host continent, and must not be ranked in the top 30 of the World Cup Standings in the respective discipline.~~

Changes to the Junior World Championship rules

6. Number of participants and officials

6.1 Each National Ski Association may delegate in total no more than ~~2430~~ competitors, but no more than max ~~1622~~ per gender / country and no more than max. 6 per gender / discipline. In case of more or less events the quota can be adapted.

Changes to quota for FIS competitions:

Hosting country 60

All other nations (per nation) ~~105~~

~~It is at the discretion of each organizer to accept more up to a maximum of 30 riders per gender and nation.~~

Freestyle Skiing – Snowboard Coordination Group

The Council approved the introduction of a Freestyle Skiing - Snowboard Coordination Group with the merge of Freestyle and Snowboard events and use of shared infrastructure in Halfpipe, Ski and Snowboard Cross, Slopestyle at the FIS World Championships, Olympic Games and other events, in order to coordinate activities and harmonise rules and procedures:

Participants:

Committee Chairmen
Committee Race Directors
Freestyle-Snowboard Assistant
Appointed experts (e.g Chair Rules Sub-Committees, etc.)

Scope of work:

Rules harmonisation
Calendar planning
Education of judges and officials
Special tasks - e.g. qualification round for Ski/Snowboard Cross at the Olympics

Coordination Group for General Youth & Children's Questions

- To encourage the NSA's to make it a priority to educate coaches and trainers working with children to implement age-appropriate training methods for physical training, that physical condition of the athlete be a priority for athletic programs and that the ratio of formal training to informal or 'free skiing or riding' be considered to reduce overuse injury or stress. The reason is the high number of injuries to athletes, especially in Alpine, Freestyle Skiing and Snowboard, on youth and children. There are very limited statistics on injuries to children under the age of 15 and this raises a concern about monitoring the training and competition of children. There is some evidence for a high number of back injuries (almost 50%) and concussion.
- To remind the NSA's of the procedure for nomination to the Sub-Committees for proper and consistent representation, although the Youth & Children's Coordination Group is very pleased to see the high level of participation.

The Speed Skiing Committee

ICR Changes

1232.5.2 Timing zone: red pennons every metre. In addition, the end of the zone must be marked across its entire width by a red coloured line on the snow. This line must be at least ~~30~~**50** cm broad, and clearly visible from the competition track.

1232.6 Duration of the Competition

| < 180 kph | | 180 - 200 kph | |
|---------------------|--|----------------------|--|
| Day 0 Day | Voluntary Training | Day 0 | Voluntary Training Day |
| Day 1 | Mandatory Training Run # 1 Run # 2 | Day 1 | Mandatory Training Run # 1 Run # 2 |
| Day 2 | Run # 3 Semi Final Final | Day 2 | Run # 3 Run # 4 Run # 5 |

| | |
|------------------------------|--------------------------------|
| Day 3 Reserve Day | Day 3 Semi Final Final |
| Day 4 | Day 4 Reserve Day |

~~Subject to the agreement of the Organising Committee, the Jury can schedule extra reserve days of competition.~~ If a competition is to be cancelled, organisers should endeavour to give maximum notice and, preferably, at least 10 days warning. If the race is deferred, an alternative date must be given at the time of deferment.

1233.10.3 SSWC points will be allocated to each category (S1, SDH and SDH (Jun) and for both males and females) at each WC competition as follows:

| Men: | Place | Points | Women: | Place | Points |
|------|-------|--------|--------|-------|--------|
| | 1 | 100 | | 1 | 25 |
| | 2 | 80 | | 2 | 20 |
| | 3 | 60 | | 3 | 15 |
| | 4 | 50 | | 4 | 12 |
| | 5 | 45 | | 5 | 10 |
| | 6 | 40 | | 6 | 9 |
| | 7 | 36 | | 7 | 8 |
| | 8 | 32 | | 8 | 7 |
| | 9 | 29 | | 9 | 6 |
| | 10 | 26 | | 10 | 5 |
| | 11 | 24 | | 11 | 4 |
| | 12 | 22 | | 12 | 3 |
| | 13 | 20 | | 13 | 2 |
| | 14 | 18 | | 14 | 1 |
| | 15 | 16 | | | |
| | 16 | 15 | | | |
| | 17 | 14 | | | |
| | 18 | 13 | | | |
| | 19 | 12 | | | |
| | 20 | 11 | | | |
| | 21 | 10 | | | |
| | 22 | 9 | | | |
| | 23 | 8 | | | |
| | 24 | 7 | | | |
| | 25 | 6 | | | |
| | 26 | 5 | | | |
| | 27 | 4 | | | |
| | 28 | 3 | | | |
| | 29 | 2 | | | |
| | 30 | 1 | | | |

The points above relate to S1 events only. SSWC points are also calculated for SDH Men, SDH Women, SDH(Jun) Men and SDH(Jun) Women, and these are based on the S1 Womens' points series above (25, 20, 15, 12 etc).

1234.1 Skis
S1 class skis must be between 2.20 and 2.40 m in length. They must not weigh more than 15.0 kg for a pair, including all bindings and attachments, must be constructed for high speed running, and

must not have any added aerodynamic appendages. SDH and SDH(Jun)class skis must be standard production downhill skis, as defined in ~~the current or former FIS Equipment Specifications, and no longer than 2.25 m. SDH skis conforming to previous Specifications, between 2.15 and 2.25 m in length may also be used, and between 210 and 225 cm in length.~~

1234.4 Ski suit

For the S1 category, clothing should be a plastified ski suit suitable for Speed Skiing (the plastified suit must be covered by effective slip-resistant clothing until the athlete has reached the waiting area). For the SDH and SDH(Jun) categories, clothing as well as all elements of the equipment must fulfill FIS rules for Alpine Downhill as defined in FIS Equipment Specifications, especially as regards air permeability. ('Plombing'). For all categories, it is compulsory to wear underclothing covering the body and at least $\frac{3}{4}$ of the arms and legs under the suit. In order to avoid severe burning, dorsal protection worn under the suit is mandatory (see Art 1234.9). No protective elements can be more than 4.5 cm thick. Athletes must wear gloves to protect their hand, for SDH, these may not be plasticised.

1234.7 Fairings

Speed skiers may wear rear fairings under the skisuit with the following restrictions:

- Each fairing may not exceed 1 kg in weight, must be constructed from a pliable material, must not cover or inhibit the working of the ski binding, and must be non-wounding when breaking.
- The maximum depth of the fairings, measured from the front of the shin, and in parallel with the ground, perpendicular to the leg, must not exceed 30 cm.
- front fairings may not be worn-must be rounded.

(new diagram)

The Telemark Committee

International Competition Rules (ICR)

The goal of the new 2200 rule is to replace the Telemark Giant Slalom event, as it was not well distinguished from Alpine ski racing events. The Telemark

Parallel Sprint event has the media attractive combination of gate racing, jumping and Cross-Country skating in an under 1 minute format. The parallel courses are designed to be visible from the finish area and easily covered with 2 camera vantage points. This highly competitive and media friendly format will advance the Telemark sport both for the athlete and the spectator.

2200 Special Rules for Telemark Parallel Sprint

2201 Gates and Course setup

2201.1. General

2201.1.1. In Telemark Parallel Sprint (TPS) two athletes compete simultaneously side by side down two parallel courses. The setting of the courses, the configuration of the terrain and the preparation of the snow are to be as identical as possible. The 360 turn and cross-country section can be the same or separate for each course (see below).

2201.1.2. The length and vertical drop is decided by the slope. It is important that the whole course can be viewed from one location (preferably the finish area). Recommended vertical drop is between 100m and 150m. Race time per run should be 30 sec. to 50 sec.

2201.1.3. To ensure a speedy execution of the race it is recommended that it is possible to dismount the lift close to the start. Snowmobile can be an alternative.

2201.1.4. The course must contain Telemark turns, one jump, one 360 turn and one cross-country section. It may also contain other elements, for example moguls, banked turns, etc.

2201.2. Gates

Gates should consist of an inside turning gate only, which consists of two poles, and one flag. The distance between the two courses should be minimum 6 meters measured from the same poles at the two correlated gates.

2201.3. 360-turn

The Jury can decide whether there is one 360-turn for each course or a common 360-turn for both courses.

2201.4. Cross-Country section

The cross-country section should be slightly undulated, and must be sufficiently wide that the athletes can pass each other. The Jury decides whether there is only one cross-country track for both courses or two separate.

2201.5. Jump

The height of the jump must not exceed 1 meter. The flight curve should follow the terrain. The first gate after the jump must be placed in such a distance that long jumps are not punished. The jump length should be between 5 and 15 meters.

2205 Start

2205.1. Start Ramp

The Start Ramp shall be prepared in such a way that the competitors can stand relaxed on the starting line and can quickly reach full speed after leaving the start. Push off posts should be installed on the starting installation for all events. The specifications will be adjusted to the needs of the specific events.

2205.2. Start Gates

Two different procedures to start with different start gates are possible:

- Simultaneously

The gates have to open simultaneously for both runs and a competitor must not be able to push the gates open.

- Delayed

The gates have to open simultaneously in the first run. In the second run the start gates open with the time difference of the first run. Competitors must not be able to push the gates open.

2205.3. False Starts

Disqualification will take place:

- If a competitor manipulates the starting gates

- If a competitor tries to pass the starting gates before the final starting signal has been given (audible and/or visible).

2205.4. Malfunction of the start gate

If one or both starting gates have clearly been blocked because of technical malfunction, without the competitor touching the gate before the starting signal was given, the start must be repeated.

2205.5. Start command

Before the starter gives the command – “Go” or a single audible signal, he must first ensure that the competitors are ready by asking: “red course ready, blue course ready, attention”.

“Racers ready” only can be used in connection with an audible command (series of short beeps followed by one louder starting beep when doors open).

2206 Finish

The finish must be marked clearly with poles and finishing line. The width of the finishing line must be sufficient for two athletes to pass at the same time.

2208 Timing

2208.1. Qualification

The running time of each competitor will be registered with two independently homologated timing systems.

2208.2. Finals

As the start is simultaneous, only the difference in time between the competitors at the finish will be registered with two independent homologated timing systems. The first competitor that breaks one of

the signals starts the chronometer and receives the time “zero”, the following competitor (2nd) stops the clocks (chronometers) and receives the time difference in 1/100-seconds to the first competitor.

2209 Execution of the race

2209.1. Determining the starting sequence

2209.1.1. To determine the seeding/pairing, a qualification race should be run. It is acceptable for the results of a race the day before to be used. If it is not possible to execute a qualification or to use the results of the day before, the standings in this discipline of the WC should be used.

2209.1.2. The qualification must be executed with electronic timing.

2209.1.3. The qualification is ideally a dual parallel sprint. If there is not enough time a single qualification run may be used, where the men use one course, the women the other course so that both courses get the same wear. If there is no qualification run possible the starting field must be of 32 racers.

2209.1.4. If two athletes register the same time in the qualification, the seeding is determined by actual standing of the FIS points in this discipline.

2209.1.5. See illustration for the set up of pairs.

2209.2. Course Inspection
Course inspection follows rules according to Sprint Classic (see Art. 2004 Inspection).

2209.3. Execution

2209.3.1. Each round has two runs, with skiers racing once in each course (red and blue).

2209.3.2. The athlete with the lowest start number starts in the red course in the first run.

2209.3.3. The winner of the pair (after two runs) continues to the next round. The figure above illustrates the starting sequence.

2209.3.4. The two athletes losing the semi-final compete for the third and fourth place. The final rounds are organized so that the second run in the final is last.

2209.3.5. If both men and women, or senior and junior compete, all the finals should be run in sequence.

2211 Gates and Course Judges

2211.1. Gates Judges

2211.1.1. The gate judges must stand outside the course on both sides. Maximum two gates per judge.

2211.1.2. The gate judges must have flags with the same color as the course they are supervising (red or blue), used to signal wrong style.

2211.2.3. The gate judges must have a yellow flag to signal disqualification. See point 2215 Disqualifications/Sanctions.

2211.2. Course Judges

2211.2.1. The race must have two course judges one for each course.

2211.2.2. Penalties and disqualifications are indicated by the course judges after the 360-turn. Such indications must be by the use of clearly displayed colored flags. (yellow = disqualification/more than 2 penalties; green = no penalty; red = one penalty; blue = two penalties).

2212 Judging

2212.1. The Turn

2212.1.1. The turns should be made using the Telemark Style (see Art. 1803).

2212.1.2. The jump judge and gate judge signals penalty with a flag in the same color as the course (red or blue).

2212.1.3. For each flag a penalty of approx. 1 second of extra skating will be applied.

2212.1.4. Three or more flags (incl. jump) result in a disqualification in that run.

2212.1.5. If both athletes are disqualified in the first run, the athlete that has reached the shortest distance gets the penalty. Both athletes continue to the next run.

2212.1.6. If an athlete is disqualified in the second run, he loses the pair.

2212.1.7. If both athletes are disqualified in the second run, the athlete that has come furthest wins the pair and continues to the next round.

2212.1.8. If both athletes are disqualified in the second run, and it is difficult to determine who reached furthest, the time difference from the first run determines the winner of the pair.

2212.1.9. The jury has final decision in case of doubt.

2212.1.10. The jury can demand a re-turn of the pair.

2212.2. The Jump

2212.2.1. There is one Jump Judge for each course. He measures distance and style.

2212.2.2. The athlete must clear the distance and has to perform Telemark style on the landing to avoid a flag in the Jump Zone.

2213 The Finish/winning the pair

2213.1. Time difference

The time difference is measured when the athletes cross the finishing line. The time difference from the first run is carried to the second run. The combined time difference determines the winner of the pair.

2213.2. Maximum time difference

The maximum time difference applicable per run is 5 seconds, whether an athlete fails to finish, is disqualified or is slower by more than 5 seconds.

2213.3. Separate tracks

The last 10 meters of the cross-country section towards the finishing line must be separate tracks for the blue and red course. The athlete cannot switch track in this section.

2215 Disqualification/ Sanctions

2215.1. Causes for disqualifications are the following:

- False start

- Entering the wrong course, disturbing the opponent, voluntarily or not
- Incorrect passing of the gate (not both skis or both feet on the right side of the gate)
- Not finishing the run with at least one ski on.
- Unsportsmanlike behavior in one section of the course. If the Course Judge thinks it is ground for disqualification, the jury must convene for the final decision.
- Three flags. See section about Judging.

2215.2. The competitor who is disqualified or does not finish the first run of a round will start in the second run with maximum penalty time. The maximum penalty time is 5 seconds.

2215.2.1. The competitor who is disqualified or does not finish/abandons in the second run is eliminated.

2215.2.2. In case both competitors do not finish, the competitor that passes the most gates:

First run: wins the first run

Second run: advance to the next round

2220 Points

2220.1. Point scale to be applied if there is no qualification race:

1. place – 100 points

2. place – 80 points

3. place – 60 points

4. place – 50 points

5. – 8. place – 40 points

9. – 16. place – 20 points

17. – 32. place – 10 points

2220.2. If there is a qualification race the points according to Art. 2220.1. are applied for the ranking of the parallel race for 32 competitors. Should the final be of 16 competitors then the racers ranked 17 to 30 in the qualification race should receive the points according to Telemark World Cup points table. If the final is of 8 racers then the same principle applies starting from the 9th position points.

The Committee for Advertising Matters

FIS Advertising rules, General advertising principles and rules

In order to make the advertising rules easier to understand a discipline specific advertising and sponsorship manual will be created consisting of the “FIS Advertising rules”, “Specifications for competition equipment and commercial markings” and the respective “Discipline specific Advertising Rules and Sponsor guidelines”.

1.4 Advertising may consist of a maximum of three of the following five items:

- a company name
- a trademark
- a single noun describing a product or service
- a simple visual image depicting a product or service
- a slogan (e.g. HeizenmitOel, Nokia connecting people)*
if wordings is registered as part of a trademark.

Website domain addresses (URL) as well as telephone, fax numbers and addresses on banners or as supplements are not allowed. Exceptions are to be approved by FIS and the respective National Ski Association.

In general the illumination of advertising spaces is allowed as long as it corresponds to § 1.5 and the discipline specific advertising rules.

The Council agreed to review the appropriate use of a slogan for advertising.

1.12 Any new or thus far not mentioned advertising opportunities need to be approved by FIS in advance of implementation.

2.2 Advertising on starting bibs
The design of all starting bibs for World Cup races needs to be approved by FIS before production.

Basic design elements

Symbols (names and logos) of only one and the same sponsor are permitted on the front as well as the back of all starting bibs of the race. The logo, product identification, and brand identification may not exceed 4220 cm in height, whereby the letters or numbers may not exceed 10 cm. This brand identification can also be in two lines (12 cm in total height).

In case that the neckline (upper border of bib) is used as a line of the above-defined brand identification, the repetition of the sponsor frequency is limited to three times.

On the lower end of the starting bib a stripe of maximum 5 cm in height may show in letters not exceeding 4.5 cm in height the names and logos of a sponsor.

The start number has to be positioned clearly visible for the race officials. On the left and right of the starting number each one advertising space of max. 50 cm², with a maximum height of 5 cm can be used for "tourist indications/special advertising".

2.4 TV interview area

2.4.1 Back wall for unilateral interviews
At the place designated for TV interviews, a back wall will be constructed on which the following advertising space ratio / identifications will be placed:

- a) the name of the locality / region 20%
- b) the FIS logo and the name of the official FIS World Cup title / presenter 40%

c) the logos of up to a maximum of three sponsors of the race 40%

2.7 Video Screen / Wall

When placing a video wall in the competition area a frame around the video wall with a width of maximum 1,5 m is possible. The sizes of logos or letters used on such a frame may not exceed 1 m and have to be in line with the discipline specific sponsor guidelines.

2.9 Identification on snow

Identification on snow It is possible for tourist identification at all the Alpine races/competitions (Downhill, Super-G), Snowboard-Cross, and Skier-Cross, up to a maximum of two times at an attractive place where no security problems occur. The space should be approx. 300x150cm. Due to security reasons an early arrangement with the FIS Race Directors has to be made about the placing and technical execution.

The rights for this advertising possibility belong to the National Ski Association.

2.10 New Identifications.

Any other identifications or branding like for example bannering, the use of inflatables and gate flags needs to be according to the discipline specific advertising rules.

3.1.3 Finishing posts, gates, course-markers and

3.2.3 Finish installation, gates flags course-markers

Gate Flags

On the red and blue gate flags and course-markers, it shall be permitted to identify (name or logo) the locality and/or a sponsor. However, this identification must be printed on both sides.

In all cases the type of flags must be identical and conform to the respective article of the ICR.

| Discipline | Actual Size of the gate flag | Actual advertising space |
|------------|------------------------------|--------------------------|
| GS | 75 x 50 | 60 50 % |
| SG | 75 x 50 | 60 50 % |
| DH | 75 x 100 | 60 50 % |

Specifications for competition equipment and commercial markings,
Commercial markings on clothing and equipment

Measurements of Starting Bibs Alpine

The measurements of the starting bibs for Alpine and Cross Country will be adjusted

FIS Race Bib Damen
Nordisch Langlauf/CC

FIS Race Bib Herren
Nordisch Langlauf/CC

FIS Race Bib Damen
Alpin

FIS Race Bib Herren
Alpin

- 2.3 Goggles
Goggle-straps ~~shall be as on products sold to the public and~~ may carry two commercial markings of the actual producer, no larger than 15 cm² each in an unstretched position.

However, the Council rejected the proposal to have a 1 cm² logo in the middle of the goggle frame

This rule will be in place starting with the 2011-2012 season.

- 2.4.2 The total surface area of all commercial markings on clothing of one person shall not exceed 350 400cm² (as from season 2011/12 this increases to 400 cm²)

- 2.4.3 Roll necks may in addition to the 350 400 cm² also display the manufacturer's trademark and/or sponsor, which may also be divided into two parts, with a maximum total surface of 20 cm².

- 2.4.4 A military symbol (emblem), indicating the national military organisation and similar organisations may be displayed on warm-up suits (not on headgear or race suits), with a maximum size of 20 cm². This symbol is including within the 350 400 cm² total surface area of the commercial markings. This applies also to markings of charitable organisations.

- 2.5.2 The front (middle) of helmets and all headwear worn in competition and within the competition area, to include flower and prize giving ceremonies, interviews etc., must carry the identification of the National Ski Association with a minimum size of 9 6 cm².

II By-laws for commercial markings and for advertising

- A.3.4 For approval of commercial marking, it is strongly recommended to send a copy of all commercial markings in their original size, form and colour to FIS before use. This should be done if possible before 1st October or before the corresponding season begins in the Southern Hemisphere.

Headgear advertising

The Council discussed the flagrant breaches of the rules for commercial markings with competitor's personal sponsors on their headgear during last winter, notably the examples of Eric Guay and Thomas Morgenstern with their Red Bull helmets. The Council decided that National Ski Association and/or competitors themselves will have the opportunity to present the advertising on headgear for approval with its advertising before the season, as well as the day before competitions to the responsible FIS experts, in a similar way to suit plumbing or equipment checks. In the event that the advertising does not conform to the rules, the sanctions will lead to disqualification.

The Committee for Competition Equipment

Specifications for Alpine Skiing Equipment

9.2 Specifications

The back protector must adapt to the anatomical bend of the athlete's spine and lie flat against the body. The top edge of the back protector must be situated in the area of the spinal column and may not go above the 7th cervical vertebrae (C7). ~~Fastening of the back protector may only take place with a stomach belt.~~ The maximum thickness must be in the middle part and may not exceed 45 mm; the thickness reduces at the edges of the back protector. Designs with the view to improve aerodynamic properties are forbidden. The back protector must be worn underneath the competition suit.

6. Crash helmets

The use of crash helmets is compulsory for all events.

Only helmets are permitted whose shell and padding cover the head and ears. The National Ski Associations are advised to provide their teams only with crash helmets which satisfy the minimum requirements for the respective event and which have been certified by recognised institutes.

Helmets with spoilers or edges that protrude are not permitted. Certain helmets must show a smooth top surface for safety reasons. Helmets used in FIS Snowsports shall be specifically designed and manufactured for the respective discipline and shall bear a CE mark and conform to recognized and appropriate standards such as CEE 1077 or US 2040, ASTM F2040, SNELL S98 or RS 98, etc.

Soft ear protections are only allowed for SL events.

For alpine speed events (DH/Super G), the helmets must fulfil the following specific additional requirement: the maximum deceleration measured during the impact established based on the test described in the norm EN 1077 Class A must be equal or lower to 230g (NB: according to standard EN 1077 Class A: equal or lower to 250g). The helmet must bear a specific label / marking of minimum 1sqcm applied by the manufacturer on the outside shell and stating "DH/SG" confirming that such requirement is fulfilled.

The Council acknowledged the significant work that has taken place with research and testing of new equipment specifications to try to reduce the risk of injuries. Nevertheless, the Council was disappointed that no proposals are forthcoming yet, although highly conscious that the scientific analysis needs to be carried out thoroughly. Consequently it was agreed to organise a meeting on 28th June 2011 with the FIS ISS project group, the Alpine Equipment Working Group and the Ski Industry to define the proposals for implementation in 2012/13. These will be submitted to the FIS Council for immediate action.

Specifications for Ski Jumping Equipment

1. Jumping Skis

1.2.1 Geometric features

- 1.2.1.1 Ski length
According to the body weight/height relationship (BMI = body weight/body height² in Kg/M²).
However, the maximum ski length is 145 % of the total body height of the competitor a minimum BMI of 20.5 for Ladies and 21 for Men has to be reached. For athletes with less than minimum BMI a grading table of 0,125 BMI per 0,5 % of ski length will be applied.
2. Jumping Ski Bindings
Safety bindings in Ski Jumping function as strain limiters. That is, these devices transfer specific demands occurring during skiing to an acceptable limit, and when this limit is overstepped, they release their firm hold on the ski.
Additional devices creating foreign energy of any kind as an aid to take-off are forbidden.
The complete binding system must be mounted so, that the Ski Jumping shoes are fixed to the skis symmetrically, parallel and centrally to the running direction. After fixing the front part of the jumping shoe into the front part of the binding it must stay fixed and horizontal to the top surface of the ski. The outline of the heel wedge of the shoe sole in its normal production form may not protrude over the side-walls of the Jumping ski.
4. Ski Jumping suits
All portions of the ski jumping suit must be made of the same material (see 4.2) and must show the same air permeability from the outside in and from the inside out.
The suit must close by means of a zipper placed at the centre of the front, which reaches to the collar. The width of this zipper may not exceed 40 15 mm. During the jump the zipper must be completely closed.

The Athletes' Commission

Doping Sanctions

In 2009, the WADA code was ratified to include a 'sliding-scale' for penalties a federation could impose in doping cases. This included a 1-year ban for cases of inadvertent doping (such a cough syrup), and went all the way up to a 4-year ban for cases of "aggravated" doping (when it had been proven that the doping was deliberate and intended for enhancing performance - such as EPO, steroids, etc). As FIS is within their legal rights to do so, and WADA encourages it, the Athletes' Commission strongly recommends that FIS be a leader among international federations and hands out 4-year suspensions for aggravated doping cases. As the voice of clean athletes who want to deter doping in sport, the Athletes Commission believes handing out 4-year suspensions in aggravated cases would go a long way and could be quite effective in deterring doping.

B Sample

The FIS Athlete's Commission's strongly opposes eliminating the B sample, which will be discussed by the WADA Executive Board in the autumn, in order

to protect the athletes in cases where there is a remote possibility that the A sample is positive but the B is negative.

Athletes Declaration

In regards to the following section of the Athletes Declaration:

“I will conduct my own inspection of training and competition courses. I will immediately notify the jury of any safety concerns I may have. I understand that I am responsible for the choice of the appropriate equipment and of its condition, for the speed at which I race and for the selection of my line through the course.”

Because it is the personal responsibility of the athlete to notify the jury of any concerns he or she has about the course and/or conditions of the race, the Athletes Commission recommends the adoption of a standard procedure that allows the athlete to officially submit his or her concerns in writing, potentially using a standard form that is submitted to the FIS as part of the TD report following each World Cup competition.

This procedure should be determined separately by the Sub-Committee for Rules and Controls from each discipline to be included in the ICR.

15. Nomination of FIS Committee Members

On proposal of the respective National Ski Associations the Council appointed the following persons as Committee Members for the remaining period 2010 – 2012:

Ski & Snowboard Australia

- **Steve Brown** as member of the Snowboard Committee, filling the open position
- **Lachlan Clark** as member of the Alpine Conference, replacing Eric Henry; as member of the Sub-Committee for Classification of Alpine Racers, replacing Cliff Mason; as member of the Sub-Committee for Alpine Youth and Children's Questions, replacing Jeff Books; as well as member of the Sub-Committee for Australia/New Zealand Cup, replacing Eric Henry
- **Brad Wall** as member of the Sub-Committee for Alpine Rules and Control of Competition, replacing Eric Henry; as member of the Conference of the Sub-Committee for Alpine World Cup, replacing Scott Sanderson; as well as member of the Sub-Committee for Australia/New Zealand Cup, replacing Cliff Mason

The Canadian Ski and Snowboard Association

- **Philippe Bernier** as new Inspector in the Sub-Committee for Alpine Courses
- **Martin LeRichelière** as new inspector in the Sub-Committee for Alpine Courses
- **Peter Bosinger** as member of the Sub-Committee for the Alpine World Cup, replacing Patrick Riml
- **Dusan Grasic** as member of the Sub-Committee for Nor-Am Cup, replacing Patrick Riml
- **Dan Gallagher** as member of the Sub-Committee for Nor-Am Cup, replacing Bruce Hamstead
- **Robert Joncas** as member of the Sub-Committee for Snowboard and Freestyle Youth & Children's Questions, replacing Tom McIlfaterick

The Czech Ski Association

- **Norbert Pelc** as member of the Sub-Committee for Popular Cross-Country, replacing Jan Klenor
- **Marcel Zachveja** as member of the Conference of the Freestyle Committee, replacing Alex Valenta
- **Petr Seidl** as member of the Committee for Masters Racers, replacing Simon Mastny

The French Ski Federation

- **Jean-Luc Magnet** as member of the Committee for Grass Skiing, replacing Peter Garwood

The German Ski Association

- **Franz Steinle** as member of the Legal and Safety Committee, replacing Gerhard Dambeck
- **Helmuth Herdt** as member of the Freestyle Committee, replacing Enno Thomas

The Ski Association of Japan

- **Yukata Minemura** as member of the Sub-Committee for Jumping Hills, replacing Kyoichi Omori and as member of the Jumping Sub-Committee for Officials, Rules and Control, replacing Chiharu Saito
- **Kiyotaka Kato** as member of the Sub-Committee for Alpine Youth & Children's Questions, replacing Mikio Katagiri and as member of the Sub-Committee for Masters Racers, replacing Michihiko Nakamura

- **Evgeny Frey** as new member of the Sub-Committee for Jumping Hills

- **Nikolay Petrov** as new member of the Jumping Sub-Committee for Officials, Rules and Control
- **Evgeny Vashurin** as new member of the Jumping Sub-Committee for Calendar Planning
- **Andrey Vorobiov** as new member of the Jumping Sub-Committee for Equipment and Development
- **Stephen Fearing** as new member of the Freestyle Sub-Committee for Rules and Officials
- **Naralia Ovchinnikova** as new member of the Legal and Safety Committee

The United States Ski and Snowboard Association

- **Bob Gross** as member of the Sub-Committee for Popular Cross-Country, filling the open position of USA
- **Todd Schirman** as member of the Sub-Committee for Snowboard and Freestyle Youth and Children's Questions, replacing Dick Coe
- **Patrick Riml** as member of the Sub-Committee for Alpine Youth & Children's Questions, replacing Walt Evans

Timing Working Group

Federico Gori (ITA) is appointed as a new member of the Timing Working Group.

International Association of Ski Journalists (AIJS)

- **Gernot Mussner** as member of the Alpine World Cup Committee and as member of the Public Relations & Mass Media Committee, replacing in both Committees Robert Seeger

The Committee for European Questions

In September 2010 the European National Ski Associations were requested to propose members for the Committee for European Questions to be submitted to the FIS Council for its Meeting in November 2010 in Oberhofen. At its Meeting in Ljubljana, the Council nominated the following members:

Niklas Carlsson, SWE - Chairman
 Remigijus Arlauskas, LTU
 Jana Gantnerova, SVK
 Miho Glavic, CRO
 Klara Kaszo, HUN
 Stefan Krauss, GER
 Alexander Kravtsov, RUS
 Urs Lehmann, SUI
 David Loison, FRA
 Tzeko Minev, BUL
 Natalya Petkevich, BLR
 Josep-Maria Raméntol, AND
 George Ramishvili, GEO
 Peter Schröcksnadel, AUT
 Andreas Wenzel, LIE

Athletes Commission

The members of the FIS Athletes Commission were elected in 2009 for a period of 4 years. In the event that an athlete is really unable to continue with their duties due to a change of life circumstances, then the 2nd placed athlete in the election will replace them, subject however to confirmation by the FIS Council in view of the nationality rules that only one athlete per nation can be a member of the Athletes Commission.

After the retirement of the representative for Ski Jumping, Andreas Küttel (SUI) a new member for this discipline has to be nominated since he was the only candidate and therefore a new election will have to take place for the remainder of the period.

Furthermore it will be necessary to add a representative of the Ladies' ski jumpers.

The Council decided that since the next FIS World Championships are only held in 2013, an election will be organised during the World Cup season 2011/2012 (or Summer Grand Prix) for both positions.

Honorary Members of FIS Committees

Following their retirement as Committee Members, the Council elected the following honorary members of FIS Committees and thanked them for their many years of valued service for international skiing:

- Asle Bergström, NOR (20 years of service) – Sub-Committee for Alpine Courses
- Peter Lakota, SLO (41 years of service) – Sub-Committee for Alpine Courses
- Walt Evans, USA – Sub-Committee for Youth and Children's Questions
- Christian Knauth, AUT (18 years of service) – Committee for Public Relations and Mass Media

16. The International Ski Congress

16.1 The 48th International Ski Congress 2012 in Kangwonland (KOR)

The 2012 International Ski Congress is scheduled from 27th May to 2nd June 2012 at Highone Resort, Kangwonland (KOR).

A joint inspection by FIS and FIS Travel Service to Highone Resort, Kangwonland (KOR) took place at the end of March 2011. The construction is progressing well with the works scheduled to be finished in July 2011 and the resort open for operation in August.

The next visit will take place together in mid-October, at the same time as the inspection with the Candidates for the FIS World Championships. It is the intention to communicate the prices for the package arrangements in August 2011.

16.2 Report on the preparations for the 49th International Ski Congress in Barcelona (SPA) in 2014

At its Meeting in November 2011 in Oberhofen, the Council elected Spain with Barcelona at the Hotel Rey Juan Carlos I as host of the International Ski

Congress 2014. The necessary number of rooms for accommodation and meeting rooms have been contractually reserved with the hotel.

17. Any other business

New Zealand

For information: on request of Snow Sports New Zealand, the abbreviation code for New Zealand will be changed from NZE to NZL (the same abbreviation as used by the IOC) starting with the 2011/2012 competition season.

FIS Mission and Values

For information, the following text that will be illustrated and available in the three FIS languages will be published in a leaflet with the FIS Bulletin 2011:

The International Ski Federation (FIS)

Our story

FIS is the governing body for international skiing and snowboarding. Founded in 1924 during the first Olympic Games in Chamonix, France, the International Ski Federation (FIS) directs the development of all ski and snowboarding activities world-wide, as well as their promotion.

FIS is responsible for the Olympic disciplines of Alpine Skiing, Cross-Country Skiing, Ski Jumping, Nordic Combined, Freestyle Skiing and Snowboarding, including setting the international competition rules. It is the body recognised by the International Olympic Committee and carries out the technical organisation of the competitions in the six FIS disciplines at the Olympic Winter Games. Through its 112 member nations, more than 6'000 FIS ski and snowboard competitions are staged annually, each under the supervision of a FIS technical delegate.

Of the activities for recreational skiing and snowboarding, the Rules for Conduct are considered globally as the laws for the conduct on the pistes. Specific initiatives are undertaken by FIS to promote snow activities as a healthy leisure recreation, notably for the young.

The vision of FIS is for skiing and snowboarding to be the first choice winter sport and recreational activity.

Our mission - what FIS does

FIS is committed to the global promotion and development of recreational and competitive skiing and snowboarding.

A key role of FIS is to organise a structure of international competitions and create a pathway from national competitions through to the highest level of World Cup, World Championships and the Olympic Winter Games. It ensures coherence and consistency in managing the different disciplines.

FIS provides technical support to the Organising Committees to carry out top level competitions. It pursues activities to reduce serious injuries to the athletes, to have safe competitions and to have a no tolerance policy against doping

FIS has a long established policy limiting any negative impact on the environment in which the sport takes place, while seeking to ensure sustainability of skiing.

Extensive coverage of competitions in the media is designed to promote the sport as widely as possible, as well as seeking support from partners to invest in the sport. FIS' commercial activities are designed to generate resources to invest in the sport and support its global development. Significant financial support is distributed to the FIS member National Ski Associations to help develop their activities.

The goal of FIS is to stimulate persons from all walks of life, especially youngsters, to participate in this sport.

Our Guiding Principles

FIS is committed to being the best **organised** International Sports Federation with **dedicated** officials and a **sound administration** responsible for delivering **efficient** services and **developing** the sport. It strives to achieve this through:

1. Responsibility - recognising and protecting FIS as the global authority over the sport.

As the governing body for skiing and snowboarding the FIS officials and staff are entrusted with a duty for the global welfare of the sport and its impact on the community and are conscious of this high responsibility.

2. Respect - appreciating the key role of volunteers and athletes as well as the environment on which the sport depends

Countless persons, most of who are committed volunteers, are engaged and play a fundamental role in the sport organising competitions and other activities, including the work in FIS Committees.

FIS understands the impact its sport can have on the environment and works to ensure its protection.

3. Professionalism - managing the organisation effectively and efficiently

FIS is a service organisation committed to deliver the highest standards through dedicated, resourceful and enthusiastic staff who take great pride in working for FIS and who adhere to sound operational and administrative practices.

4. Cooperation - working with the obligation to exchange and share

A wide range of stakeholders including National Ski Associations, FIS Committee members and officials, Organising Committees, media, sponsors, suppliers and service providers, other sports organisations and public authorities contribute and give their input to all FIS activities.

5. Ethical values - upholding the highest standards of conduct

6. Being transparent in providing information about FIS as an organisation and its work and behaving in accordance with the highest ethical principles as defined in the FIS Code of Ethics.
7. Communication - getting the message across
8. Providing proactive and responsive information within the organisation and to all stakeholders, as well as issuing news, information and stories to promote the sport, events and activities to all available media channels
9. Forward thinking and visionary - Youth is the future
10. Adapting activities to meet the needs of tomorrow's skiers and snowboarders and embracing new ideas while making use of the latest communication and networking channels.

18. Next Meetings

The Council Meeting in autumn 2011 will be held on Monday 7th November in Oberhofen in accordance with "the Fritz Wagnerberger policy" decided by the Council to organise the autumn Meeting at the at the FIS Headquarters.

The Council acknowledged that the FIS Calendar Conference 2013 will be held in Dubrovnik (CRO) on invitation of the Croatian Ski Association.

At the conclusion of the Council Meeting in Ljubljana, Vice-President Yoshiro Ito expressed the appreciation of the Ski Association of Japan for the kind words of support and generous assistance they had received following the disaster on 11th March 2011.

* * *

Proposals of National Ski Associations and Technical Committees, etc. for the spring meetings have to be sent to the FIS Secretary General before 10th October 2012.

Should you have any further questions in regard to the decisions of the FIS Council, please do not hesitate to contact the Secretary General.
